**Red Wings Snap Leafs' Winning Streak Saturday**

TORONTO, Nov. 12 (CP) — Detroit Red Wings, hustling all the way, snapped Toronto Maple Leafs' unbeaten streak at 11 games Saturday night with a 3-1 victory over the league leaders before 14,225 National Hockey League fans.

Gardner, injured in a mix-up with Sid Abel early in the first period, needed 15 stitches to close cuts in his lips. However, the Toronto native returned to action for the last two periods.

**SUMMARY**  
 First Period  
 1—Detroit, Howe (Prystai, Kelly) 18:02  
 Penalties — Pavelich, Mortson, MacKell.  
 Second Period  
 2—Detroit, Prystal (Kelly) 9:31  
 3—Detroit, Couture (Stewart) 12:10  
 Penalties — Fogolin, Howe (major), Juzda (major), Thomson, Gee.  
 Third Period  
 4—Toronto, Gardner (Timgren) 17:01  
 Penalties — Bentley (minor and misconduct).

**CHICAGO 4, BOSTON 2**  
 BOSTON, Nov. 12 (AP) — Boston Bruins, who have won only

**Sport Echoes From Prince County**

A padded gentleman by the name of Colvin was part of the reason for the Islanders defeat at the hands of the Moncton Hawks, but we couldn't help feeling that there was more to it than that. Chamberlain's proteges were a very listless crew in the first period and if it were not for the fact that the Hawks themselves were no ball of fire in that initial frame, they might have established a commanding lead. The game kept getting better as the minutes ticked away, both teams showing more vim and vigor in the second period. It was not until the final chukker that Hardrock's hired hands began to show the superiority that Island fans have got accustomed to since the "Big Four" League made its bow in the Forum. Their power plays were

penalties included a 10-minute misconduct to Tony Leswick.

**SUMMARY**  
 First Period  
 Scoring — None.  
 Penalties — McPherson, Leswick.  
 Second Period  
 1—New York, Kullman (McLeod, Stanowski) 12:21  
 Penalties — None.  
 Third Period  
 2—Montreal, Lach 2:21  
 Penalties — Richard, Leswick (misconduct), Lach, Rayner (served by McLeod), Stanley.

more sustained and the Hawks found themselves hemmed in behind their blue-line a considerable part of the period. It was then that Colvin got really mean. The Islanders put on a good offensive show but the cool Moncton net guardian just wouldn't co-operate.

It looked to us as if the Charlottetown puck manipulators were a bit out-lucked in both their 2 to 1 defeats. Brodeur was both sensational — and lucky, as we saw it in last week's game with Saini, John, and the Islanders had more near misses in the game with Moncton than generally crops up in a hockey match. On the other hand, the boys may have had the help of a couple of horsehoes when they defeated St. John here 3 to 2. In the final seconds of that game Whillock missed an open corner of the net by a very narrow margin, and had that shot been a shade more accurate, the score would have been tied. Lady Luck is a notorious flirt, and if the boys continue to play the hockey they have been dish up, their losing streak is bound to end.

We note that Judge Elliott Hudson has suspended Kevin Conway for three games for pushing the referee around and other serious infractions of the rules. All real hockey fans will be behind the president of the "Big Four" in his efforts to curb rough tactics, but we feel this curbing action might easily have been initiated at an earlier stage. We watched a game in Charlottetown in which "Peanuts" McLaughlin hit a referee in the face knocking the whistle from his mouth. We remember remarking to our nearest neighbour that MacLaughlin would certainly be suspended for a few games for that action, and we were frankly amazed that no such suspension took place. The match misconduct which MacLaughlin received, coming late in the game as it did, was ridiculously inadequate considering the enormity of the offense and we came to the conclusion that Judge Hudson

must be more lenient with such offenders than most hockey league referees are. It seems, however, that the Judge had warned Conway that pushing referees would not be tolerated in the "Big Four". If Conway saw MacLaughlin's belligerent action and noted that it had gone unpunished, he could easily have been misled to believe that the league president's warning was not to be taken too seriously.

To get back to Prince County, where sports are really in the doldrums, with the exception of bowling and badminton, two sports providing a maximum amount of enjoyment for the participants, but with less spectator interest than baseball, hockey, basketball and football. There is some talk of forming a junior hockey team in Summerside, but some of the hockey leaders believe this would be a mistake, as Summerside has promising material for a juvenile aggregation this year, and the formation of a junior team would take some of the best players of the juvenile division. Nothing is definitely decided yet, but Jimmie Hogan is looking forward to the organization of strong mid-get and juvenile teams again this year.

 The first Pan-American Conference was convened at Panama in 1926 by Simon Bolivar, Venezuelan patriot.

**Fox Bounty Set At Two Dollars**  
 A bounty of \$2.00 will be paid by the Province for each red or patch fox pelt presented at the Royal Packing Company plant in Charlottetown between November 15 and December 15, it was announced over the week-end by Hon. Eugene Cullen, Minister of Industry and Natural Resources.

Decision to pay a bounty on wild foxes was taken following a meeting of the Executive Council a week ago. But the question of the amount of such a bounty was not decided at that time.

When the pelts are brought in for the bounty, they will be punch marked in the ear and returned to the applicant who may then sell the fur.

"This bounty will be paid to hunters and trappers but not to fur dealers," Mr. Cullen said.

BERLIN, Nov. 7 — (AP) — West Germany and the Soviet zone agreed today to end the cold war over electricity, official sources announced. Under the truce yet to be signed, the Soviet zone will deliver 20,000 kilowatts a day to West Berlin. West Germany will supply an equal amount to the Soviet zone.

PRAGUE, Czechoslovakia, Nov. 7 — (Reuters) — The British Embassy here has refused visas to 11 delegates seeking to attend the Communist-backed "Peace Congress" due to open at Sheffield, England, Nov. 13. Six visas were granted and 53 other applications were under consideration.

**Mobile R. C. A. F. Recruiting Unit Here This Week**

A mobile recruiting unit of the Royal Canadian Air Force from the Summerside Recruiting Unit will visit Charlottetown this week to interview persons from this area who desire to enlist in the R.C.A.F. (Regular). It was announced last evening. As on former occasions, the mobile unit will be located in the City Hall and will be under the direction of P.O. J. A. Robertson, assisted by F-S A. L. James.

The Air Force spokesman stated that the local mobile unit would be interviewing interested young men on Monday, Tuesday and Wednesday, with the office open on Monday and Wednesday evenings for the benefit of those who do not find it convenient to report during normal business hours.

Lower educational standards for ground crew trades were announced during the present week by Air Force Headquarters. An education of Grade 8 or better is now required. It is understood that there is presently a large quota for Air Crew trainees who will eventually be selected for training as pilots, navigation officers, or radio officers. A change has been made in the training procedure which was in effect during the war. All those selected for Air Crew training are appointed as Flight Cadets on the date of joining the force, and carry that rank throughout their basic Air Crew training.

The Air Force ground crew training program, which is recognized as one of the finest technical training schemes in the world, has been expanded to include nearly all trades, and skillful men, whether veterans or not, are also being sought for enlistment in the technical trades.

It was pointed out by members of the Summerside Recruiting Unit who visited the city recently that the Mobile Recruiting Unit staff would welcome any persons who merely desired information concerning the Air Force, as well as those who desire to enlist immediately, and that a visit to the Recruiting Unit would place those applying under no obligation whatever.

From Summerside the Mobile Recruiting Unit will proceed to Moncton, N. S., where interviews will be carried out in connection with the University Summer Training Scheme which is conducted by the R. C. A. F. It is understood that the Mobile Unit will visit other P. E. I. centres in the near future.

**"Vampire 555... clear to land"**

**"555... Roger"**

The R.C.A.F. has a code language all its own — brief, concise for quick, clear understanding.

*"Vampire 555... Clear to Land" (Control to pilot) "555... Roger" (Pilot to control tower)*

In those few words, a clear-eyed young Canadian pilot in a stream-lined Canadian jet knows that the field is clear—that it is time for him to "come in"—and confirms instructions. Perhaps YOU, as another alert young Canadian want to "come in" too.

The R.C.A.F. has immediate need of young men to train as **PILOTS • RADIO OFFICERS • NAVIGATION OFFICERS**

If you are between the ages of 18 and 24, physically fit and can meet the educational requirements, there is an immediate opening that will give you valuable training in the modern field of aviation, and an opportunity to serve your country in a vital arm of its defence.
