

Henry Ward Beecher on England.

Henry Ward Beecher writes from London to his parishioners that he is amazed at the great change that has taken place in English public sentiment since his visit there a few years ago.

France detests absolutely that she has any intention of annexing the New Hebrides, and affirms her intention of negotiating with England for the joint maintenance of order in the islands.

The question of prosecuting Sir Charles Dilke for perjury has been considered in official quarters, and the decision is almost unanimous against it.

It is stated that in France and Great Britain there is a deficiency in wheat of about 70,000,000 bushels.

ABSOLUTE PURITY.

THE following analyses (made by the Dominion Analyst) of three BAKING POWDERS sold in this market should put a stop to the unjust efforts of the Royal Commission to have its name put on the only pure Powder.

WOODILL'S... Not adulterated, same as usual.

MAYNARD BOWMAN, Dom. Analyst, Halifax N.S. reports:

WOODILL'S... Of good quality; contains nothing injurious.

Woodill's German Baking Powder has a reputation for purity and wholesomeness now nearly 30 years.
