Forward-Thinking Farmer Uses October For Windup

month of the year. It is the last month in this sense that it is the only one that can be depended upon for the clearing up of a number of farm operations. While November cannot be written off, yet it cannot be relied upon and the forward thinking farmer will endeavour to wind up as many important farm operations as possible in October.

Hourly on soils low in lime. An important month and the winter farmer will not neglect to make every use of its favourable weather.

VALUABLE BOOKLET A recent booklet of the Provincial Department of Agriculture is entitled, "Grasslands, Pastures, Silage, and Hay." The publication sets out in concise form pertinent facts with respect to livestock population, carrying capacity of pastures, hay production, and the ratio in each county between livestock and grassland. For instance how many farms are there in the province? How many of these will classify as commercial farms? Commercial being farms with sales in excess of \$1,000 per year. The booklet is now in circulation and livestock farmers should send for information and obtain a copy.

SOIL SAMPLING Again we would remind our readers of the soil sampling service provided by the Department of Agriculture. Soil testing provides signposts for the economical application of fertilizer. Contact Box 2000, Charlottetown or the Department of Agriculture, 200 Water Street, Summerside for information and material.

DAILY FARMERS MEETING Daily Farmers of Canada will be the first national organization to hold a meeting in Prince Edward Island this year at the celebration of the 100th anniversary of the meeting of the Federation of Agricultural Producers. The meeting will be held in Charlottetown, January 14th to 15th inclusive.

It is anticipated that the national meeting will be addressed by the Honourable Harry Hays, Canada Minister of Agriculture.

It is anticipated that the national meeting will be addressed by the Honourable Harry Hays, Canada Minister of Agriculture.

HELP WANTED The Federation of Agriculture invites applications from young farm people interested in studying agriculture in Britain for a year or more. The stipend is \$1,000 per month. Those interested should write immediately to the Federation of Agriculture, 200 Water Street, Charlottetown for further information and application forms.

FRUITS COUNTY SURVEY The Prince County Federation of Agriculture is taking steps to prepare a submission to be made at one of the hearings being conducted by the Resources Development Division as a preliminary to the survey currently getting underway.

Each of the fifteen directors in the County will be provided with an outline of suggested headings and asked to submit views on these matters. The submission will continue itself to agriculture and only concern itself with other sections of the economy where there is a clear relationship.

GRAIN VARIATION In spite of our beliefs that the grain crop has been generally satisfactory there are still reports coming in of low yields in some areas. It would be interesting to know to what extent factors like time of sowing, variety, soil condition, or rainfall were responsible.
