

VISITORS TO THE Grand Bazaar

Should make it a point to call at—
The Great Watch House.

Here you will see a large and beautiful stock of watches, some with solid gold cases, set with diamonds, some with gold-filled cases that are gems of art, and others with solid silver cases, exquisitely ornamented and engraved.

All marked in plain figures and marked low.

We are now opening a very pretty line of Jewelry, we shall be very pleased to show you all that is new when you call.

More than 2000 Families in Halifax and Dartmouth use Sunlight and Lifebuoy Soaps

exclusively in their homes, and all say they would not have any other kinds.

This information is correct having been gained by competent and trust-worthy advertisers, leaving samples at every house and making careful enquiries.

These families never knew what pure SOAPS meant, until they tried SUNLIGHT and LIFEBOUY.

Why should not others learn and be healthier and happier for the learning.

Price is only 5c for large twin bar.

Watch Attention

That will cause your watch to mark the hours and minutes exactly.

As you value your time piece, do not allow it to run on without attention from year to year. Such treatment will soon ruin the finest watch.

It's economy to have it examined at regular intervals. I am sure I can do it to your satisfaction.

A Pathetic Portrait.

There is a peculiar portrait in Washington which has created much interest among those who know of its existence. Its peculiarity is that every year it has been changed to show the changes which time would have made in the original. The portrait is by a Washington artist and is that of his wife and was painted many years ago when she was a young bride. A few years after the portrait was painted the young wife died, and so great was the grief of the artist that he determined to keep her likeness with him all the time, and to do so he decided that year by year he would change the portrait so as to make it grow old with him.

Every year, on the anniversary of his wedding day, the artist locked himself in his studio and changed the lines of the face of the portrait, adding what he thought would make the difference of one year. There have been many anniversaries of that marriage day and consequently many changes in the portrait. Today the picture is that of an old woman, the hair turned gray, the face wrinkled and pale, but still beneath the marks of time, as made by the brush of the artist, can be seen the early beauty of the bride and the attractiveness of the young woman.—Washington Letter.

A Strange Marriage Custom.

It was an old idea that a husband, whose wife at her marriage was clothed only in a sheet, or in the most elementary linen garment, was not in any way liable for the debts previously contracted by her. Our parish registers and local traditions give us ample illustrations of this quaint idea. At Chiltern All Saints', Wiltshire, is the following entry: "John Bridmore and Anne Selwood were married October 17th, 1714, the aforesaid Anne Selwood was married in her smock, without any clothes or headgear on." Similar cases occurred at Gorton Green in 1738, at Ashton-under-Lyne in 1771, and at Otley in 1808.

The latest example of which the present writer knows comes from Lincolnshire. The register of Gedney has this commonplace entry: "Dec. 2nd, 1842, David Wilkinson, full age, bachelor, labourer, of Gedney," to "Susan Farran, full age, widow, of Gedney." Local tradition supplements this brief account by relating that the bride was dressed in a sheet, stitched about her, with holes cut for the passage of her bare arms.—"Love and Legend of the English Church."

Clean Barber Shops.

There is not the slightest doubt that the average barber shop is a means of disseminating many affections which a little attention to aseptis could easily prevent. Many forms of alopecia are due to parasitic organisms which are probably acquired most frequently through the unclean interventions of the barber. Some ready method of disinfecting his tools of trade should be devised and its use thoroughly enforced. The towels should invariably be boiled after use, instead of the perfunctory dampening and ironing which is commonly employed. If such measures were taken and insisted on, under suitable penalty, trichophytosis and kindred ailments would become rare indeed and our dermatologists would miss many of the most annoying and persistent affections which they are now compelled to treat.—International Journal of Surgery.

Sometimes it seems to a weary woman that she must certainly give up. The simplest and easiest work becomes an almost insurmountable task. Nervousness, sleeplessness and pain harass her and life seems hardly worth the living.

Dr Pierce's Favorite Prescription was made for her. Dr Pierce's Golden Medical Discovery was made for her. The former is for ills distinctly feminine, the other for general system. Together they supply a scientific and successful course of treatment. The "Favorite Prescription" restores healthy, regular action to the organs distinctly feminine. It forces out all impurities, strengthens the tissues, allays inflammation. The Golden Medical discovery makes appetite, helps digestion, promotes assimilation, fills out the hollows in cheeks and neck with good solid flesh and brings back the glad some glow of girlhood.

HANDS OFF

Sir,—It is out. The lad at Morell is trying his hand in our affairs—and gratis too. Thanks, but we don't require your services as we are quite satisfied with our post office and the officials thereof. We don't want any change as there is no change that would be any improvement. Our advice is "hands off our affairs"—mind your own and save trouble. Of course you are mocking underhanded as usual but the cloven hoof is visible. Your characteristics are too well known to work off your little bluff game. This is our affair. So hands off!

It is Easy to Love

Your neighbor as yourself when your neighbor is a pretty girl. It is just as easy to cure yourself of Catarrh, Bronchitis or Asthma, if you use Catarrhazone, the new medicated air treatment for all diseases of the nasal and respiratory passages caused by germ life. Catarrhazone cures by inhalation without danger or risk to the sufferer. It goes wherever air can go and never fails to reach the affected parts. This is why it excels treatments requiring the use of sprays, douches, powders, ointments, &c. which cannot reach the seat of the disease and are therefore useless. For sale at all druggists, or direct by mail, price \$1. Send 10 cents in stamps to N. C. Polson & Co., Manufacturing Chemists, Kingston, Ont., for sample outfits.

So much depends upon the purity of the blood that by taking Hood's Sarsaparilla many different diseases are cured
