Former Islander Loses Van In Spectacular Fire

Lloyd (Red) Manderson, son of Mr. and Mrs. Harold Manderson and grandson of Mrs. May Cameron of New Annapolis, who has been working with a transport company in Saskatchewan for four years, was involved in a spectacular fire when his van caught fire about 18 miles east of Saskatoon recently. About 2.45 in the afternoon, Manderson pulled into a service station, and noticing more smoke than usual coming from the stack of the van's oil heater, he opened the doors to investigate and found the interior ablaze. After unsuccessfully attempting to put the fire out with a hand extinguisher, he jumped in the truck and drove away from the service station. Within minutes the truck and contents were a blazing inferno, and most of the 45-gallon drums of naphtha gas which were included in the miscellaneous cargo exploded. Traffic on the highway was held up for more than three hours and the damage was estimated at about \$8000.

Advices Eisenhower To Quit Command

PARIS, March 18 - (AP) - Paul G. Hoffman said today he has advised his command of the North Atlantic Treaty Organization and go home to work for the Republican presidential nomination. From high sources it was indicated that Hoffman, former Marshall-Plan chief, felt he brought the General part way toward agreement. Publicly Hoffman, a leader in the Eisenhower movement, said Eisenhower made no commitments about returning. But privately, Hoffman evidently told some of his associates he felt that a busy political week-end had persuaded Eisenhower that duty did not bind him to remain at his supreme headquarters up to the hour of the Republican national convention, July 7.

MR. H. W. CLAY

included Newfoundland, Nova Scotia and Labrador, all accessible by air.
"The farmers should get together and modernize their business," he stated. "They could probably build a factory or two," he added, and he cited the need for a milk concentration plant and the potential resulting benefits.

"We could give the people of Labrador, Newfoundland and Nova Scotia dried milk from Charlottetown the same way in which concentrated orange juice is sold to us," he stated. The Premier added that milk sold for 33 cents a quart in Newfoundland and that it could be flown from here for as little as five cents a quart in concentrated form. He explained that water is added to the concentrated milk in proportion to the quality of milk which one wants. He spoke of his own personal experience in taking home a case of the concentrated milk from Hartford, Conn., and using it on his cereal and in the glass. "It was as good as that which came off the farm," he said.

He commended Mr. Clay on his work throughout the years and referred to him as the founder of the Island bacon hog industry. He had a good word for the local meat packing plant, which he stated had done considerable good for the farmers and advised them not to compete in opposition to the plant as they were too large a concern. The Premier also suggested that farm boys should get Island education. "I would say that Island farmers are the tops in the world but I think they should get a little more education," he concluded.

S'ide Couple To Celebrate Golden Wedding

Another of our esteemed couples of Summerside, Mr. and Mrs. Alonzo Larkin, are looking forward to their fiftieth wedding anniversary on Thursday, March 27th. Mr. Larkin, a life long resident and highly respected citizen of this town, and his wife, formerly of Newfoundland, have raised a family of seven, four sons and three daughters. They include Fred, living in Somerville, Mass., Bert of the Federal Public Works, Charlottetown, David, and Arthur, both of the civil service in the local post office, Mrs. Roy Pidgeon, and Mrs. Frank MacEwen, of Summerside, who is now deceased.

Attlee Faces New Row With Bevanites

LONDON, March 18 - (Reuters) Clement Attlee, leader of the Labor Party, tomorrow will fight another battle to make Aneurin Bevan and his rebellious followers toe the line. He will present a code of conduct to Labor legislators, designed to prevent any repetition of the Bevanites' refusal to support party leadership in backing the defence program.

Directors Elected

At the end of the meeting three members were elected to the Association's board of directors. They are Messrs. Roland Paynter, French River; Sterling Willis, French River; and David Wright, Lower Montserrat. The inscription on Mr. Clay's appreciation certificate read as follows: "As an official in the service of the Federal Department of Agriculture for 30 years Mr. Clay's diligence, devotion and vision have been of such high order that agriculture and the general economy of the province benefited immeasurably through improvements in livestock breeding as the result of policy encouraged by this official."

"The excellence of Island Yorkshire swine as demonstrated by official grading, export demand through the continent and show ring competition at the Royal Winter Fair in particular, are proof of the progress resulting from carefully planned and efficiently supervised promotional programs."

In testimony and appreciation whereof we have on behalf of the Province of P. E. I., this 18th day of March set our hands. "Province of P. E. I., J. Walter Jones; Dept. of Agriculture, C. C. Baker; Fed. of Agriculture, J. Lincoln Dewar, Secretary; Swine Breeders Association, W. Wylie Gibson, Fred J. Andrew."

Three-Act Play Presented At Alberton Hall

"Safety First," a three-act farce, was presented in Alberton Women's Institute hall last evening by players of the Sacred Heart Church directed by Rev. W. E. Monaghan. The leading role of the play is that of an inoffensive young husband, Jack Montgomery, who falls into trouble with the law after trying to rescue a Turkish maiden from the hands of the police. He and his chum, Jerry, visit Zuleika to aid the interest of Jack's cousin, Elmer Flannel, a shrinking young man. Jack, Jerry and Zuleika are arrested and sentenced to 30 days in jail. In order to keep the disgrace from Jack's wife and Jerry's fiancée the boys tell them they are going by boat to a Shriner's convention in Jacksonville, Florida, and the scheme works.

Y's Men's Radio Auction Today At Summerside

The Summerside Y's Men's 13th annual mammoth radio auction begins at 3 P.M. this afternoon when approximately 1000 articles will go up for auction on CJRW. For several days and evenings volunteer club members have been at work in preparing for this radio auction. A great deal of time and work was required in unpacking, pricing, and placing on display, the large number of items which are now neatly and attractively displayed in the old post office building. Headquarters for the actual auction have been set up in the banquet room at the Canadian Legion Home on Water Street, where phones have been installed, and preparations completed for the radio auction which begins this afternoon, and is expected to continue well on into the evening.

Poultry Ass'n Meeting On Snowbound Train In 1918

The following clipping from The Guardian, published during Farmers' Week, 1918, shows the difficulties encountered that year with snow-bound trains. It is interesting to note that although the incident related occurred thirty-two years ago, several of the persons named are still active in public agricultural activities: "A most interesting programme was carried out by the members of the P. E. I. Poultry Association on the evening of March 24th, in a snowbank on the P. E. I. Railway, as the delegates were returning from the convention in Charlottetown. Mr. Albert Schurman and first called upon Mr. Eliphalet Howatt, of French River, who sang most acceptably, 'Where the River Shannon Flows'. Mr. Howatt was encored and responded by singing 'And the Green Grass Grew All Round'. Mr. J. B. Millman, of Long River then delivered an entertaining and instructive speech, which was well received."

"Mr. Murdock McLeod, of French River, delighted and thrilled the audience by singing 'Scotland Forever'. W. J. Walker, of Kensington, followed with an interesting speech, subject: 'The difficulties of travel between the United States and Prince Edward Island in the winter season.' In the course of his speech he took occasion to sympathize with some lady passengers who were present and who had recently experienced some of those difficulties. "A chorus was then sung, participated in by all present. Mr. Isaac Lowther, of Kensington, followed with a short speech. Mr. Percy Frederic, of West Devon, gave a reading entitled 'Then and Now.' "A song by Wm. Frazer was received with great applause. Mr. T. J. Inman, of Bedeque gave an interesting account of a trip to the Canadian West. Mr. Edward McKay, of Darnley, gave a very interesting and philosophic speech. "Well Never Let The Old Flag Fall" was then sung heartily by the whole audience. "Instrumental music was furnished by Wm. Frazer and Mr. E. Howatt gave an exhibition of step-dancing. Horace Wright, of Bedeque, gave a recitation. Mr. C. H. Warren, of French River, and Mr. Leonard Schurman of Bedeque delivered short speeches, after which the concert came to a close by singing 'Auld Lang Syne.' "After the concert a debate was held, the subject being 'Should the franchise be extended to women?' Horace Wright opened the debate, showing many good reasons why the ladies should be allowed to vote. Mr. J. B. Millman ably replied giving convincing arguments why this should not be done. Supporting the arguments of the opener were Messrs. McKay, Inman, Schurman, Frederic, while those supporting Mr. Millman were Messrs. Howatt, Leod, Walker and Warren. Upon a vote being taken, it was decided in favour of extending the franchise to women by the casting vote of the chairman. "Although the train was 14 hours out from Charlottetown to Summerside, the passengers declared that a more enjoyable time had never been spent and all agreed it was an event that would be associated with most pleasant memories."

Keen Interest In Schurmans School Parade

The M.F. Schurman Company presented last Friday evening its second Schurmans' School Parade of the current season, and, as usual, the full hour program was indeed an entertaining one and one packed with suspense, as far as the interscholastic spelling contest was concerned. The two spelling teams, St. Eleanor's and Kensington, battled through the first two rounds of play with a perfect score. After two more rounds, each team had misspelled two words which still left the score tied at 18 all. Then came the fatal round 5 for the Kensington team. The St. Eleanor's team spelled first and missed only one word.

The first words were then given to the Kensington spellers and they made 3 missuses and thus lost the contest by a score of 22 to 20. The winning team from St. Eleanor's consisted of Beryl Eshery, Norma MacKinnon, Erma Ferrish, Eleanor Haywood and Betty Compton. The hard fighting Kensington team, who would give anyone a run for their money when it comes to spelling, was made up of Iris Champion, Patsy Watson, Gail Darrach, Marion MacArthur and Louise Cairns. There were three students with a perfect score from St. Eleanor's. They were Norma MacKinnon, Eleanor Haywood and Betty Compton. The Kensington school had two perfect scores. They were Patsy Watson and Louise Cairns. The week before last on Schurmans' School Parade, the spelling skills of the St. Mary's Academy and Summerside High School were tested and after 7 rounds, the Summerside High School emerged 12 victors by a score of 26 to 31. The winning team was represented by Hester MacPhee, Barbara Vaughn, Elizabeth Nicholson, Diane MacQuarrie and Herb Crockett. Of these students two spelled their 7 words correctly. They were Hester MacPhee and Diane MacQuarrie. The St. Mary's team was composed of Patricia Grant, Maude Gallant, Mary MacInnis, Marie LeClair and Shirley Durant. The talent numbers which were presented both nights were exceptionally good and students from the St. Mary's Academy, Summerside elementary and Junior high school, St. Eleanor's, and Central Bedeque schools took part. Schurmans' School Parade is presented each Friday night at 7:30 p. m. over CJRW as a public service feature of the M.F. Schurman Co. Limited.
