

Rear-Admiral Pays Visit To Pearson

CHESTER, N.S. (CP)—Rear-Admiral Jeffrey V. Brock, retired former naval vice-chief of staff, called on Prime Minister Pearson recently to assure Canada's armed forces they will be consulted before legislation unifying the three armed forces comes into effect. He made the comment in a statement referring to a message issued earlier in the day by Gen. J. V. Allard, chief of defence staff, that a direct line of communication between himself and the commander of the Canadian Maritime forces will be set up and officers and men of the armed forces will be given a chance to comment before legislation unifying the three forces comes into effect. Admiral Brock's statement said: "I hope that Gen. Allard is speaking with the full approval of the minister of national defence and not trying to dictate government policy. It seems to me that the present atmosphere of crisis can only be dispelled by similar assurances from the prime minister himself, because it is abundantly clear that neither Mr. Healey nor his close supporters have succeeded in establishing military confidence in present leadership."

Judge Wells To Present Spy Report

TORONTO (CP)—Mr. Justice Dalton Wells of the Ontario Supreme Court has said the report of his one-man commission into the handling of the George Victor Spencer spy case will be presented to the federal cabinet shortly. He said in an interview he has been told the report is being printed but he was unable to give a definite date for its presentation to the cabinet. Mr. Justice Wells declined to comment on the report. He said in an interview printed by newspapers before the report is made public, are opposition unless a copy of the report has somehow been obtained by the newspapers. Published reports said the government will be exonerated in Mr. Justice Wells' report for its handling of the security case last spring. Spencer, a former Vancouver postal clerk who died in April several days before Mr. Justice Wells started his inquiry, was alleged by the government to have engaged in espionage activity for the Russians.

U.S. President States Views

WASHINGTON (AP)—President Johnson said recently the United States is ready to confer with North Viet Nam under sponsorship of the International Red Cross to discuss application of the Geneva agreement on treatment of prisoners of war. "We're ready when the Hanoi government is ready," Johnson told a press conference in the White House. The North Vietnamese government has threatened to try captured U.S. airmen as war criminals. The U.S. defence department has reported 48 airmen are held in North Viet Nam.
