CHARLOTTETOWN BOOT AND SHOE FACTORY.
—O—
SPRING, - - - 1887 - - - SPRING.

WE must thank our friends and the public generally for their ever increasing patronage since we have commenced business. Our Boot & Shoe Factory, in starting, had many difficulties to overcome, and we are glad that to-day those difficulties have been surmounted, and we are now well able to compete with the best Boot and Shoe Factories abroad. Some of the advantages purchasers have in buying from us, saving of freight, ordering goods when you want them (not six months before), getting them without delay—which saves carrying a large stock which deteriorates on the shelves. Our leathers are bought directly from the tanneries, thereby saving commissions which many factories have to pay. We are more determined than ever to give the
BEST OF SATISFACTION
and to merit the whole of the Island's patronage.
We hope to see many new industries arise, thereby increasing the prosperity of the "Gem of the Sea."

Cardigan Notes.

The annual school meeting at Cardigan Bridge School was attended by a great number of ratepayers. Mr. John J. Campbell was appointed Chairman.

Hugh L. Macdonald, Esq., M. P. P., was appointed a Trustee in place of Wm. P. Lewis, Esq., J. P., whose term of office had expired.

The Secretary of Trustees, Mr. John Parker, submitted his accounts and report for the past year, which were approved of, and great praise was given Mr. Parker for the excellent manner in which the accounts were kept.

The school at Cardigan Bridge is making rapid progress, and Mr. Montgomery, Chief Superintendent of Education, in his report for 1886, page 53, says:

"CARDIGAN—Isabella Dewar, Principal—This School has made considerable progress since it was graded. The new building in this district is a great credit to the Trustees and other ratepayers. The furniture is good, and altogether it is one of the best in the County."

The Principal, Miss Dewar, having resigned, the Trustees were instructed to obtain a first-class or Grammar School Teacher, and a liberal supplement was voted for both the Principal and the Assistant Teacher. Other business having been transacted the meeting adjourned.

Shipping is active at Cardigan this summer. The schooner Cardigan sailed for St. Pierre on the 22nd inst. with a cargo of cattle, potatoes, etc., shipped by James E. Macdonald, Esq. The schr. Wave has been loaded this week with potatoes and oats by Mr. Wm. Minto. The schr. Emma Proctor is fitting out for a trading voyage, and two small schooners with lumber are in port. James E. Macdonald, Esq., has a vessel of about 150 tons in frame that appears to have an excellent model.

Great interest is taken in the Tea Party to be held near Cardigan Station on Friday, July 1st inst. (Dominion Day.) An active committee of ladies and young men have the affair in charge, and all persons attending may be sure of having a good time. The Jubilee Baby Show is the principal subject of discussion, the merits of the rival babies eliciting some lively disputes. Every one should come and see the first baby show ever held on this Island. The celebration of the Jubilee in Charlottetown will be nothing like as interesting.

Mr. Lemuel T. Owen, Agent of the Canada Pacific Railway at Emerson, Manitoba, is on a visit to his friends here. Mr. Owen is not in very good health, and has obtained some months leave of absence to recruit. Previous to his leaving Emerson, he was presented with an address, and a very fine gold mounted ebony walking stick as an evidence of the satisfaction he had given in the discharge of his official duties.

June 23.

In Brief, And to the Point.

Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature.

The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order.

Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspeptics.

But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy.

Remember: No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.

The Girls Who Works:

The girl who works—God bless her! She is brave and active. She is not too proud to earn her own living, nor ashamed to be caught at her daily task. She is studious and painstaking, and patient. She smiles at you from behind counter or desk. There is a memory of her seen into each silken gown. She is like a beautiful young mountaineer already far up the hill, and the sight of her should be a fine inspiration for us all. It is an honor to know this girl—to be worthy of her regard. Her hands may be stained with factory grease or printers' ink, but it is an honest hand and a helping
