

"They young lads do you have a licence to operate those crates and do you know you were exceeding the 20 mph. speed limit of this town? No! Well wait right here," said Ed Downe, town policeman.

### MONTAGUE SOAPBOX DERBY WINNERS

They young lads do you have a licence to operate those crates and do you know you were exceeding the 20 mph. speed limit of this town? No! Well wait right here," said Ed Downe, town policeman. "We have a little prize here for you before you receive those silver dollars from G. Arnold Wightman." The amazed young lads in yesterday's soapbox derby at Montague thought it was for real. They are Allan Fraser, assisted by Harry Griffin, and Gerard Fraser, with Walter Carver assisting. Allan was first but his brother Gerard declared "I will get you next year."

### Goldwater Picks Miller As Nov. 3 Running Mate

By HAROLD MORRISON SAN FRANCISCO (CP) — Representative William E. Miller of New York was nominated Thursday night as Republican vice-presidential candidate to run with presidential candidate Barry Goldwater in the 1964 U.S. presidential election. Miller was named by Goldwater as his running mate following the nomination Wednesday night of the Arizona senator as Republican presidential candidate. Miller, a hard-line conservative Republican party national chairman, was unopposed for the nomination as the Republican Party's first choice on a roll call vote by the convention delegates. Following Goldwater's overwhelming victory over Pennsylvania Governor William W. Scrabble in the presidential nomination, the talk was harmony and unity Thursday. Republicans all but gave up scrapping among themselves in an effort to close ranks behind Goldwater. "I think that this was the very best ticket that could have been put together, but I will do my best to support it, although, as I say, it was not my personal choice."

### ABD Vote For Montague Gets Kings MP's Approval

OTTAWA — Pleasure at the announcement that the Atlantic Development Board has approved an expenditure of \$75,000 to provide improved facilities for a food processing plant here also benefits a future industrial development which locates in the same area. He said if additional industries do establish it is hoped that the development board will provide more assistance as required. "The grant is intended, in part, to assist in the establishment of an industrial park in which the present area will be available to any industrial enterprise that wishes to establish a plant here," Mr. Mulhally explained. He said the present grant provides for \$30,000 for the provision of three new water wells which will ensure plentiful supply for the present plant and permit planned expansion. The remaining \$45,000 is designated for the surfacing of one and one-eighth miles of existing approach road to the Lanesley plant. This will provide an all-weather road and give easy access throughout the year

### FLAG DESIGN WINS AT PARK

TORONTO (CP) — Prime Minister Pearson's proposed maple leaf flag design won a vote of confidence at Queen's Park Thursday. Scores of men flocked to the scene when the flag was unfurled and the police dispatcher was swamped with offers to check a complaint about circumstance under which the flag was shown. The flag made its appearance as a topless one-piece bathing suit worn by model Carol Craig. Miss Craig, who measures 56-24-36, modeled the flag at a fountain in Queen's Park. She left the maple leaves from the flag to cover up when police arrived. The bathing suit was the idea of a man and woman who have been making the flag sell. When sales fell off they decided it would make a good bathing suit. "It certainly would inspire loyalty," one male onlooker said.

### Mrs. A. Johnson Dies in Nfld.

ST. JOHN'S, Nfld. (CP)—Mrs. Arthur Johnson, wife of Newfoundland's deputy minister of economic development, died at her home here Thursday of a heart attack. Mrs. Johnson was well-known in the Atlantic provinces for her work with the Canadian National Institute for the Blind. She organized the Newfoundland branch 15 years ago and was a past president. At the time of her death, she was a member of the board of directors.

### CBC Tone Down Is Suggested On Goldwater

OTTAWA (CP)—A Conservative MP urged Thursday that the CBC be asked to tone down commentary about Senator Barry Goldwater, Republican candidate for the United States presidency. Wallace Nesbitt, MP for Oxford, said in the Commons today. "The CBC is the official voice of Canada. Such attacks could harm Canada-U.S. relations. He asked State Secretary La Montague, who reports to Parliament, to recommend that the publicly-owned corporation hold down such comment."

### Canada Plans Participation In Satellite Net

OTTAWA (CP) — Canada plans to put up about \$7,500,000 for a share in the world's largest satellite communications network. The money will buy Canada a voice and a vote in an international consortium that plans to fire a new communication satellite into space over the Atlantic Ocean next year, the first step in a round-the-world telephone system. Sixteen nations are to meet in Washington next week to discuss the financing of the project. The consortium will be a set of governmental agreements to establish a satellite network, owned, operated, and managed by the participating nations.

### Man Loses Life After Saving 3

GLACE BAY, N.S. (CP) — Joe Driscoll, 23, of Glace Bay, drowned Thursday while rescuing three youths, who got caught in a strong undertow off Glace Bay beach. Driscoll swam to their rescue and managed to help all three to safety. In doing so he became caught in the undertow and was drowned before he could be reached. His body was recovered by the police shortly after the accident.

### War Threat Hanging Over S. Viet Nam

SAIGON (AP) — U.S. and South Vietnamese leaders appear to be locked in a disagreement over the outcome of the difference between a Geneva armistice and a continuation of the current low-key anti-Communist fighting in the region. Saigon says regular troops from Communist North Viet Nam have been coming into the south and are fighting as units against South Vietnamese troops. The United States says it isn't so. Both allies are agreed that a real North Vietnamese offensive against the south would justify an immediate extension of the war into North Viet Nam. This, in turn, could lead to Chinese Communist involvement.

## Proposition On Student Loan Progress Is Cited

### Aircraft Repair Fate Set For Monday Talks

The fate of Enamel and Heating Products Limited's Charlottetown aircraft repair plant will be discussed at a meeting in Premier Walter R. Sharp's office Monday. It was reported from Ottawa that the further repair contracts will be completed this month and there is no indication that further repair contracts will be coming from the department of defense projects. Industry and Natural Resources Minister Leo Rosier said Monday's meeting will be attended by representatives of the Enamel company, Premier Shaw, Hon. Albert Farmer, Hon. J.D. Stewart and Mr. Rosier. An official of Enamel has said that his company has been unsuccessful in getting further work and is now up to the politicians to do something. Mr. Rosier said that Fairley Aviation in Nova Scotia was successful in staying off the loss of a repair contract and "we are going to try the same thing."

### Parliament At A Glance

By THE CANADIAN PRESS THURSDAY, July 16, 1964. Transport Minister Pickers-gill said Canada is set to participate in a global satellite communications system. Charles-Arthur Gauthier (Crested Auk) moved a motion that would kill the government's student loan legislation. Gerard Chapdelaine (SC-Sherbrooke) rejected a argument that the student loan bill infringes provincial rights. Lawrence E. Kindt (PC-Moncton) said the loans should be financed by government bonds instead of through the banks.

### P.E.I. Tourist Advertising To Be Boosted In Maritimes

The provincial government's travel bureau will step up its advertising program in the Maritimes during the next two weeks, advising potential visitors that there is accommodation available in the province. "Tourist Development Minister J. David Stewart said yesterday he is "concerned" over rumors reports in the neighboring provinces that there is a scarcity of accommodations available here. Earlier this week, tourist operators expressed concern over the amount of business that has come their way so far this year. A delegation from the P.E.I. Tourist Association, headed by association president Charles Linkletter met with Mr. Stewart yesterday afternoon. "Apparently," said Mr. Stewart, "there has been an upsurge in business during the past few days and the situation will be watched closely during the next few weeks." He said that in two weeks' time the situation will be reviewed with the tourist association "to see if more action than stepping up our advertising campaign is necessary."

### Consumers Council Is Named

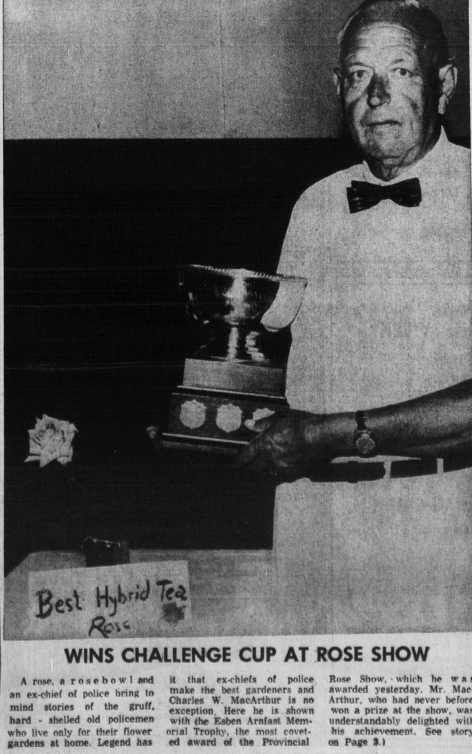

OTTAWA (CP) — Establishment of a new 15-member advisory council of consumers to advise the federal government on consumer affairs was announced Thursday night by Health Minister Jody LaMarsh. Miss LaMarsh told the national convention of the 7,000-member Federation of Business and Professional Women's Clubs the new council is "the most significant development in some time for Canadians generally, but for Canadian women especially."

### Sheppard Sent Back To Prison

COLUMBUS (AP) — A circuit court appellate judge ordered Dr. Samuel H. Sheppard returned to prison Thursday only a few hours after the convicted wife slayer was released from Ohio Penitentiary. State Attorney General William Saxbe's office said Judge Lester Cecil signed an order in Dayton, staying a decision by U.S. District Court that granted Sheppard a release under habeas corpus proceedings.

### Pearson Returns From Conference

OTTAWA (CP)—Prime Minister Pearson returned to Ottawa Thursday night from the Commonwealth prime ministers London conference, greeted by a large crowd of protesters and diplomats. The prime minister and Mrs. Pearson travelled aboard RCAF air transport command Yukon and were greeted at the Uplands Airport commercial terminal.

Best Hybrid Tea Rose

### WINS CHALLENGE CUP AT ROSE SHOW

A rose, a rose bowl and an ex-chief of police bring to mind stories of the Gruff, hard-shelled old policeman who lives only for his flower gardens at home. Legend has it that ex-chiefs of police make the best gardeners and Charles MacArthur is no exception. Here he is shown with the Euben Armitst Memorial Trophy, the most coveted award of the Provincial Rose Show, which he was awarded yesterday. Mr. MacArthur, who had never before won a prize at the show, was understandably delighted with his achievement. See story on Page 3.

## Caouette Alone On U.S. View

OTTAWA (CP) — Canadian political leaders, with the exception of Crested Chief Real Caouette, expressed views ranging from mild disapproval to strong hostility Thursday following the nomination of Senator Barry Goldwater as U.S. president in 1964. Members of the Pearson cabinet declined to be quoted directly because officially they wanted to avoid involving Canada in the internal political affairs of its neighbor. But several of the ministers expressed privately their deep concern for what might happen to Canadian-American relations if Senator Goldwater is Republican candidate for U.S. president. "The personal views of Prime Minister Pearson were not known. He arrived home late Thursday night from the Commonwealth prime ministers conference in London. Opposition Leader Defesebuck declined public comment, saying "gratuitous comments" by one member on another coming from mild disapproval to strong hostility Thursday following the nomination of Senator Barry Goldwater as U.S. president in 1964. Members of the Pearson cabinet declined to be quoted directly because officially they wanted to avoid involving Canada in the internal political affairs of its neighbor. But several of the ministers expressed privately their deep concern for what might happen to Canadian-American relations if Senator Goldwater is Republican candidate for U.S. president. "The personal views of Prime Minister Pearson were not known. He arrived home late Thursday night from the Commonwealth prime ministers conference in London.

### HEAVY RUN EXPECTED Berries Become Big Business

Berries will be big business in the province the next couple of weeks as the strawberry season gets into full swing. Weather conditions this year contributed to slow ripening and growers are now hoping for the continuation of the sunny weather of the past few days. Some growers have complained of loss by rot caused by last year's foggy weather, and a F.E.I. Frosting Plant representative reported that on bait had to be applied in some fields as snails were causing a good deal of trouble with the first berries. However, overall opinion points to an average crop this year. Officials of the fruited food plant expect that a heavy run of berries will start by the beginning of next week, and continue into August. The new varieties such as Sparkle and Red Coat seem to retain their red color longer than the old varieties and produce for as long as four or five weeks as long as there is ample moisture. **BEGAN PROCESSING** The F.E.I. Strawberry Berry Processing plant is now processing on Friday last week and expect to continue for about ten days. Growers in that area are optimistic as to this year's crop. This plant serves an area included in approximately an eight square mile area. (Continued on page 8, col. 1)
