"A large frosted food processing company in Central Canada has shown a great interest in the possibilities of our vegetable production, and has incorporated a plant under the name of The Prince Edward Island Frosted Foods Limited.

"The Canada-wide shortage of trained workers which has greatly reduced the staff of our Department of Agriculture has prompted my Government to inaugurate a policy of assistance to students in Veterinary Medicine.

"My Government regards with concern the problems in the field of education now facing our people. The needs of our children, who are at once our greatest responsibility and our greatest asset, require that education continue to receive our closest attention.

"My Government views with satisfaction the proposal of the Government of Canada to make new agreements with the provinces in regard to assistance for Vocational training under the provisions of the Vocational Training Co-ordination Act.

"During the past year our fishing industry experienced its heaviest returns in many years. Over three million seven hundred dollars worth of fish were landed by our fishermen.

"Our trade with Newfoundland increased very materially in 1956. Heretofore, our trade with this Province has been on a small scale. This year we purchased from the Province of Newfoundland many articles that can be used in the Province of Prince Edward Island.

"During the past year two additional communities were incorporated under the Village Service Act. To date sixteen villages have availed themselves of the benefits of incorporation.

"A comprehensive program for the vaccination of pre-school and school children against polio is being initiated throughout the Province last year. This program will be resumed to complete the protection of this group of our children.

"A province-wide plan for tuberculosis testing of the population for tuberculosis infection, followed by x-raying of the positive reactors, was begun last year and will be continued this year.

PAVED ROADS

"My Government will continue to extend its system of paved roads to provide such a network that all villages will be interconnected.

"My Government intends to proceed with all possible speed to the completion of the Trans-Canada Highway. This construction will include the new Hillsborough Bridge which will be commenced this year.

"My Government's program of welfare is being extended. Persons with physical and other handicaps are offered opportunities to undertake useful work.

"The Rural Electrification Program commenced in 1954 has proceeded in a most satisfactory manner. A full report of progress, together with a detailed statement of applications not yet processed but recommended, will be presented to you for your consideration.

"You will be asked to consider various bills and matters of general interest to our Province. I will be together with you with earnestness and zeal to the various matters of public interest which will be brought before you.

"I leave you now to apply yourselves to your legislative responsibilities with the prayer that Divine Providence will guide you in all your deliberations."

"The Geological Survey of the Province is continuing. Additional detailed work will be carried out during the present year.
