VARIETIES.

I CANNOT PRAY FOR FATHER ANY MORE.—She knelt, at the accustomed hour, to thank God for the mercies of the day, and pray for care through the coming night; then, as usual, came the earnest, "God bless dear mother, and" —but the prayer was stilled! the little hands unclasped, and a look of agony and wonder met the mother's eye, as the words of hopeless sorrow burst from the lips of the kneeling child, "I cannot pray for father any more!" Since her little lips had been able to form the dear name, she had prayed for a blessing upon it; it had followed close after mother's name, for he had said that must come first; and now to say the familiar prayer, and leave her father out! No wonder that the new thought seemed too much for the childish mind to receive.

I waited for some moments that she might conquer her emotion, and then urged her to go on. Her pleading eyes met mine, and with a voice that faltered too much almost for utterance, she said "O mother, I cannot leave him all out; let me say, 'thank God that I had a dear father once!' so I can still go on, and keep him in my prayers." And so she always does, and my stricken heart learned a lesson from the loving ingenuity of my child. Remember to thank God for mercies past, as well as to ask blessings for the future. W.

Some years since, three Indians in the neighbourhood of Green Bay, became converts of temperance, although previously surpassingly fond of the "brain thief." Three white men formed the charitable resolution of trying to draw them back. Placing a canteen of whisky in their path, they hid themselves in the bushes to observe the effect. The first Indian recognized his old acquaintance with an "ugh!" and, making a high step passed on. The second laughed, saying "Me know you," and walked round. The last one drew his tomahawk and dashed it in pieces, saying, "Ugh! you conquer me, now I conquer you."

THE GOOD WIFE.—She commandeth her husband in any equal matter, by constantly obeying him. It was always observed that what the English gained of the French in battle by valour, the French regained of the English by cunning in treaties. So if the husband should chance by his power, in his passion, to prejudice his wife's right, she wisely knoweth, by compounding and complying, to rectify it again.

She keeps home if she have not her husband's company or leave for her patent to go abroad. For the house is the woman's centre.

Her clothes are rather comely than costly, and she makes plain cloth to be velvet by her handsome wearing it. She is none of our dainty dames, who love to appear in variety of suite every day new, as if a good gown, like a stratagem in war, were to be used but once.

Her husband's secret she will not divulge. Especially she is careful to conceal his infirmities. If he be none of the wisest, she so orders it that he appears on the public stage but seldom, and then he hath conned his part so well that he comes off with great applause.

In her husband's sickness she feels more grief than she shows. Partly that she may not dishearten him, and partly because she is not at leisure to seem so sorrowful that she may be the more serviceable.

The heaviest work of her servants she maketh light by orderly and seasonable employing it. Wherefore her service is accounted a perferment, and her teaching better than her wages.

THE IRISH NEGRO.—A negro from Montserrat, or Marigalente, where the Hiberno Celtic is spoken by all classes, happened to be on the wharf at Philadelphia, when a number of Irish emigrants were landed; and, seeming one of them with a wife and children, he stepped forward to assist the family on shore. The Irishman in his native tongue, expressed his surprise at the civility of the negro, who, understanding what had been said, replied in Irish, that he need not be astonished, for that he was a bit of an Irishmen, surprised at hearing a black man speak his Milesian dialect, it entered his mind, with the usual rapidity of Irish faucy, that he really was an Irishman, but that the climate had changed his complexion. "If I may be so bold, my dear honey," said he, "may I ask how long you have been in this country?" The negro, who had only come hither on a voyage, said he had been in Philadelphia only about four months. Poor Pat turned round to his wife and children and looking as if for the last time on their rosy cheeks, concluding that in four months they also must change their complexion, exclaimed. "Oh, merciful powers; Biddy did you hear that? he has not been more than four months in this country, and he is already almost as black as jet."

DR. CHALMERS' WORKS.

[*"To commend these works is superfluous; they have met with universal approbation from the British press and public. That the periodical press, representing so great a variety of religious and political opinion, should have so generally noticed them, and that too with high commendation, is a circumstance exceedingly rare, if not altogether unparalelled. They have charms for the merely literary man, and they will obtain a hearing for evangelical truth in quarters from which it would otherwise be excluded."*]—*Kitto's Journal.*

The Wonder of the World!

Devines' Compound Pitch Lozenge.

THE Great Remedy is at last discovered, and COUGHS, COLDS, ASTHMA. COSTIVENESS AND CONSUMPTION have lost their terror, and vanish as as if by magic before this Sovereign remedy. Was it ever before known that, *Hopeless cases of Consumption were crred for less than $5?*

Truly, if any individual is to be pitied, and needs sympathy, it is the consumptive,—always expecting to get well, and yet the painful evidence of decay almost "makes the inner soul shrink with the outer flesh."

"Some bloom as roses bloom,
And live as roses live,
A single morning space!"

While others, in more mature life,—by some imprudence and a slight cold neglected,—in the hectic flush, the painful cough,

"The prints of their parting steps appear."

All we ask is this one question:—If you have got mucous membranes, or any other members of the body that are "heirs to ills."—are you not interested n this *great remedy,* DEVINES' COMPOUND PITCH LOZENGE

Twelvetrees Brothers' Soap Powder

(an entirely new invention.)

IS the cheapest, safest, best, and most effectual article for all washing purposes, a packet of which is equal to ten Pennyworth of Soap!

The saving of Time and Labour is so astonishingly great, that a WEEK'S WASH can be accomplished BEFORE BREAKFAST —no rubbing being required.

This wonderful Article is MORE SERVICEABLE THAN SOAP, as it produces a better and much quicker lather, and is adapted for purposes for which Soap cannot be safely or effectually used.

It will not injure the hands, or the most delicate material; but whilst it is incomparable for permanently whitening Linens, &c., after they have become discoloured by age, or injured by bad Washing, it is also unsurpassable for improving the colors of FLANNELS, BLANKETS, WOOLLENS, COLORED PRINTS, MUSLIN and LACE. The Renowned Remedy!

HOLLOWAY'S OINTMENT.

A MOST ASTONISHING CURE OF SCROFULOUS ULCERS—A CASE CERTIFIED BY THE MAYOR OF BOSTON.

Copy of a Letter from J. Noble, Esq., Muyor of Boston, Lincolnshire.

To Professor HOLLOWAY,

Dear Sir,—Mrs. Sarah Dixon, of Liquorpond street, Boston, has this day deposed before me that for a considerable period she was severely afflicted with Scrofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body; and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse.

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By persevering with the medicines for a short time longer, according to the directions, and strictly adhering to your rules, as to diet, &c, she was perfectly cured, and now enjoys the best of health.

I remain, Dear Sir, yours truly,
(Signed) J. NOBLE.

Dated August 12th, 1852.

AN EXTRAORDINARY AND RAPID CURE OF ERYSIPELAS IN THE LEG, AFTER MEDICAL AID HAD FAILED.

Copy of a Letter from Mrs. Elizabeth Yeates, of the Post Office, Aldwick Road, near Bognor, Sussex, dated January 12th, 1853.

To Professor HOLLOWAY,

Sir,—I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great, and I quite despaired of any permanent amendment, when I was advised to have recourse to your Oinrment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my leg and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighborhood similarly afflicted, who derived equal benefit.

I am, Sir, your obliged and faithful Servant,
(Signed) ELIZABETH YEATES.

A DREADFULLY DISEASED ANCLE CURED AFTER BEING GIVEN UP BY THE FACULTY, AT MALTA AND PORTSMOUTH HOSPITALS.

The following important communication has been forwarded to Professor Holloway for publication, by Mr. B. Dixon, Chemist, King-st., Norwich.

Copy of a Letter from Captain Smith, of Great Yarmoulh, dated January 19th, 1853.

To Mr. DIXON,

Dear Sir,—I send you the particulars of a cure effected by Professor Holloway's invaluable medicines:—Mr. John Walton, late in Her Majesty's Service, in the British Fleet at Malta, had a very bad ulcerated ancle, and after having been in the Malta Hospital for six months, was sent to England as an invalid to Portsmouth Hospital, where he remained an inmate four months, there, as at Malta, refusing to have the limb amputated, he was turned out incurable. He then came to Yarmouth, and was under a medical gentleman for about three months, but his ancle became so much worse that all hope was lost. At this period, by my advice, he tried Holloway's Ointment and Pills, which, by unremitted application, healed all the ulcers, and restored him to perfect health and strength.

I remain, Dear Sir, yours very truly,
(Signed) JOHN SMITH.

SURPRISING CURE OF A BAD BREAST, NERVOUS DEBILITY, AND GENERAL ILL HEALTH.

Copy of a Letter from Mr. T. F. Ker, Chemist, &c., Lower Moss-lane, Manchester, dated February 12th, 1853.

To Professor HOLLOWAY,

Dear Sir,—I have great pleasure in forwarding to you the particulars of a very extraordinary cure of a bad breast, effected solely by the use of your celebrated Oistment and Pills. Mr. Martha Bell, of Pitt-street, in this town, had been for a considerable time laboring under nervous debility, loss of appetite, and general ill health, occasioned by ulcerated wounds in the breast. She had had much experience in the use of all the known remedies for the cure of ulcers, but without any beneficial result; in fact she had nearly lost all faith and hope of a cure being effected. In this distressing and painful condition of body and mind, she was persuaded to have recourse to your invaluable Ointment and Pills, which she immediately did, and in the course of a very short time the effect produced was most astonishing; her appetite was speedily improved, and the sores and ulcers in the breast gradually healed, and the nervous excitement of her system was wholly removed.

I remain dear Sir, yours faithfully,
(Signed) T. FORSTER KER.

The Pills should be used conjointly with the Ointment in most of the following cases:—

Bad Legs	Cancers	Sore-throats
Bad Breasts	Contracted and Stiff	Skindiseases

AYER'S PILLS.

FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

THERE has long existed a public demand for ar effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical *pill,* but not easy to make the best of all *pills*—one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These *pills* produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Listlessness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As an aperient, they afford prompt and sure relief in Costiveness, Piles, Colic, Dysentery, Humors, Scrofula and Scurvy, Colds with soreness of the body, Ulcers and impurity of the blood; in short, any and every case where a purgative is required.

They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appetite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, renovate the strength of the body, and restore the wasted or diseased energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but unnecessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are once known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine.
