### Local and Other Items.

NOT ABATING.—Mail advices from Newfoundland report no abatement of the diphtheria epidemic.

IT IS a great misfortune for the young and middle-aged to be gray. To overcome this and appear young, use Hall's Hair Renewer, a reliable panacea.

OATS.—The New Glasgow Enterprise says: The schr. Martha, West River, P. E. I., with a cargo of splendid black oats for A. C. Bell and Jenkins & Co., is unloading at the public pier.

AN EXPENSIVE OMISSION.—At St. John, on Friday last, Captain Stafford, of the ship Dreadnaught, paid a \$400 fine imposed upon him for not reporting his vessel when he entered port.

EXHIBITION MEETING.—A meeting of the Commissioners for managing the King's Co. Exhibition, 1889, will be held in the Court House at Georgetown on Thursday, June 20th inst., at 11 o'clock a. m.

FIREMEN'S TOURNAMENT.—We understand that it has been decided to hold a firemen's tournament in connection with the approaching summer carnival in Halifax. The programme will appear in short.

FOR a long time I had no appetite, was restless at night, and very much debilitated. After taking two bottles of Ayer's Sarsaparilla my strength and appetite returned, and my health was completely restored."—D. M. Fisher, Oswego, N. Y.

EARLY RYE.—The New Glasgow Enterprise reports that Robert Murray, of Bay View, recently showed him a bunch of rye of this season's growth which measured five feet eight inches. Con. Dwyer of Pictou who saw it says "it beats California."

THE BEAVER DISABLED.—The steamer Beaver, which lost her rudder and stern post as the result of grounding off All Right Island (Magdalen's) during a thick fog on Tuesday night last, is now on the slip at Pictou undergoing repairs.

NEW MINISTERS.—Last week the Presbytery of Pictou ordained three young ministers and the Presbytery of Lunenburg and Shelburne ordained two. Four were inducted into important pastoral charges, and one has charge of an important and promising mission field.

BAD FOR THE TREES.—It is said that caterpillars have wrought sad havoc among the trees in the vicinity of Wolfville, N. S. Last year these pests caused considerable damage, but this year they have begun their work of destruction earlier and in greatly augmented numbers.

CHURCH WORK ELSEWHERE.—Here is an item from the Choctaw, Ala., Herald: We are requested to say to the men of this place that on the top of the bell at the church on Saturday evenings, before the second and fourth Sunday in each month, they are solicited to attend and assist the young ladies in cleaning the lamps and church for service the next day.

CATTLE SHIPMENT.—The Summerside Agriculturist says: On Saturday morning Mr. John Avard shipped 19 head of cattle to Mr. John McDonald, St. John, and a pair of three-year-old twin steers to Mr. D. Keefe, of the same city. The steers were very handsome, being marked alike, weighing about 1200 pounds each, and in excellent condition. They were raised by Mr. Oliver Muttart, Cape Traverse. Mr. Keefe shipped three head by the same boat.

FOOLISH YOUNG MEN.—The career of a number of young men at Sackville, N.B., who had evidently been reading dime novels and hankered for fame, has been suddenly terminated by their committal for trial at the supreme court. They were armed with revolvers when arrested, and possessed a varied stock of keys. For several weeks past they had burglarized and stolen promiscuously, and as the evidence showed had laid their plans for waylaying, assaulting and robbing citizens at night.

ANOTHER CYCLONE.—Advices from Wichita, Kan., state that on Friday last that section was visited by the most severe storm known for years. The western part of Sedgewick Co., to the eastern part of Kingman Co. suffered the most, where a space 20 miles long by 5 miles wide was swept over by the cyclone. A farmer named Rogers and all the members of his family were killed. The heavy rain was followed by hail which laid low the grain and fruit crops. In West Sedgewick County many houses and barns and acres of the crops are levelled to the ground.

THE SUMMER TIME TABLE.—For the convenience of the public we condense the hours of departure and arrival of trains (local time):

BREACH OF PROMISE.—TRURO is just now agitated over a sensational breach of promise suit. It appears that some thirty years ago, Captain George Campbell became engaged to Esther Fletcher. They were not married, but a child was born to them. He held out the hope that he would marry her, acknowledged the child and provided for his education. Miss Fletcher remained faithful and hopeful through all the years' but the marriage never came off. Campbell amassed wealth, and last year made up his mind to marry. He married, not Miss Fletcher, but a widow, named Corbett, hence the present suit for damages.

The Shah of Persia will be accompanied to England by seven generals, who will act as aides-de-camp, seven chamberlains, fourteen domestic servants—cooks, bearers, washers, etc.—three cabinet ministers, and his doctor, a Frenchman.

### City Council Meeting.

THE regular monthly meeting of the City Council was held last evening. There was a full attendance of members. After routine, the correspondence received since last meeting was submitted.

The letter from the School Board intimating that Mr. Donald Farquharson's seat as a member of that Board would be vacant after the third Tuesday in June, and asked that the necessary appointment be made. Mr. Farquharson was re-appointed.

The Chairman of the Hillsborough Square Committee, in his communication, related the improvements that had been made in the matter of beautifying the Square within the past few weeks, and asked that the Board instruct the City Surveyor to have the fence whitewashed. It was decided that the Street Committee attend to the whitewashing of the fences surrounding Hillsborough and King Squares as soon as possible.

The bill of Messrs. Davies & Sutherland, for business transacted for the city from 1886 to date, amounting to \$215.48, but which had been revised and taxed by the Recorder, as a result of which it was reduced to \$163.48, was referred to the Finance Committee.

The memorial from Charles Davy, asking compensation for certain losses sustained as a result of having his premises quarantined during the prevalence of scarletina in his house, was referred to the Recorder for an opinion as to the responsibility of the city in the matter.

Robert Bridges' memorial contradicted the report made by Sanitary Officer McRae, some weeks ago, as to the existence of an alleged nuisance on his (Bridges') premises, and intimated that personal spite was at the bottom of said report. Referred to the Street Committee.

Mr. A. F. Tomlins, Clerk of the Stipendiary Magistrate's Court, asked for leave of absence for two months because of failing health. A resolution asking that the prayer of the petitioner be granted, and that his salary be continued during his holiday, was defeated by a vote of 6 to 4.

The letter of Mr. Hurd Peters, C. E., of St. John, to Mr. F. T. Newberry, recommending asphalt instead of wood for sidewalk purposes, was referred to the Street Committee.

On motion of Councillor Morris, the Finance Committee was given power to purchase not more than 1,000 feet of hose for the use of the Fire Department.

On motion of Councillor Morris, the Water Commissioners were given the necessary power to supply persons living outside city limits with water.

After Mr. John Bolger had been heard in reference to the defective drainage in and about his premises on Water Street, and some necessary repairs were ordered to be made, providing the cost did not exceed \$100, the meeting adjourned.

### Fashionable Wedding.

An English paper reports: The wedding of Mr. Arthur L. M. Swabey (the youngest son of the late Mr. Stephen Swabey, of Prince Edward Island, Canada), of Cowpen, Northumberland, and Miss Gertrude Elizabeth Elaine Breton Broster (youngest daughter of the late Edward Breton Broster, Fleet Surgeon, R. N.), was celebrated at St. Andrew's Church, at two o'clock, on Wednesday afternoon last. The service was fully choral. The bride, who was given away by her uncle, Captain Robertson Shersby, R. N., was met at the entrance to the church by the choir. She wore a dress of white silk trimmed with orange blossoms, a tulle veil, and a pearl brooch, the gift of the bridegroom. She carried a lovely bouquet of roses, lilies of the valley, stephanotis, etc. The bridesmaids, Miss Broster (sister of the bride), and Miss Mary A. Swabey (sister of the bridegroom), were attired in cream soie-de-chuie with panels of lace and had white hats trimmed with white ribbon and lilies of the valley, and each wore a gold bangle and carried a beautiful basket of flowers, the gifts of the bridegroom. Mr. Swabey, of Langley Marsh, Bucks, was best man. The Rev. Angus Clerk, vicar of St. Paul's, assisted by the Rev. F. E. Murphy, officiated. Mrs. Breton Broster held a reception during the afternoon at 15, Green Park, the residence of Miss Hollis, the guests numbering over 80, and including Mrs. Stephen Swabey, Captain and Mrs. Robertson, Shersby, Miss C. ### Personal.

Senator Frye, of Maine, and Mrs. Frye, are at the Restigouche on a fishing trip.

Mr. Norman A. Currie has been home on a short visit. He left this morning for Pictou, to take a position on the engineer staff of the S. S. Stanley.

Rev. J. McL. McLeod left yesterday morning for his new field of labor in British Columbia. Mrs. McLeod and family will not leave until autumn.

Sir Charles Tupper was presented at the levee to the Prince of Wales by the Marquis of Salisbury on his creation as a baronet. He met at the levee the new United States minister, Mr. Lincoln.

The Pioneer says: Dr. Alder Muttart one of our successful Islanders abroad, formerly of Alberton, but now practicing in Jersey City, came over to the Island by the St. Lawrence last Thursday on a visit. Dr. Muttart studied for some time with Dr. Carruthers of Summerside.

Prof. Saunders, of the Dominion Experimental farms, is to visit the Island next month. ### The Johnstown Disaster.

LATE NEWS FROM THE VALLEY OF DEATH.

JOHNSTOWN, Pa., June 8.—The day opened with heavy rain, air chilly, and the valley where so many had lost their lives presented a most desolate scene. While the rain was far from pleasant to the workers and helpers, certainly it is providential that cool weather is continuing, as it prevents the much dreaded decomposition of human bodies yet uncovered, and thousands of animals that perished in the flood.

DUBLIN, June 8.—Lord Mayor Sexton has cabled to America £1,000 for the relief of the Johnstown sufferers.

NEW YORK, June 8.—An official of the Pennsylvania Railway Company states that the company's loss in property destroyed by the flood and by suspension of traffic will reach \$13,000,000. The first train over the road for Chicago left Jersey City last evening.

CUBA, N. Y., June 8.—The reservoir at this place is leaking, and water is being drawn off through outlets to prevent a break in the main.

OLEAN, N. Y., June 8.—The largest artificial body of water in the United States is situated 982 feet above Olean, and is said to be liable to give way at any moment. It was formerly used to feed the old Genesee Valley Canal, but is now merely a sportsman's paradise. The reservoir is one-third larger than the Conemaugh reservoir, and there is no reason why it should not be abolished at once. About ten years ago this dam burst, flooding the valley for a distance of 150 miles.

### On Her Muscle.

AN ISLAND WOMAN IN MONCTON DOES UP A TRAMP IN GRAND STYLE.

Says the Moncton Times of yesterday's date: Mrs. Norman McKendrick, an aged widow lady who keeps a boarding house at the corner of Main and Cameron Streets, while alone in her house on Saturday evening about 20 o'clock, responded to a knock at the door and was met by a surly-looking man, who she says would weigh about 200 pounds. He was unshaven and had a dissipated appearance. He was slightly under the influence of liquor, and when he got a cup of coffee and cold meat he demanded half a dollar, which was refused, whereupon he commenced to swear and threaten to search the house. Mrs. McKendrick, who has seen tramps before, ordered him to leave her house, which he refused to do, and replied that he would go when he got ready. But a Scotch woman couldn't stand any lingo like that, and Mrs. McK., reaching into a pantry where she kept her kindlings, etc., produced a hatchet and dealt the drunken scoundrel a sound blow on the head, which felled him to the floor, after which she chastised him with the family broomstick in such a manner as to cause him to beg for forgiveness, as well as stain her kitchen floor with his worthless blood. Mrs. McKendrick is 67 years of age, as smart as a girl of fifteen years, and declares by her "Jimmy Johnson" that while she has her health and strength no tramp will ever take charge of her house. Mrs. McKendrick is a native of P. E. Island, a place where, she says, they raise brave women.
