Ramblers And Vics

WHEN Amherst Ramblers closed out their series with Moncton Beavers Wednesday night, North Sydney Victorias saw a great chance for extending their series with the Nova Scotia Senior Hockey League champions.

The series was set at a best-of-three affair but of course that was done by figuring that the NSSHL winner would not be decided until tonight. However, the Vics ran off five straight on the Glace Bay Miners and the Ramblers took their best-of-seven set from Moncton without the loss of a game. These happenings made it possible for Vics and Ramblers to play the same kind of a series that Oilers and Royals are now engaged in and everybody would have made more money as a result.

The Vics tried to entice Ramblers to go for the best-of-five, opening in Northside last night and continuing in Cape Breton tonight. The last three games would go at Amherst on Monday, Tuesday and Wednesday.

However, despite all the persuasion by the Cape Bretoners, the Ramblers could not be moved. They apparently wanted no more than three games with these bruising Victorias who breezed to their triumph in the Cape Breton loop.

SINCE the series was set for a best-of-three, it will stand as such. The Maritime Tmateur Hockey Association would certainly have liked to see the teams go a best-of-five but it wouldn't change the length of the series without the agreement of both clubs.

Amherst has made some lean houses this season and we thought they would have welcomed an opportunity to get in a few more dollars. North Sydney will pack them to the rafters for this skirmish and surely Amherst will have its largest crowds of the season.

But the thing remains a best-of-three opening Monday at North Sydney and continuing Wednesday and Thursday at Amherst. The winner goes against the survivor of the Oilers-Royals clash on Saturday March 10. This is another best-of-three with the first game at the home rink of the Oilers-Royals winner. Games two and three, March 12 and 13, will be either at Amherst or North Sydney.

Island Curlers Leave

ART Burke and his rink left yesterday morning for Kitchener and the Macdonald Brier which opens Monday in the Ontario city.

Other members of the rink in addition to skip Burke are Allan Smith, mate, Bobby Dillon, second stone and Wayne Rhodenizer, lead.

The boys will carry with them the best wishes of all Island sports fans and particularly those of Doug Cameron and his associates whom the Burke quartet defeated for the Prince Edward Island championship.

Local curling enthusiasts are still talking about those thrilling matches between Burke and Cameron. Dougie has had his share of Brier competition and he knows the problems that face the Burke curlers. However, Art and his associates were cool under fire in the provincial playdowns and we'll be mighty surprised if they don't worry the heart out of the best in the country.

Last March Dougie managed to hand champion Alberta its only defeat of the Brier and curling experts across the land were lauding the great curling qualities of Cameron and his clan.

Well, Art and company did manage to edge the defending champions in provincial play, a feat that should indeed make them worthy representatives of Prince Edward Island.

Good curling, gentlemen.

See Forbie Tonight

TONIGHT hockey fans will see the Montreal-Detroit game and Prince Edward Islanders will welcome this as it will give them an opportunity to watch Charlottetown's Forbes Kennedy in action.

Even the folks around here who are pulling for New York Rangers to capture the final playoff berth will be hoping Forbes shows to good advantage with Abel's crew. Kennedy worked hard to get this second chance and we've a feeling he will be one of the busiest Red Wings on that ice tonight.

The Detroiters need a victory in the worst way and here's hoping that Forbes helps them get it tonight.

Championship Basketball

TONIGHT St. Dunstan's University gym will be the scene of the first game in a best-of-three series for the Maritime intercollegiate basketball championship.

Doing the entertaining tonight will be Ed Hilton's SDU Varsity squad that has played such great basketball throughout the season. The Saints copped the New Brunswick . Prince Edward Island crown in competition with Mount Allison University and the University of New Brunswick. Now they face a formidable foe in the Nova Scotia champions.

When this column went to bed, Acadia and St. F. X. were playing the third and final game for the right to clash with the local Saints. The winner of that tilt will be at SDU gym tonight trying to take a one game lead in the Maritime intercollegiate basketball finals.

Second game and third, if necessary, will be played in the home gym of the Nova Scotians.

Game time tonight is 8 o'clock.

Montague Rink Leads In First Day Of Spiel

MONTAGUE — A Montague team, skipped by Stan Gay, was the only undefeated rink, following yesterday's play at Montague in the provincial Junior curling championship for the right to represent the province in the Maritime championship to be held later this month in Truro. The two top teams will represent the province.

Alberton, Summerside and the RCAF each had one loss and one win, Charlottetown having two losses.

The competition which is a single round robin will give each team four games except in the case of a tie.

In yesterday's play all games were close and much good curling was witnessed. Today the five teams will continue the competition with the first teams taking to the ice at 10 a.m.

The spiel was officially opened when the president of the Prince Edward Island Curling Association, Major Douglas MacGowan threw the first rock.

Kensington Seabrooks defeated Kevin Arsenault and Kenny Bryanton 10-7 in the first game of a best of five Farmers League semi-final series at Kensington rink Friday night.

The Beavers suffered another bad blow along with the defeat when they lost the services of their top defenceman, Dave Walker, who will be out of action for the remainder of the season with a shoulder injury.

Although having only eight players in the lineup, the Seabrooks put up one of the best battles of the season in winning this initial contest.

Ivor Cotton and J. MacFarlane paced the Kensington crew with four goals each. D. Birt and T. Thibeau each counted singletons.

R. Weeks pumped five goals in the Kensington net while D. Schurman and D. Thompson counted singles.

VACCINATE 130,000

CARDIFF, Wales (Reuters)— Emergency clinics opened up throughout the Rhondda Valley mining area Thursday to begin vaccinating 130,000 persons after a South Wales smallpox outbreak spread to two further suspects.

Big Junior Game Goes Here Today

Prince of Wales College juniors will try to annex the New Brunswick Prince Edward Island junior hockey crown this afternoon when they entertain Fredericton Capital juniors at The Spórts Arena.

Last Saturday in the New Brunswick capital, the Charlottetown boys sneaked away with a 5-4 decision in the first of a home and home series, total goals. That one goal error has made the Welshmen slight favorites to advance into the Maritime finals against either Halifax Kingfishers or Glace Bay Junior Miners. The Kingfishers won the first game of the Nova Scotia finals 6-0 in Dartmouth last Saturday night and the second and last game is slated for Glace Bay today.

But the local collegians realize that it will take a lot of hard work to stop these New Brunswickers this afternoon. Home ice doesn't mean a great deal to these junior clubs and Fredericton is coming here with confidence galore. They staged a late rally in last Saturday's game and all but pulled the affair out of the fire.

Jack Proud, coach of the Charlottetown scholars, isn't making any idle predictions about the outcome today. He has high regard for the strength of the visitors but you can see he is expecting a Welshmen decision.

The Sports Arena should be packed for this engagement. These juniors play a pleasing brand of hockey and today's patrons are sure of seeing loads of excitement. The boys deserve a big turnout on this Saturday afternoon.

Let's see they get it. Action starts at 2.30 sharp.

Memo from your Master Feeds Dealer:

From sow to market the Master Program is your prescription for bigger pig profits!

The Master Hog Feeding Program has been tested and proved on the Master Feeds Research Farm and by leading pig producers. It has shown itself to be an economic means of producing thrifty pigs.

Master Littlepig Pellets are designed to get pigs off the sow and on to solid food. They also supply antibiotics to aid the piglets through the dangerous first days of life.

When 5 pounds of Littlepig Pellets have been eaten per pig, change to Master Pig Pork Pellets. When 25 pounds of these pellets have been fed, switch the feed to Master Pig Starter Pellets until 70 pounds have been consumed.

Pigs can then be successfully readied for market with Master Pig Grower.
