ENTRIES for the Carleton regatta at St. John, during exhibition week, close before the 1st of October, at the office of the Secretary, Geo. A Davis. There is much talk in aquatic circles, and it is probable there will be quite a number of entries for the different races.

IN our report of the proceedings of the Magistrate's Court a few days ago, it was erroneously stated that Horne, who had been arrested for setting the fires in Palmer's Lane, was re-arrested for firing a revolver. It was William Horne, brother of the above, who was tried for the latter offence.

NEARLY all the lumber from the wrecked ship "Marco Polo" has been conveyed away. One can have an idea of the immense lot of lumber there was in the vessel, when it is known that fully thirty large schooners were loaded to their fullest capacity with what was saved from the wreck. Mr. Lantallum, the purchaser, arrived in this city last night from Cavendish.

A SCRATCH MATCH will be played by the Phœnix Cricket Club, Saturday evening next, on the Victoria Park grounds. It was originally intended to play the match Lawyers and Bankers *vs.* All-comers; but as several of the best players in the former team are unable to be present, this match has been postponed. However, good game may be expected. Members of the Club are requested to be on the grounds at sharp two o'clock.

NARROW ESCAPE.—The St. John *Telegraph* says the fast train on Monday morning, approaching Spurr Cove crossing, ran into a team that was being driven over the track. The driver of the team, a boy named David Reid, was quite deaf, and was ignorant of the train's approach. The train struck the fore wheels of the carriage, throwing the rear part of it and the driver on one side of the track and the horse on the other. The boy escaped unhurt, the horse got a number of light cuts, but the wagon was completely smashed to pieces.

A GOOD IDEA.—Says the St. John *Sun*: Mr. Brown has carried the Kent Northern Railway through to a successful completion under difficulties that would long ago have utterly routed a less plucky man; while the people of Richibucto see now before them a realization of the expectation of years—connexion with the railway system of Canada and rapid access to the markets of the world. The completion of the Kent Northern marks a new era in the progress of Richibucto and that section of the country tributary thereto, and already talk is heard of a line of fast sailing schooners to connect with P. E. Island.

YESTERDAY afternoon, near Milton, we saw a large black dog engaged in making havoc with a flock of sheep. The flock was pretty badly dispersed, and the dog was lying on the road with one of its unfortunate victims bleeding badly beside it. Having greeted the brute with a couple of stones he made off after some others of the flock, and doubtless succeeded in despatching a few of them. The law against these sheep-killing dogs that run loose all over the country should be more strictly enforced. The amount of mischief one of them can do with plenty of subjects on hand is surprising, and the man who is able to rid a community of their presence deserves no little thanks.

AMERO IS INNOCENT.—The columns of a journal are not generally used to criticize a trial in advance, but the shallowness of placing Amero at the bar to plead to a murder of which the authorities are well aware he is not guilty, is a burlesque on justice. Amero is a poor, weak, half-witted fellow, and there is not evidence enough to connect him with the crime in the least degree. It may be set down as a certainty that he will not be convicted, and that the money used in the trial will be wasted. It would be much better for the authorities to look in a different direction for the real murderer. They know that Amero is not the man. Let them follow up certain clues which they possess.—*Boston Star.*

MINISTERS, Lawyers, Teachers and others whose occupation gives but little exercise, should use Carter's Little Liver Pills for torpid Liver and biliousness. One is a dose. [sep17 2w eod wkly

A Hong Kong despatch states that the severity of the blockade in Tonquin has been so far relaxed as to allow vessels to proceed to ports of destination after being searched for articles contraband of war. There is great lack of harmony between the French civil and military authorities in Tonquin.

A special to the *Constitution* says that Jacksonville, Ala., was destroyed by fire on the 14th inst. Loss $50,000. The fire is supposed to be incendiary.

O'Donnell Lands in England.

LONDON, Sept. 19.

O'Donnell, the murderer of Carey, landed at Southampton yesterday morning, and was taken direct to London. He was placed in Millbank Jail. It is said that American detectives are coming over to be present at O'Donnell's trial. They are reported to have traced connection through O'Donnell and certain American secret societies. Mr. Davitt in his recent speech has provoked a chorus of disapproval. Some papers demand the revocation of his ticket-of-leave.

LETTERS TO THE EDITOR.

Methodist Choir.

DEAR SIR,—Upon reading the paragraph in THE EXAMINER last evening, one would be led to suppose that the Methodist Choir never was considered of any account until *Professor* Frieze essayed to take charge of it; but the Charlottetown public know that the contrary has been the case, and that the choir was always considered one of the best, (if not the best), in the Maritime Provinces. The choir is composed principally of talented singers, and to them belongs the credit of the good singing with which the congregation and the public are favored. Credit to whom credit is due.

Yours, etc.,
CHURCH-GOER.

THE *Admiration* OF THE *WORLD.*
Mrs. S. A. Allen's WORLD'S *Hair Restorer* IS PERFECTION!

Public Benefactress. Mrs. S. A. ALLEN has justly earned this title, and thousands are this day rejoicing over a fine head of hair produced by her unequaled preparation for restoring, invigorating, and beautifying the Hair. Her World's Hair Restorer quickly cleanses the scalp, removing Dandruff, and arrests the fall; the hair, if gray, is changed to its natural color, giving it the same vitality and luxurious quantity as in youth.

COMPLIMENTARY. "My hair is now restored to its youthful color; I have not a gray hair left. I am satisfied that the preparation is not a dye, but acts on the secretions. My hair ceases to fall, which is certainly an advantage to me, who was in danger of becoming bald." This is the testimony of all who use Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER.

"One Bottle did it." That is the expression of many who have had their gray hair restored to its natural color, and their bald spot covered with hair, after using one bottle of MRS. S. A. ALLEN'S WORLD'S HAIR RESTORER. It is not a dye.
