More Than 400 Attend Rally At S' Side K.C. Youth Centre

SUMMERSIDE — The newly opened Knights of Columbus was the scene of the most successful youth rally held thus far in the province Sunday at Summerside. Representatives from the youth and clergy attended in large numbers from many centres in the province. The Rev. Preston Hammill, chairman of the coordinating committee from Charlottetown was director of activities. The welcome was given by Rev. Dr. J.P.E. O'Hanley, Pastor of St. Paul's Parish. The afternoon session was devoted to Catholic Action. The principal address of the afternoon was given by Rev. J. Gerald Steele. Father Steele emphasized the positive role youth should play in society, reminding the group of the influence and leadership they can and must exercise in the fields of religion, education, and entertainment. "The time of youth is not a period of inactivity as far as the plan of

God for humanity is concerned. Adolescence, even if a time of transition and progress is nevertheless a very definite and stable time from the point of view of responsibilities," he said. Father William Simpson led a general discussion on "The Elements of a Christian Culture." The entire group of over 400 assisted at Benediction, at which students from various centres led in praying the rosary. EVENING SESSION The evening session was devoted to Catholic youth clubs and featured an inspiring address by Rev. Wendell MacIntyre, of St. Dunstan's University. In his talk on "A Challenge to Catholic Youth Clubs," Father MacIntyre traced the tests of famous young people of all ages pointing out the qualities associated with youth. Catholic Action, he said, embodies the two great boasts of christian youth, love of God and love of man. Catholic youth clubs also give expression to this ideal by teaching their members to live Christianity in such a way that their need for God finds satisfaction in every activity, he said. Reports on activities of youth clubs in Charlottetown, Summerside, Egmont Bay, Vernon River and Kinkora were given. Other speakers of the evening session were Father F. Phelan, Father C. Pire, Mr. Mercier Mullen and Dr. W.E. Callaghan. REPORTS The St. Dunstan's Basilica Parish Sodality gave three reports. Eileen Murray gave a report on the Summer School of Catholic Action held in Toronto during the past summer. The various participants had a full program in which their study of the lay apostolate centered around the Sodality of Our Lady and its fields of influence. Miss Murray defined the sodality as "a way of life for life." Miss Frances Doucette, also of Basilica sodality, gave an account of the courses given at the summer school, pointing out that spiritual doctrine associated with devotion to Mary leads effectively to Christ and consequently to the betterment of society. Eita MacDonald spoke on the manner in which their meetings are carried out. The Tignish area had two groups present. Leigh Gillis outlined the program followed by the boys. In their projects he listed that of providing the local school children with a moral appreciation of films shown in the area. Eva Callaghan spoke for the Tignish girls and remarked a more

Belgian Priest Is Winner Of The Nobel Peace Prize

OSLO, Norway (AP) — A Belgian Dominican priest who has devoted his energies since the Second World War to helping refugees Monday won the Nobel peace prize he openly sought—"not for the honor" but for the money to help his crusade. The prize is worth \$41,227.

Rev. Dominique Georges Pire was at prayer in the Sarte Dominican convent of Huy, where he lives on the River Meuse, when the award was announced. On emerging from the retreat he told a reporter:

"I was not expecting it any more. I had stopped thinking about the Nobel prize." The 48-year-old Roman Catholic priest said he was "astounded but so happy."

GOOD USE FOR MONEY He said the prize money—most of it—would go to completing a new "European village" he is building for 20 refugee families near Brussels.

The five-man Nobel committee of the Norwegian parliament as usual gave no reason for its choice—nor disclosed the names of any others who might have been considered.

The announcement winds up the

award of Nobel prizes for 1958—awards that went to Russians for literature and physics, to three American geneticists for medicine and to a Briton for chemistry.

Soviet post-novelist Boris Pasternak, author of the anti-Communist western best-seller Doctor Zhivago, has declined his prize for literature. He turned it down under Communist pressure.

PRESENTATION DEC. 12 The presentations of the awards created by a fund set up by Alfred Nobel, the Swedish inventor of dynamite, will be made in Stockholm Dec. 12.

Father Pire, who won the Belgium War Cross with palms and the French Legion of Honor for serving as an active member of the war-time underground, heads an organization known as Europe of the Heart.

He has launched a campaign to build 20 "European villages" for refugee families. He already has set up five in Germany and Belgium. In addition he runs homes for sick and aged refugees in Belgium.
