THE ORATORIO CONCERT.—Our readers should not forget that the above Oratorio (the first ever given in Charlottetown) will take place on the 24th. It being a public holiday, we may expect to see St Andrew's Hall crowded. It is to be repeated with extra attraction on the next night for Mrs Stevenson's benefit, and as she is at all times ready to devote her energies to get up entertainments on all charitable occasions, and has not given a public Concert for herself for nearly two years, we think the public should show its acknowledgment of her valuable services on the present occasion.

The annual Match of the Dominion Rifle Association will hold their next Annual Match at Bedford (near Halifax,) about the 17th August next.

SCIENCE AND ART.—A striking instance of the immense value a small piece of steel may acquire by the great power of skilled mechanical labour is the balance spring of a watch. From its extreme fineness and delicacy 4,000 weigh not more than one ounce, and exceed in value £1,000. A most interesting little work, describing the rise and progress of watchmaking, has been published by J W. Benson, 25, Old Bond Street and the City Steam Factory, 58 and 60, Ludgate Hill. The book, which is profusely illustrated, gives a full description of the various kinds of watches and clocks, with their prices. Mr. Benson (who holds the appointment to the Prince of Wales) has also published a pamphlet on Artistic Gold Jewellery, illustrated with the most beautiful designs of Bracelets, Brooches, Earrings, Lockets, &c &c., suitable for Wedding, Birthday, and other presents These pamphlets are sent post free for two stamps each, and they cannot be too strongly recommended to those contemplating a purchase, especially to residents in the country or abroad, who are thus enabled to select any article they may require, and have it forwarded with perfect safety.

Holloway's Pills.—Disorders of the Stomach and Bowels.—These Pills act with so decided an effect and yet so gently, that people of the most delicate constitution may take them with every confidence of success. They do not contain a grain of mercury, or other noxious substances, being composed entirely and exclusively of rare balsams. They are, therefore, equally safe and efficacious in all diseases, and as a family medicine nothing yet invented or discovered can be compared with them for a moment. With these inestimable Pills at hand, together with the printed directions affixed to each box, no other medical advice or assistance can be needed in any ordinary case of sickness.

The all-gone feeling which people sometimes speak of, is caused by want of proper action of the liver and heart. These may be assisted and the bowels regulated, by *Parsons Purgative Pills* in small doses.

SOME editorial matter, City Council proceedings and news items, which were intended for this day's issue, are crowded out.

TO CORRESPONDENTS.—"L S." will receive attention next week.

PETERS' MUSICAL MONTHLY for May is to hand, and well sustains the proud title it bears—"The Prince of Musical Monthlies" for if there is any one periodical adapted to suit the wants of all Lovers of Music, professional or ameture, it is certainly this Magazine. The May number comes to us overflowing with choice New Music There are four new songs, by Hays, Thomas, Danks, and Eaton; three piano pieces; and we notice a new feature in the shape of six pages of Quarto Music, which will prove a valuable addition, also a dozen or more pages of Biographical Sketches and Reviews of New Music, that will be of interest to all Musicians Being largely engaged in the publication of Sheet Music, Mr Peters has always a fresh stock from which to make his selections, and seems nothing loth to draw from his resources to any required extent to make the Monthly what it should be. Besides the Musical Sketches and Reviews of New Music, each number contains no less than thirty full-sized pages of New Music by the best authors in the country. When Music is furnished so cheap, what Musician can afford to be without such a publication? $1 worth of good Music cannot be picked up every day for 30 cents and we feel justified in saying that a subscription at $3 will give as much Music (and good music,too) as you can buy for $60. This valuable Magazine is published by J. L PETERS, 198 Broadway, New York, (P. O. Box, 5499).

PUBLIC SPEAKERS AND VOCALISTS will find them beneficial in clearing the voice before speaking or singing, and relieving the throat after any unusual exertion of the vocal organs, having a peculiar adaptation to affections which disturb the organs of speech. Sold at 25 cents per box, by all dealers in Medicine.

CARLTON'S CONDITION POWDERS.—The best medicine in existence to put a horse in good condition, giving him a coat, soft and bright as satin, purifying all the internal and urniary organs They act directly on the Kidneys, give him a good appetite, Regulate the Bowels without purging, and are the desideratum so long sought for

She had no passengers The crew, numbering 50, were taken to Barrington. During the gale on Sunday night last, she was completely broken up, and at last accounts a number of vessels were engaged in picking up the cargo, which was all adrift in the Bay. She, like the Hungarian was one of the Allan Line, owned at Portland, Maine.—Yarmouth Herald.

We have seldom seen a finer display of ladies Dress Materials than that exhibited by our friend Robert Young. They consist of an almost endless variety of fancy Dresses, from 10½ per yard upwards, Coburgs, in almost every shade and quality, Winseys, good and heavy, from 11d per yard, French Merinoes, in all the leading colors, very cheap, Prints from 8d per yard very good, and nice Ginghams from 9d. Ladies would do well to take a note of this.

Corn and Flour are staple articles; but not more so than *Johnson's Anodyne Liniment*, where known. It is good for children or adults, for any internal soreness of the chest or bowels, and the best Pain Killer prepered, under whatever name.
