Montague Home, School Meeting

The regular monthly meeting of the Montague Home and School Association was held in the school last evening with Mr. Archie Hiltche, vice-president, presiding in the absence of the president, Dr. G. S. A. Imman. The minutes of the previous meeting were read by Mrs. J. D. MacLeod, secretary pro-tem, and were approved as read.

Rev. F. N. Young gave a very interesting talk on the meeting held in Charlottetown to form a provincial home and school organization. Mr. Young also outlined the advantages of joining such a group.

Mrs. J. D. MacLeod reviewed the remarks of the different speakers at the meeting held in Charlottetown.

The meeting went on record as being in favor of joining a provincial association. A lengthy discussion was held on the membership fees. It was decided that the fee be set at 50 cents for one person and 75 cents for husband and wife.

Mrs. Arnold Wightman was appointed secretary of the Montague Home and School Association.

Georgetown Home And School Meeting

"The monthly meeting of the Georgetown Home and School Association took place in the Council room on Thursday, December 4th, with twenty members present. Minutes of the previous meeting were read and adopted.

A consignment of interesting literature from headquarters at Truro was passed around among the members, including Home and School Creed cards and a motion picture which was shown.

The chairman, Mr. MacDonald, then introduced the subject of the recent meeting in Charlottetown to discuss forming a Provincial Federation. Delegates attending from the Georgetown Association, were Rev. W. Paterson, Mr. H. MacDonald, and Mrs. E. Easton. Mrs. Easton read a report covering the main points of this meeting. Five voting delegates are to be appointed to attend the January meeting in Charlottetown.

A suggestion was made that the Legion Hall would be a more convenient place for future meetings, because there are facilities for preparing the lunch served at the close of the evening. Mrs. New White then moved that enquiries be made with regard to holding future meetings in the Legion Hall, seconded by Mrs. A. Stewart. Mrs. W. Murphy moved that in the event of such a move taking place, a letter of thanks be tendered to the Town Council for the use of their room which has been much appreciated.

Mr. J. Scully moved that at the next meeting consideration should be given to setting up a special fund for financial aid to school-children in the event of their sustaining injury at school requiring medical attention, seconded by Mr. Easton and the motion was carried. Mrs. Fitzgerald moved that \$5 be donated from the Home and School Fund for Christmas treats at the school which was seconded by Mrs. Agnes Murphy and carried.

By popular request, Mrs. McLure sang a Christmas number, and then led the group in carol-singing. A half-hour was spent in discussing various queries put in the Question-Box.

Adjournment of the meeting was moved, and the National Anthem followed. Lunch was served.

Montague Town

earliest date to enable construction to begin in the coming spring."

No mention was made at last night's meeting of the properties purchased. It had been understood that lots owned by Mr. B. N. Hooley of Montague and Mr. Murdoch McGowan of Kilmuir had been seriously considered. However, there was no immediate confirmation that they were the ones purchased.

Otherwise only routine business was transacted at the meeting at which the Mayor presided. Counsellors present were Nicholson, Reynolds, Hessian and Jamieson. Following the reading of the minutes, bills totalling \$422.52 were ordered paid.

A tender for sanding the main street and sidewalks was opened, but no decision was taken, and it was decided to leave the matter to the street committee.

The Town Clerk reported that the financial standing was good, showing \$2,696.31 in the general account, and \$1,323.42 in the building account.

Mayor Yeo pointed out that besides travelling all the streets of the town, and paving several, and besides all other expenses, the final bonds of \$2,000.00 were paid off on the Main Street paved in 1931.

Mayor Yeo also suggested that following entry into the records, the bonds should be burned at the next council meeting with some fitting ceremony.

After discussing several minor matters, the meeting adjourned.

Pearson Sees

Continued from page 1

percent of the manpower fighting aggression in Korea and may provide more.

The External Affairs Minister, in his review of the UN debates on Korea, lauded the Indians for persevering in championing the compromise resolution for an armistice which eventually won the support of every non-Communist country.

He had forwarded the resolution to the Chinese and North Koreans with an appeal to accept the terms.

The Indian resolution provides for a four-power repatriation commission to handle prisoners-of-war; once they were released and for an umpire to adjudicate disputes. It concentrates entirely on the key prisoner issue.

"I do not know, of course, what the result of this transmission will be. It may mean an armistice and it may not. I would not like to give odds on one side of the question."

Three Courses Open

If it was rejected, three courses were open.

One was to continue along present lines, making as much of the military situation as possible within existing strategy. It "may be possible" to add to the number of South Korean troops but it should be remembered that they already comprised nine of the 15 Allied divisions.

The second course lay in increasing military pressure but this might extend the war to Asia without ending the war in Korea. The third course was to withdraw but there would be no support for that.

In his comments on UN, Mr. Pearson said it is in "a very difficult stage of its development." It was encountering discouragements and defeats but it should be remembered that it is neither a court nor a superstate "but only a mirror that reflects the picture of what is going on in the world today."

"If the picture is unpleasant and indeed at times terrifying, that is not the fault of the mirror if the reflection is an honest one."

"These difficulties are increased, I think, by the uneasiness and low morale of the secretariat of the UN. It is a fact that in some minds and because of certain developments the international character of the secretariat... may be lost and that its members will merely become the nominees of their respective governments owing loyalty not primarily to the international organization, which should be the case, but to those governments."

airlift to Japan. This airlift at first operated from Tacoma, Wash., and now is flying from Dorval, near Montreal.

The army has reported 1,247 casualties, including 233 dead, 901 wounded, 28 missing, 84 injured and one captured. The navy has reported three dead and three injured in action.

The Canadian Record

The 13 Canadian pilots to serve in Korea have shot down at least eight Russian Migs, and have scored two probables, and 11 damaged, according to figures received at RCAF headquarters. A spokesman said these figures are not necessarily complete.

The other five air force officers in Korea at present are Flt. Lt. J. C. A. Lafrance of Quebec City, with one kill, and Sqdn. Ldr. E. G. Smith, Navan, Ont.; Flt. Lt. R. E. Lowry, North Bay, Ont.; Wing Cmdr. Robert Davidson, Vancouver; and FO. Andrew Lambros, Warton, Ont., none with a record as yet.

Top Canadian pilot of the Korean war is Flt. Lt. Ernie Glover of Leaside, Ont., with three kills and four damaged.

Others who have served in Korea are Sqdn. Ldr. Omer Levesque of Mont Joli, Que., with one kill; Flt. Lt. L. E. Spurr of Middleton, N. S., with one kill; Flt. Lt. Bruce Flemming of Montreal with two probables and one damaged, and FO. W. G. Nixon of Hanna, Alta.

Four-Day Fog

Continued from page 1

of foodstuffs in the city. Some milk deliveries were missed during the week-end, but otherwise food stocks were being kept up to almost normal.

What bothered Londoners was that the thick layer of fog, mixed with tons of choking soot from the British capital's thousands of chimneys, stained clothes, upholstery, hands and hair, even in doors.

Paris of the continent also got a taste of fog and cold today. Two train crashes, cancelled air services, shipping delays and holdups in road and rail service were reported as a result of the fog.

Both train crashes were in North Germany. One person was killed and three seriously injured when a diesel train collided with a freight in Lower Saxony. Eight persons were hurt when a passenger train and a locomotive crashed in Westphalia. Both were caused by fog obscuring signal lights.
