THE "Fairy" and "French Sporter" are now in training at Upton Driving Park for the coming trotting match on Wednesday next. Both are in splendid condition. This race will, we anticipate, be one of the finest contests ever witnessed in this Province. Much interest is manifested in it by the horsemen of both Counties.

We fail to see the Secretary's report of the Murray Harbor Road meeting in this morning's *Patriot*. There is a slight difference of opinion between the Secretary and the *Patriot* as to the number present. The latter says fifty or sixty were present. The former says there were present a hundred or a hundred and twenty!

We call the attention of our readers to See See Jones' advertisement of Tubular Wells and Pumps. Mr. Jones seems to be the right man in the right place, and is much in favor of printer's ink. He is the Inventor and Patentee of the celebrated C. B. Pump, and first to introduce the Tubular Well on the Island. All new and careful inventions should be tested.

THE celebrated stallion "Jeff," well-known to our prominent horsemen, died at Souris a few days ago, on account of injuries received from a kick on the right knee. "Jeff" won the gold medal and championship for being the fastest stallion at Upton Park last fall, and, at the time of his death, was the fastest horse on the Island. We are glad to hear that Mr. Hardy has secured a young "Jeff," a very promising horse, four years old.

A PERSON who recently visited the Quarantine Hospital at the Harbor's mouth, informs us of its present disgraceful condition. He says the ceiling in the bedrooms is falling from the effect of the rain which enters through the roof; the stoves are completely out of order; and the Hospital, generally, lacks everything that would be a comfort to a poor invalid. "Indeed," he says, "it is dangerous for the keeper, who is a healthy man, to reside in it at present." This being the case, we hope the authorities will immediately give it their attention, and have it repaired as soon as possible.

THERE were two cases of assault, from the country districts, tried before Theophilus DesBrisay, Esq., to-day. The first was between Elijah Rolling, plaintiff, and Henry Laird, defendant, both of Cavendish. It appears that they were attending a prayer meeting on the evening of the 4th inst., and on returning homewards a fight occurred, in which the defendant sprained the plaintiff's left arm and inflicted other injuries. Laird was fined \$10 and costs, or two months' imprisonment. He also paid \$25 for the personal damages he did Rolling in the affray. The second was a case of assault between Murdock, McKinnon, plaintiff, and Murdock McLeod, defendant, of the same vicinity. It appears that McLeod was returning from this City, on the 4th inst., and was at the time a little "over the bay." He entered the residence of Mr. McKinnon and assaulted him violently. For this he was fined \$10 and costs, or two months' imprisonment, and also to give two sureties of \$100 each to keep the peace for twelve months.

NEWS BY TELEGRAPH.

(Special Despatch to Examiner.)

BERLIN, June 15.

The English, French, German and Eastern branches of the Israelitish Alliance have sent a delegate here to represent to the members of Congress the deplorable condition of the Jews in Roumania and Bulgaria.

It is reported that Beaconsfield will move for the admission of Greece into the Congress. The Roumanian delegates are much mortified at their cool reception everywhere.

There can be no doubt of Prince Bismarck's desire for peace. The leanings of entire Germany are as accurately known as those of the Chancellor. There are three distinctive currents of opinion. The Court party are decidedly Russian; and it will not be for want of their good wishes and efforts if Russia does not obtain all the satisfaction she aspires to.

Diphtheria.

To the Editor of the Examiner.

SIR,—I take the liberty of publicly asking the Registrar of Births, Marriages and Deaths for the number of deaths amongst children (under twelve years of age) registered in this Island during the past twelve months from the above disease.

Yours, &c., A STRANGER.

June 15, 1878.

To the Editor of the Examiner.

DEAR SIR,—I find, in referring to a copy of the Asylum specification, that the roofs are to be shingled with St. John No. 1 split pine shingles, laid in mortar, and 4 1/2 inches to the weather. How, then, does it come that a contract has been entered into with the Messrs. McKinnon, of Lot 9, to furnish the contractor of the Asylum with sawn cedar shingles. Now, it is well known that the quality of shingles specified would cost at least six or seven dollars at St. John, besides the cost of importation, which would be about 25 cents per thousand; while the sawn cedar will cost about \$3.00 (delivered), or perhaps for extra No. 1 \$3.25. So that taking into consideration the difference between the cost of the pine and cedar, I find that it would amount to about \$3.50 per square; and as there are a great many squares in the roofs, it would save a very large amount to the contractors. It may be that the difference of cost has been deducted from the contract price; if so, the Government organs will be able to inform.

I am free to admit that McKinnon's shingles are the best in the market, and can be recommended for either roofs or walls of buildings. But, since they do not cost near so much as St. John No. 1 pine, and as they are not in the specification, I would like to know whether the Government or the contractors are entitled to the difference of cost.

I am, Sir, yours, RICHARD WEEKS.

Enjoy Life.

What a truly beautiful world we live in! Nature gives us grandeur of mountains, glens and oceans, and thousands of means for enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up disheartened, discouraged and worried out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof that Green's August Flower will make them as free from disease as when born. Dyspepsia and Liver Complaint are the direct cause of seventy-five per cent. of such maladies as Biliousness, Indigestion, Sick Headache, Costiveness, Nervous Prostration, Dizziness of the Head, Palpitation of the Heart, and other distressing symptoms. Three doses of August Flower will prove its wonderful effect. Sample bottles, 10 cents. Try it.
