

"Why Some Succeed"

The shrewd advertiser is the one who knows how, when and where to advertise. The merchants who advertise in THE EXAMINER are not the men to make mistakes, as you can see for yourself. But you may get the benefit of their experience by watching how, when and where they advertise. Some papers pay advertisers, some do not. Only a few pay, and they can be picked out by the large amount of advertising they do.

THE WEEKLY EXAMINER

is issued every Friday morning. It is made up of matter which has appeared in the Daily Edition, and is a first-class weekly newspaper containing all the latest news.

CALENDAR FOR JULY, 1896.

Last Quar 2nd day, 9h 10.8m. p. m.

BOARDING & TRAINING STABLES

Grafton Street, Opposite Court House.

JOHN M. NICHOLSON, Prop'r.

Having opened a public Stable on Grafton Street, I am prepared to take Gentlemen's horses and colts at all seasons of the year to board, train, break or keep in road condition for immediate use. Horse clipping also attended to. Terms reasonable.

Nov 21—J.M.N.

The "WHY"

One teaspoonful of Tetley's is found to equal one dessertspoonful of most other teas.

WHY?—Because our sealed packets contain only **TEA-LEAVES**,—no dried stalks or adulterations.

"Tetley's" TEAS

"FROM ANCIENT INDIA AND SWEET CEYLON."

Only a Few Left

Although our stock of BABY CARRIAGES were received a little late, we have only a few left. These we do not want to carry over. They

Must be Sold

Don't neglect this opportunity of buying a good carriage much lower than the regular prices.

JOHN NEWSON

Baby's Own.

Babies like it—it's good for them. BABY'S OWN SOAP is certain in cleansing, so safe, and sweet in using. Keeps skin soft and healthy. Good for babies or old folks. Sold by all druggists.

THE ALBERT TOILET SOAP CO., MONTREAL.

PLUMBING AND HEATING

Now is the time to have your house heated and plumbed, for in the fall it will be too late, as everybody will be in a rush then and it will cost you a great deal more. So if you are contemplating having any of the above work done, we are prepared to give you satisfaction in all its branches at a very low figure. Remember we do all our own work, and can afford to do it cheaper than any others in the business. We thoroughly understand every detail of our business. Jobbing done at short notice. Law-mowers and other machinery repaired. We also handle the National Dish Washer. Washes, rinses and dries the dishes perfectly of either large or small family in from one to five minutes. No labour, no mess, no slop, no wetting of hands or spoiling of clothes; no broken or chipped dishes, no wiping necessary. Will produce a finer polish than can be done by hand. It is well and durably made of sheet steel, galvanized making it strong and substantial. Best of references.

JAMES BARRETT,
Conolly's Wharf.

FACTS

It is a fact that we have the best assortment of Midsummer Readymade Clothing in the City. This stock has been selected from nice new patterns of tweeds, made up in the latest styles, and are being sold at prices that leave hard times out of the question.

It is a Fact

That we have these goods also in youth's and boys' sizes. Prices corresponding to size—and size for everyone. Our advice would be to see these goods. We are satisfied that for design and price they are not equaled in the city.

It is also a Fact

That if Readymades are not good enough for you we can turn out to your order, the leading custom made goods of the city. Our custom department excels all others in the newness and amount of cloths shown, and in the class of workmen employed.

The Fashionable Tailors

McKay Woolen Co.

RESOURCES OF CANADA.

A committee of the Dominion Senate reports that there is in the Canadian Dominion a potentiality of 230,000 square miles, or 200,000,000 acres, suitable for wheat. We can see the significance of this fact, when we know that in 1888 the whole area sown to wheat in the United States was according to the report of the Department of Agriculture, 98,000,000 acres. Canada is destined to be the chief granary of the world. Wheat has been successfully grown at Fort Simpson on the Mackenzie River, 802 miles north of the northern boundary of the United States. Barley is a safe crop at Fort Norman, between four and five degrees north of Fort Simpson, and potatoes have been grown with great success within the Arctic circle.

This seems incredible, that what has been considered a frozen and barren waste, should be one of the most fertile tracts in the world, but it is easily understood when we consider the various causes which produce this result. One cause is the low elevation above the sea level. For a distance of fifty miles east of the Rocky Mountains, the average elevation above the sea level of the Union Pacific Railway in the United States is 5,000 feet. Now there is a gradual descent northward until, when the Mackenzie valley is reached the altitude is only 300 feet. This difference of altitude is equal to thirteen degrees of latitude; that is, about 900 feet for every degree, but through numerous passes in the northern part of the range, the Chinook winds find their way out on the Canadian plains. There is almost a constant current of air warmed on the plains west of the Mississippi, flowing northward. The warm winds from the west and east carry a genial summer climate far beyond the Arctic circle.

One more. The length of the summer days affects the temperature. In the center of the Peace River country, the longest summer day is seventeen hours and twenty-eight minutes; that is, from sunrise to sunset. The prolonged sunlight promotes vigorous and rapid growth. It is a recognized fact, that all plants are produced in their greatest perfection at the northern limits of the zone they characterize. It is not surprising, therefore, that our wheat is the best in the world.

And as with wheat, so with men. We are under a sky and upon a soil favorable to the development of the most robust qualities. The northern nations of the Old World have been larger-limbed, and stouter-hearted than the children of those more effeminate regions where the soil yields its harvests without labor and warmth generates indolence and languor. The future of this continent will probably in this respect resemble the past of Europe. The hardy race which will yet dominate this vast continent will be bred in this Dominion.—Methodist Magazine.

RICHLIB BLOOD

is the foundation of good health. That is why Hood's Sarsaparilla, the One True Blood Purifier, gives HEALTH.

We Recommend

anyone having trouble with their eyes to get them properly tested, and if needed glasses, have them fitted to suit.

No expense incurred to find out if you need them.

Evenings by special appointment.

G. H. TAYLOR,

Graduate Optician.
North Side Queen Square, Ch'town.

Royal Baking Powder

Highest of all in Leavening Power.—Latest U.S. Gov't Report

ABSOLUTELY PURE

A TERRIBLE CONDITION IN MIDSUMMER.

Paine's Celery Compound a Fortifier and Builder.

"I have no ambition, vim or energy these days, I feel all gone, listless, despondent and miserable, and I often wish that this weary, weary world was over."

The above declaration was a humble confession made at this particular season by young and old who are out of gear physically, and as a consequence are easily prostrated by the prevailing hot weather.

It is suicidal for sickly men and women to attempt to pass through the terrible heat of summer without the help of such a health and strength builder as Paine's Celery Compound. The use of this great stimulating and health-building remedy soon restores mental and bodily vigor, and gives that true health and strength that can combat all the dangers that beset us in July.

Paine's Celery Compound to-day is doing a mighty work for thousands of half-dressed people, who receive daily from every part of Canada show that the great medicine has rescued people from the grave, and is giving them a new life.

Reader, we counsel you to give Paine's Celery Compound a honest trial if you would be well, vigorous and happy during the most trying month of the year.

For Dyspepsia and Bad Blood

Manley's Celery-Nerve Compound is unexcelled.

Mr. Geo. Reid, C.T.R. Operator, New Hamburg, Ont., under date of March 24, 1896, writes as follows: "I was troubled for two years with Bad Blood and Dyspepsia of the worst kind. Tried several medicines, but none gave much relief. Until I tried Manley's Celery-Nerve Compound my blood was in a dreadful state, but I am happy to say your medicine cured me."

MURRAY & LANMAN'S FLORIDA WATER

THE SWEETEST MOST FRAGRANT MOST REFRESHING AND ENDURING OF ALL PERFUMES FOR THE HANDKERCHIEF, TOILET OR BATH.

ALL DRUGGISTS, PERFUMERS AND GENERAL DEALERS.

COTTAGE TO LET.

A nice cottage on Fitz-roy Street, just now completed by Rev. D. H. Lodge, Possession given 1st July. Apply to J. D. Taylor, Book Binder. July 21

Miners employed in the coal mines at Tiverton, Barclay, Dawson and Spalding, Illinois county, about 600 in number, struck on Thursday. Operators have reduced wages from 35 to 32 cents per ton. The Children's Enemy. Scrofula often shows itself in early life and is characterized by swellings, abscesses, lip diseases, etc. Consumption is scrofula of the lungs. In this class of diseases Scott's Emulsion is unquestionably the most reliable medicine. New lot of regatta shirts opened to-day at D. A. Bruce's. July 21

ST. THOMAS CHURCH, LONG GREEK.
Morning service and sermon by lay readers every Sunday at 11 a. m.—the fourth Sunday in each month excepted. Holy Communion on the fourth Sunday in each month—service and sermon by Rev. Mr. Andrews. Mr. Andrews will also conduct a service and deliver a sermon on the second Wednesday of each month.

LITERARY NOTES.

The last number of Harper's Weekly contains an interesting contribution on the growth of the royal wren side of New York, profusely illustrated, an illustrated article on Japanese culture in the Island of Jamaica; a thrilling account of the action between the Constitution, the Cyane and the Levant; and also an interesting record of the sporting events of the week. The Weekly is still stubbornly fighting for financial honor, and the front-page of this week points a moral that silverites should heed.

Seldom is so much delightful fiction presented in a single issue as in this magazine as is invitingly arrayed in the short story issue (August) of the Ladies Home Journal. With the best contributions of such clever story writers as Mrs. Harle, Jerome K. Jerome, Sarah Parr, Lillian Bell, Jeanette H. Walworth, Caroline Leslie Field, and Annie Steger Winston, the illustrations of such capable artists as W. L. Taylor, T. de Thulstrup, Alice Barber Stephens, Otto Tensperer, Florence Peard England and Clifford Carlotta, divide attention and interest. The mid-summer Journal covers a wide range of topics and is exceptionally attractive. By the Curtis Publishing Company, Philadelphia; one dollar a year, ten cents per copy.

A Monkey on Shipboard.
Among the passengers arriving at Southampton recently by the steamship Norman was a monkey of large size which came from South Africa in charge of a passenger by whom he was found after the late explosion at Johannesburg, seated in the only room remaining intact of what had just before been a considerable sized cottage. In the room were also discovered two baby children, one of whom had been killed, but the other was alive, and it is said, in the arms of the mother, who was tenderly nursing it. The living child was adopted by a resident of Johannesburg, but the monkey, who was noted on board for his extreme fondness for children, was a popular passenger by the Union Company's mail steamer.—ST. LEWIS DISPATCH.

Port of Charlottetown.
ENTERED.

Property is free of incumbrances. Apply to

July 10—1m MRS. FRANK MCKENZIE

Scrofula

Infests the blood of humanity. It appears in varied forms, but is forced to yield to Hood's Sarsaparilla, which purifies and vitalizes the blood and cures all such diseases. Read this: "In September, 1894, I made a mistake and injured my ankle. Very soon afterwards,

A Sore

two inches across formed and in walking to favor it I sprained my ankle. The sore became worse; I could not put my boot on and I thought I should have to give up all my work. I could not get any relief and had to stop work. I read of a cure of a similar case by Hood's Sarsaparilla and concluded to try it. Before I had taken all of two bottles the sore had healed and the swelling had gone down. My

Foot

is now well and I have been greatly benefited otherwise. I have increased in weight and am in better health. I cannot say enough in praise of Hood's Sarsaparilla." Mrs. H. BLAKE, So. Berwick, Me.

Hood's Sarsaparilla

Is the One True Blood Purifier. All Druggists \$1. Prepared only by C. I. Hood & Co., Lowell, Mass. To all who use the best family cathartic, Hood's Pills and liver stimulant.

MAKE UP YOUR MIND

Be Up-To-Date

In soaping as well as in everything else. Old-fashioned soaps are not good enough for up-to-date people. No, they are all using

Sunlight Soap

and are keeping their homes clean, bright and cheerful with very little labor. To all who use this world-famous Soap it means

LESS LABOR GREATER COMFORT

For every 12 Sunlight wrappers sent to Lever Bros. Ltd., Toronto, a useful paper-bound book will be sent, or a credit balance of 50 cents.
