Government Candidate Elected!

MAJORITY NEARLY THREE HUNDRED!

ADVICES from reliable sources in Toronto state that in the election on Saturday, Mayor Beatty, the Government candidate, was elected by a majority of nearly three hundred. Considering that this was a bye election, that there was a third candidate in the field, and that an attempt was made by the Grits to arouse sectarian animosities to the prejudice of the Government, the result is satisfactory and gratifying. The policy of the Government has been emphatically endorsed by "the intellectual centre" of Canada.

WE publish, to-day, a portion of the evidence elicited at the official investigation into the cause of the late accident. The remaining part will appear to-morrow—together with an editorial commentary upon the facts adduced and the unduly violent attack of the *Patriot* upon Mr. MacNab.

"We are told that the railway employes are perfectly well aware of the danger they are in when they are running the trains; but although they know that they are doing their work at the imminent risk of their lives and limbs, they dare not complain for fear of losing their situations."—*Patriot, Aug. 27.*

So it appears that the railway employes love the loaves and fishes better than their lives. One would imagine that they are *all* Grits.

ACADEMY OF MUSIC.—This place of amusement positively opens this evening. The drama is "All that Glitters is not Gold," in which Miss Violet Campbell, Miss Lucy Emory, Miss Dora St. Clair, Mr. Horace Lewis, Harry Lindley and full strength of the company will appear. New scenery and appointments are devised for the same and doubtless the house will be crammed.

THE RIFLE.—Remember the grand military play and concert on Tuesdday evening, the 31st inst., at the Academy of Music for the benefit of the Ottawa Rifle Team. Friends of the Volunteers and all relishing an enjoyable evening's amusement, should not fail to attend. We would advise parties intending to go, to secure their seats at an early hour, to avoid fleing crowded. A glance at the programme will satisfy any one of the worth of the performance. a30 2i

THE FOUR city companies of Active Militia are requested to parade in review order (except side arms), in the Drill Shed, to-morrow evening, at 7 o'clock, for the purpose of marching to the Academy of Music, to be present at the Military Play and Concert. The Band of the 82nd Battalion will accompany them.

SPECIAL attention is directed to the advertisement of the Advisory Board of Agriculture and Local Industry, showing that the time for receiving entries for the Montreal Exhibition is extended to Sept. 4th, and that articles for the Exhibition will be received at the Secretary's office up to September 11th—and no later.

IN the match race for fifty dollars a side—half-mile heat—between J. Sullivan's "Donald," of Halifax, and James Dover's "Lady Bagnall," of Charlottetown, which took place at Upton Park on Saturday, the first named won in three straight heats. A return match for one hundred dollars a side—mile heats, is to be trotted in Kentville, N. S.

A NEW COMPANY has commenced work in the Lead Mine at West River, St. Mary's N. S., lately operated by Mr. Zwickle. The new discovery is within a few feet of where Mr. Zwickle stopped work in the fall of 1878, and is said to show well.

THE CANADA TEMPERANCE ACT 1878.—An election under the provisions of this Act for the 4th electoral District of Queen's County, (Belfast) is proclaimed by the Sheriff, to be held on Thursday, the 23rd day of September next.

THE executive committee of the Dominion Rifle Association have arranged details in connection with the approaching prize meeting. Every Province in the Dominion will be represented and it is expected a team will be sent from the regulars at Halifax.

THE laborers, chiefly French Canadians, employed on the Lachine Canal by Davis & Sons, contractors, struck work. They have been paid at the rate of $1.10 per diem up to the present but now demand $1.25.

NOTWITHSTANDING the terrible picture of the railway, drawn by the facile hand of the editor of the *Patriot*, the number of persons who took passage to-day was rather larger than usual.

CAPTAIN ALLAN FINLAYSON, the efficient and obliging commander of the "Northern Light" has returned from London, G. B. He is at the Rankin.

J. G. A. CREIGHTON, ESQ., of the staff of the Montreal *Gazette*, is visiting the Island. He and his wife are the guests of the Minister of Marine.

WE are glad to learn that both Messrs Stewart and McLeod are reported "better" to-day.

THE Minister of Marine went west this morning by rail.

THE new fire bell rings this evening.

Summerside Items.

(From our own Correspondent.)

John McKenzie, Esq., merchant tailor, Water street, has had his "certificate of honorable mention," which he received at the Paris Exhibition, handsomely framed and placed in his shop-window.

It is said that a new Lodge, I. O. G. Templars is about to be organized in this town.

Oyster fishing commences on the first of September. Our oyster-men are preparing to attend to this branch of our fisheries better than they have done heretofore.

The Rev. T. J. Dienstadt, Methodist minister of this town, went on a three weeks' visit to his friends in Nova Scotia, last Tuesday. During his absence his place will be occupied by ministers from the surrounding circuits. We wish him a pleasant time.

We see by the last *Progress* that the statement we made in relation to the purchase of the Island Park Hotel property is an error. The property was purchased by J. L. Harris, Esq., of Moncton, N. B. In making the statement we did so on what we considered good authority.

Mr. A. Rogers, son of D. Rogers, Esq., of this place, met with a severe accident while out shooting last evening. While jumping over some old stumps, he fell on a piece of a stick, the point of which entered the upper part of his leg.

The Fire Bell.

To the Editor of the Examiner.

THE fallacy of placing the principal Fire Bell in a tower attached to such a building as the Market House, must be apparent, after the experience of Friday night. Had the fire which was communicated to the roof of the Bell Tower from the adjacent burning buildings gained headway, the entire structure, together with "Little John" would doubtless have been destroyed.

The suggestion made some time since that a suitable tower, be erected at the North entrance to Queen Square, near Walker's corner, seems to have been the most practical one and it is a great pity that such a proposition was not carried out. It is not too late however to rectify the blunder. I am, etc.
