

SCHOOL UNDERWAY

The surf lifeguard school at the YMCA began yesterday and continues to June 15, with 14 students receiving instructions. At the end of the school the students will qualify for employment at the National Park in one of eight supervised areas along the Park's shores. Above, senior lifeguard, David Large (CENTER), the school instructor, shows Douglas Moore (LEFT) and David Johnston how to throw a life line.

## Education And Pollution Topics Take Up Attention Of Mayors

VANCOUVER (CP)—Education and pollution were the main topics Tuesday at opening session of the Canadian Federation of Mayors and Municipalities conference. The resolutions committee recommended a change in a resolution submitted by Mount Royal, Que., which wanted the federal government to ask provincial governments to legislate provision for other sources of revenues for school purposes and ease the tax burden on property owners.

## Negroes Resume Anti-Fear March

HERNANDO, Miss. (AP)—Several Negroes stepped forward, the officers shoved them off the highway. One Negro fell. Meredith's "march against fear" Tuesday after a brief confrontation with highway patrolmen. The Negro civil rights leader and about eight other Negroes linked arms and walked down a highway, starting at the spot near here where Meredith was felled by a shotgun blast late Monday on his march to Jackson, Miss.

## Island Man Admitted To Bar Of N.B.

FREDERICTON (CP)—Six young men were admitted to the Bar of New Brunswick Tuesday. The new barristers and solicitors are Guy W. Boisvert, Bathurst, N.B.; Charles Emery Brison and Allison Mills, both of Moncton; Charles David Hughes, Fredericton; Gordon Simmons, Summerside, P.E.I.; and Ross Webster, Westmount, Que.

## Thousands Of Cubans Flee Hurricane Alma

MIAMI (AP)—Killer Hurricane Alma, already responsible for 73 deaths moved on Cuba Tuesday with 90-mile-an-hour winds and lashing rains that coming from the heavy blow to Cuban Premier Castro's staggering economy. Alma's gale force winds, reaching all the way from Honduras in Central America in the Florida Straits, churned up 20,000 square miles of angry seas. An equally weather reached not even farther, driving small craft into sheltered waters as far north as Cape Kennedy in central Florida. Two ships caught in the hurricane, the Gulf Trader and Marine Service, radioed the U.S. Weather Bureau that they were fighting seas 20 to 30 feet high just north of the storm's eye. A forecast speaking out of the storm system destroyed several houses and some power lines on the island of Cayman Brae about 190 miles south of the Cuban coast. THOUSANDS FLEE Thousands fled low lying coastal areas of Cuba and its Isle of Pines as the huge, wet storm thrashed relentlessly northward out of the Caribbean Sea at a 5-mile-an-hour pace. Winds were expected to rise to hurricane force late Tuesday night on the Isle of Pines, where jail cells are jammed with Castro's political prisoners, and over all of western Cuba shortly afterward. Squalis hit Key West, Florida's southernmost city, Tuesday morning and rose steadily toward gale velocity. Due to the storm's uncertain movement, forecasters declined to speculate until later on the fate of the heavily-populated southeast Florida mainland.

HAW HAW DIES

Capl. Norman Baillie Stewart, who as the original Lord Haw Haw of World War II broadcast from Bremen for the Germans, collapsed on a Dublin, Ireland, street Tuesday and died in a hospital. He was 57. Baillie-Stewart was jailed for treason and released in 1949 from Britain's Parkhurst Prison. Since then he had lived quietly in a Dublin suburb. (AP Wirephoto)

# NATO Talks Deadlock On French In Germany

## DOMESTIC MARKETS BEING LOST?

## Manufacturers Alarmed Over Geneva Trade Talks

By KEN SMITH trade talks at Geneva, Humphrey B. Style, outgoing president of the Canadian Manufacturers' Association, said Tuesday. He told the 95th annual meeting of the association that Canada had offered specific tariff reductions at the talks two years ago in expectation that the United States, European Common Market and other countries would reduce their tariffs by 50 per cent in the trade negotiations.

## Chief Justice Elected Head Of Canadian Club

The Chief Justice for the Province, Hon. Thane A. Campbell of Summerside, last night was elected president of the Canadian Club of Prince Edward Island. He succeeds Alex Wilson of Charlottetown.

Retiring vice-president W.J. Hancock presided in the absence of the president. Lieutenant-Governor W.J. MacDonald is honorary president. Other officers include: vice-president, Gordon Bennett; president, Queens County, A. Walthen Gaudet, QC; Charlottetown; vice-president, Kings County, Mrs. G.D. McKnight; Montague; vice-president, Prince County, Allison McLean, Summerside; honorary secretary-treasurer, Jack A. MacAndrew. Directors are: A. Walthen Gaudet, QC, Robert Smith, Stewart Wright, Mrs. Evelyn Cudmore, Gordon Avar, Mrs. Frank Cutcliffe Fredericton.

CHIEF JUSTICE CAMPBELL

## Local Man Is Lions Governor

W.J. "Bill" Brown of the Charlottetown Lions Club was elected District Governor of District 41-N-1 at the Lions annual multiple district convention held at Portland, Maine yesterday. The news was received by telephone from Allison Gill of the Charlottetown Club, who was Mr. Brown's campaign chairman in the governorship race.

## Electrical Storms Hit In Maritimes

HALIFAX (CP)—Severe electrical storms struck many areas of the Maritime Provinces Tuesday night, knocking out power and communications and damaging several buildings. There were no immediate reports of injuries, but five members of a family were forced to flee their burning home after it was struck by lightning at the northern tip of Cape Breton Island. Lightning strikes caused a brief power failure in a large section of Saint John, N.B. A brief blackout was reported in the Woodstock, N.B. area where a church steeple was damaged by lightning. Telephone communications were disrupted on Nova Scotia's South Shore—in most areas, the storms were brief and rainfall was light. Hardest hit area appeared to be the extreme northern tip of Cape Breton Island. Several homes were hit by lightning and one two-storey house was destroyed by a resulting fire but Mrs. Mary Dixon and her four children escaped unhurt.

## Lesage Is Silent On Resignation

QUEBEC (CP)—Premier Jean Lesage, still silent on whether he plans to resign after the narrow election defeat of his Quebec Liberal party, said Tuesday a meeting of his cabinet scheduled for today will deal with "routine though pressing matters". Mr. Lesage said constitutional custom makes it necessary, under the circumstances created by the Sunday election, that the government should make no appointments and that it should deal only with pressing routine matters. The premier made the statement when he was asked whether the cabinet meeting would deal with a month-long work stoppage by some 1,600 professional men and women employed by the provincial government. Daniel Johnson, whose Union Nationale won 55 seats against 51 for the Liberals, called on the premier to "follow established precedent" and step down. "I feel sure we will be called upon to form the government soon," said Mr. Johnson. The Union Nationale leader says his party now should take over the government, with himself as premier.

## Independents Choose Sides

MONTREAL (CP)—Frank Hanley, returned as an independent member for the Montreal riding of Ste. Anne in Sunday's provincial general election, said Tuesday he will support the Union Nationale party. Daniel Johnson's Union Nationale party won 55 seats in the legislature Sunday while Premier Jean Lesage's Liberal party took 51. Mr. Hanley is one of two independent members elected. "My people have instructed me to support the Union Nationale as long as they present legislation to the advantage of the people of Ste. Anne's," he said in a telephone interview. "They felt that according to the constitution the party with the most seats should govern." Arthur Seguin, the other independent member elected, has said he will vote by issue and not follow any party line. However, he said he would provide some support for the Liberals as "I agree with 85 per cent of their proposed legislation".

## Special Meeting Planned Today

By HAROLD MORRISON BRUSSELS (CP)—North Atlantic foreign ministers failed Tuesday to break a deadlock over the future of 70,000 French troops in West Germany and external Affairs Minister Paul Martin was forced to call a halt in discussions and shift attention elsewhere. The Canadian minister, presiding over the NATO council, told a press conference that the issue will be reopened today in a special session. NATO members had proposed a committee of five countries to negotiate the future role of the troops after France withdraws from NATO's integrated military command July 1.

## Price Index Up For May

OTTAWA (CP)—The consumer price index rose one-fifth of a point to 143.4 for May, a record high but the smallest increase in four months, the Dominion Bureau of Statistics reported Tuesday. The index, based on 1949 consumer prices equalling 100, was 143.2 in April and 138.0 in May last year. Rising food prices, which climbed rapidly last fall and winter, edged upwards by only one-tenth of an index point to 143.8 in May from 143.7 in April. Clothing prices fell fractionally, but the costs of recreation and reading materials were higher.

## Parliament At A Glance

TUESDAY, June 7, 1966  
Labor Minister Nicholson and Transport Minister Pickett were to discuss a strike vote approved by 1,200 workers along the St. Lawrence Seaway. The workers approved a walkout for June 17 to back demands for higher pay. Speaker Lucien Lamoureux announced tighter security restrictions for the Commons in the wake of a bomb blast last month that killed the bomber. The steps include an increased protective staff, closer control over visitors, including checking of packages, and issuing of identity cards to employees, members of the Press Gallery and ministerial staff. Prime Minister Pearson announced cancellation of a federal-provincial conference scheduled for Victoria June 16-18 to discuss education. Uncertainty about a switch in the wake of close provincial elections forced a switch for the conference probably to this fall in Ottawa, he said. The bureau of statistics reported that the consumer price index in May rose to a record 143.4, up one-fifth of a point. The Commons studied and approved amendments to the Customs Tariff Act outlined earlier in Finance Minister Sharp's budget. Then it approved a resolution carrying amendments to the Excise Act and started study on one amending income taxes. WEDNESDAY, June 8  
The Commons meets at 2:30 p.m. to continue study of a resolution on income tax amendments. The Senate meets at 3 p.m.

## Vacancy Question Deferred

CAPITAL BUREAU OF THE GUARDIAN  
OTTAWA—An attempt to question Prime Minister Pearson about the Prince Edward Island senate vacancy failed in the Commons Tuesday. Melvin McQuaid, MP for Kings, asked Mr. Pearson if he could give any idea when the P.E.I. representation in the senate would be brought up to full strength. Although he prefaced his question with the comment that the matter was one of extreme urgency and of considerable national importance, Commons Speaker Lucien Lamoureux ruled that the question should be placed on the order paper. Mr. Pearson has not yet filled the vacancy caused by the resignation last summer of Dr. T. V. Grant. P.E.I. is entitled to four senators but since Dr. Grant's resignation has been represented by only three, Senators J.J. MacDonald and Dr. Orville Phillips, Conservatives.

TEACHER RETIRES AFTER 41 YEARS

Mrs. Roland Bryant, a grade seven teacher at Parkdale Junior High School, is retiring after 41 years of teaching school. Last night the Parkdale High staff gave a party in her honor at the home of Mr. and Mrs. Everett Johnson, Sherwood, and presented her with a gift. Above are Mrs. Bryant and Weston Carmody, principal of Parkdale Junior High.

## Economic Progress Appears Chief Issue For Manitoba

WINNIPEG (CP)—Economic Liberal Leader Gill Molgat says Manitoba has developed a higher economy and a de-Progressive Conservative government has become the axis of the new Manitoba government. "We are falling behind in industrial development. We are losing our population and we have the lowest wages west of the two-week-old election battle. The standings in the last legislature were 36 Conservatives, 13 Liberals, five New Democrats, one Social Credit with two vacancies. Running a close second for verbiage are education and taxation, both carryover from earlier campaigns.
