

DETAILS NOT WORKED OUT

Lobster Trap Limitation Planned For District 8

CAPITAL BUREAU OF THE GUARDIAN
OTTAWA — Fishermen in Prince Edward Island and New Brunswick have succeeded in convincing the federal government to implement controlled lobster trap limitations in lobster fishing area 8 this season. Fisheries Minister H.J. Robi-

chaud announced Thursday that controlled trap limitation coupled with registration of lobster boats, would be brought into effect for the season which runs from Aug. 10 to Oct. 10. Area 8 is that part of Northumberland Strait which touches the shore of Prince County in P.E.I., Kent and Westmorland

Counties in New Brunswick and part of Cumberland County in Nova Scotia. Mr. Robichaud said the trap limit had not been set but that a limit of about 225 or 250 traps was under consideration. Further details on the limitation and method of boat registration are to be announced as soon as possible.

MAY BE EXTENDED

The minister said if the experiment is a success it would be extended to other lobster fishing areas.

Former fisheries minister J. Angus MacLean said he believes the experiment is worth trying for one season, particularly as it had been widely requested by the fishermen themselves.

"The purpose is to cut down the cost of catching lobsters and the fishermen believe that as many lobsters can be caught with much less gear over the whole season," Mr. MacLean said. "If a smaller number of lobsters are caught then the experiment will not be a good one but the catch-per trap is not constant and most lobsters are caught early in the season. A fewer number of traps should spread the catch out over a longer period and result in the same total number of lobsters."

House Meets This Morning

Premier Walter R. Shaw announced last evening that the Legislative Assembly will meet again at 10 o'clock this morning and also it will have an afternoon sitting and possibly an evening sitting.

When the Assembly sits in the afternoon it will be the first time during this session of the Legislative Assembly that it sat on a Friday afternoon. The increase in the tempo of House activity is being made in order to finish up the business of the House before Easter.

Under normal, unhurried conditions the House only sits from 10 until 12:30 on Fridays.

Man Killed In Collapse; 3 Rescued

OTTAWA (CP)—Three floors of reinforced concrete collapsed Thursday at a block-long construction site on Elgin Street. Four workers were dug from the rubble one dead.

Store and office workers poured into the street in panic as the structure crashed. About 40 men were at work on or about the project.

Three men trapped near the top of the heap were quickly freed and sent to hospital with minor injuries. It took fire department rescue teams nearly two hours to reach the dead man, Flavio Carozzi, 35. Acetylene torches and chain-saws were needed to pierce five feet of rods and boards that covered him.

The project is a \$1,200,000 12-storey apartment and office building being erected for Glenwood Investments Ltd. by Boyce Construction Ltd., Ottawa.

One eye-witness said four men on top of the skeleton structure grabbed a bundle of cranes just as the floor vanished beneath them.

Crane operator Claude Joly, 35, swung the boom to a side street and lowered them 40 feet to safety.

Two hours after the collapse, Fire Chief Alex McFadden reported that all workmen had been accounted for.

Terrorists Hit Saigon

SAIGON (AP)—A Viet Cong terrorist squad wiped out sentries with a sneak attack just before dawn today in this South Viet Nam capital and wrecked a U.S. officers' billet with a blast from an explosives-laden truck.

Six persons, three of them Americans, were killed and nearly 100 wounded. Sixty-seven Americans were among those hurt.

Wilson's Labor Forces Rolling To Big Victory

Margin Could Be Above 120 Seats

By JOSEPH MacSWEEN

LONDON (CP)—A tidal wave of votes early today swept Prime Minister Harold Wilson's Labor forces towards a general election victory that could produce a Labor majority of 120 seats or more in the next House of Commons.

Labor candidates surged to easy victory over their Conservative and Liberal opponents in seat after seat across the United Kingdom—in the north, the south and the industrial Midlands.

Polling figures showed a swing to Labor of between 3.6 and four per cent, compared with the 1964 election when Labor went into power with a four-seat majority.

Wilson refrained from staking an early claim to victory, saying "I'll wait," but Conservative Opposition Leader Edward Heath appeared, without putting it into so many words, to have conceded defeat by speaking in a television interview of his intention to conduct opposition "vigorously" in the next Parliament.

Commentators interpreted his words, however, as bordering on a concession.

He spoke in the past tense of his party's efforts to win and added: "I'm quite sure we have the policy of the future and I'm sure the electorate will come to realize that."

Heath himself was among those re-elected, although his majority was cut in comparison with the 1964 election.

Foreign Secretary Michael Stewart retained his seat in the London constituency of Fulham. His majority was increased by more than 2,000 votes.

AMERY LOSES

Some former Tory ministers—including Julian Amery, 47-year-old son-in-law of former prime minister Harold Macmillan—went down to defeat. He fell in Lancashire. Henry Brooke, 62, former home secretary, fell in London.

Yanover-born Joan Lester, 34, recaptured for Labor the

London-area riding of Eton and Slough, which the Tories had held by only 11 votes. Lady Tweedsmuir, 51, daughter-in-law of a former Canadian governor-general, lost for the Tories the Aberdeen seat she had held since 1946.

Wilson, who romped home in Liverpool-area Huyton, with a majority of nearly 21,000 over his Tory opponent, commented on another of his opponents—pop singer Screaming Lord Sutch, who got 585 votes.

"I'm relieved that I've won Huyton," said Wilson. "I would have been a little concerned if the teen-age party candidate had beaten me."

The results so far were a vote of confidence for the Labor government team, not for an individual, Wilson added.

"When we've all had time to relax, we'll have to think about changes."

The prime minister, relaxed and puffing his pipe, said Britain's 36,000,000 voters had shown they wanted a strong government "even if it takes decisions they don't like."

He said that even if Labor gained its predicted massive majority it would still be a pragmatic administration.

WON'T BE PRESSURED
Wilson rejected a suggestion that he would be open to stronger pressure from his left-wing colleagues who had been restrained by the narrowness of his previous majority.

He said foreign governments had no need to fear more so.

(Continued on page 3, col. 2)

Standings

LONDON (CP)—Returns from 461 of 630 constituencies in the British election Thursday showed the following party standing at 10:35 p.m. EST:

Labor	303
Conservatives	151
Liberals	5
Others	1
The Speaker	1
Unreported	169
Total	630

Draft Card Burners Beaten Up By Crowd

BOSTON (AP)—An angry crowd of about 75 pounced on four youths who burned their draft cards, knocked them to the ground and beat and kicked them.

They also slapped a girl sympathizer and beat two other men, part of a group that gathered on the steps of South Boston District Court to protest U.S. participation in the Viet Nam war.

Later, a group of youths smashed an automobile in which the peace demonstrators had driven to the court.

No arrests were made and no others were injured.

Then someone shouted "kill them" and others took up the cry as the four burned their cards.

FOUR KNOCKED DOWN

The crowd knocked down David Benson, 18, of Morgan-

town, W. Va.; David Reed, 19, of Voluntown, Conn.; David O'Brien, 19, and John A. Phillips, 22, both of Boston.

Susanne Williams, 17, of Amherst, Mass., was slapped as she stood near the quartet.

Beaten inside the courthouse were Peter Gregonis, 40, of Voluntown, and Robert Stickgold, 20, a Harvard senior.

Phillips, the most seriously injured, required hospital treatment for face and head injuries.

The seven were among 11 arrested Friday for loitering during a demonstration in front of the Boston army base. Benson, O'Brien and Gregonis later pleaded guilty to these charges.

Found guilty were Miss Williams, Reed, Phillips, Stickgold, Miss Barbara Clack, 21, of Voluntown, and Gary Hicks, 18, of Boston.

They were fined \$20 or 20 days. They refused to pay.

Education Seen Prime Concern

Dr. George Dewar, minister of education, speaking in the Budget Debate told the Legislative Assembly last evening that there was a saving of some \$300,000 on last year's budget. The minister said the estimates of the department are more realistic.

"It was a tendency of the former administration to over estimate the revenues," said Dr. Dewar.

While listing the assets of the government Mr. Dewar mentioned the Senior Citizens Housing Corporation had \$133,000 cash on hand. Opposition leader Alex Campbell asked, "how much debt do they have on hand?"

"That's been taken care of," was the minister's reply.

Dr. Dewar said there was the possibility of an increase in liabilities of \$6 million in the next year.

He said it was true the provincial debt had increased somewhat but there are assets of \$67 million against liabilities since 1945.

MORE FOR EDUCATION

Dr. Dewar told the Assembly he thought that education was the prime concern of every citizen

in the province. He stated that the budget of the department of education was \$2 million in 1959 and now it was over \$7.5 million.

"If the war on ignorance could be won, there would be no need for the war on poverty," said the minister.

The minister said there was an increase in the salaries of teachers of over \$600,000, the budget of the regional high schools since 1945.

GOV.-GEN. VANIER

Gov.-General Visits P.E.I. In Early May

Governor-General Georges Vanier will arrive in Prince Edward Island Sunday, May 8, for a three-day visit.

He will be met at the Summerside Airport by Lieutenant-Governor W.J. MacDonald and driven to Charlottetown.

While in the city he will live aboard a private train on which he is expected to travel to Halifax some time Wednesday May 11.

No plans for special events during his visit to Charlottetown have been announced.

Rail Strike Continued

WASHINGTON (AP)—H.E. Gilbert, president of the AFL-CIO Brotherhood of Locomotive Firemen and Engineers, said Thursday night he has not ordered his men back to work on eight strikebound U.S. railroads despite a federal court order.

District Judge Alexander Holtzoff issued a restraining order against the striking firemen earlier.

Gilbert spoke to reporters as he was about to enter a conference with Labor Secretary Willard Wirtz.

The struck roads are: The Pennsylvania, east of Harrisburg; the Union Pacific, the Missouri Pacific, Illinois Central, Centra of Georgia, Seaboard Air Line, Grand Trunk Western and Boston and Maine.

Causeway Completion Date Unchanged Campbell Claims

Opposition Leader Alex Campbell rose in the Legislature yesterday to advise that he had received a communication from Prime Minister Lester Pearson that no consideration is being given to any change in the target date of completion of the causeway between this province and New Brunswick.

Tuesday night, federal authorities announced that some government projects, including the causeway were to be slowed down to provide greater winter employment.

Mr. Campbell said he has been told by the Prime Minister that

the postponement of a phase of the causeway project will move the 1966 summer work to the winter of 1966-67.

Premier Walter R. Shaw said the transfer of work to winter from summer doesn't change his mind "one iota" about the seriousness of the federal announcement. "Engineers have found," he said, "that there are only four months of the year that work can proceed satisfactorily. Anyone who knows this province can tell you it is rather senseless to try to carry on work effectively in the winter months."

DR. JOHN Maloney, RIGHT, newly elected president of the Prince Edward Island Historical Society, speaks with Past President Rev. Dr. Francis Bolger and Douglas Boylan, director, at the Society's annual meeting held at the Confederation Centre last night.

HISTORICAL SOCIETY PLAN

Island Government To Be Asked To Make Building Historic Site

The Prince Edward Island government will be asked to turn over the Province Building described as "Canada's most important historic site" to the Historic Sites and Monuments division of the department of Northern Affairs and National Resources, it was decided at a meeting of the Prince Edward Island Historical Society here last night.

The resolution was proposed by Earl Taylor and seconded by Douglas Boylan.

Mr. Taylor did not approve of the government handing over this building to the Fathers of Confederation Memorial Trust, a group that hasn't enough money to finance the buildings of the complex.

Mr. Taylor, himself a former member of the National Historic Sites and Monuments Board, was backed by Mr. Boylan who said the historic sites people are the ones with the trained and experienced personnel to properly look after such an important building.

MUSEUM DISCUSSED
The possibility of getting a museum established to display the many historical items that are available in the province was discussed at length, and

that the old Province Building could be utilized as a museum.

Dr. Bolger told the meeting he had discussed the idea of the government providing museum space with Provincial Secretary Dr. George Dewar who had expressed keen personal interest. Dr. Dewar suggested that a delegation from the society meet with the cabinet after the session of the legislature is concluded.

Interesting talks were given by Major T. E. MacNutt and Mrs. Mary Brehaut on a few matters of particular historic interest.

OFFICERS ELECTED
Dr. J. H. Maloney was named president of the organization. He succeeds Rev. Dr. W. F. P. Bolger who presided.

His Honour Lieutenant-Governor W. J. MacDonald is honorary president, Mrs. Brehaut is honorary historian. George Leard, Souris is vice-president for Kings County; F. A. S. Jones, Charlottetown is vice-president for Queens County and Keith Harrington, Kensington RR is vice-president for Prince.

Mrs. George Rogers is secretary and B. Frank Tinney is the treasurer. Both are from Charlottetown.

The executive consists of Philip Barlow, Kensington Road; Rev. Dr. Bolger, St. Dunstan's University; Douglas Boylan, Miss Hilda Jenkins, Mr. Taylor and Mrs. Charles MacKenzie, all of Charlottetown. Mrs. Brehaut was asked to sit in on the executive meeting because of her knowledge and experience.

The meeting was held in the Confederation Centre.

U.S. To Send More Troops To Viet Nam

WASHINGTON (AP)—President Johnson said Thursday the United States will send more troops to Viet Nam "from time to time" but he gave no indication of the numbers.

Johnson, holding a cabinet press conference, opened the session by announcing the appointment of two new special assistants on the White House staff—Robert E. Kintner, former president of the National Broadcasting Company and Walt Whitman Rostow, assistant state secretary for policy planning.

Kintner, a 56-year-old former Washington correspondent who left NBC early this year, will serve as secretary to the cabinet.

Rostow, 50, will operate principally in the foreign policy field.

Johnson said, in response to a question, that North Vietnamese troops continue to infiltrate into the south, bringing in more personnel in the hope, he said, of bettering their military position in the face of "very heavy casualties."

Asked whether this infiltration means the United States will be dispatching more troops to South Viet Nam, Johnson said "we will from time to time add our forces" as requests come in from the military chiefs and get presidential approval.

Johnson has taken the same position on troop levels several times in the past. The most recent announced total of Americans in Viet Nam is 235,000.

Resolution Consideration Promised

OTTAWA (Special)—Prime Minister Pearson told the Commons Thursday that the government has not yet received a resolution from the Prince Edward Island Legislature protesting the readjustment of the time table for the next phase of the P.E.I. causeway.

He was replying to a question from Melvin McQuaid, MP for Kings, who asked what the government proposes to do about the protest.

"I have not received the resolution though I have heard from the leader of the opposition about it. We will consider the resolution as soon as we receive it," Mr. Pearson said.

His reference to the leader of the opposition was apparently meant to indicate that P.E.I. Liberal Leader Alex Campbell had contacted the Prime Minister following Finance Minister Mitchell Sharp's budget announcement on Tuesday night.

The executive will meet with the provincial government as soon as possible to discuss the question.

One suggestion—it was made by Mr. Boylan—is that historical items could be displayed in attractive cases in the large hallways of the new Provincial Building. Another suggestion was

that the old Province Building could be utilized as a museum.

Dr. Bolger told the meeting he had discussed the idea of the government providing museum space with Provincial Secretary Dr. George Dewar who had expressed keen personal interest.

Dr. Dewar suggested that a delegation from the society meet with the cabinet after the session of the legislature is concluded.

Interesting talks were given by Major T. E. MacNutt and Mrs. Mary Brehaut on a few matters of particular historic interest.

OFFICERS ELECTED
Dr. J. H. Maloney was named president of the organization. He succeeds Rev. Dr. W. F. P. Bolger who presided.

Mrs. George Rogers is secretary and B. Frank Tinney is the treasurer. Both are from Charlottetown.

The executive consists of Philip Barlow, Kensington Road; Rev. Dr. Bolger, St. Dunstan's University; Douglas Boylan, Miss Hilda Jenkins, Mr. Taylor and Mrs. Charles MacKenzie, all of Charlottetown. Mrs. Brehaut was asked to sit in on the executive meeting because of her knowledge and experience.

The meeting was held in the Confederation Centre.

Moon Orbit Rocket Fired

From AP-Reuters
MOSCOW (CP)—The Soviet Union launched a rocket Thursday in an attempt to put scientific instruments into orbit around the moon several months before the United States tries the same thing.

An official announcement said Luna X was rocketed toward the moon carrying an automatic space station "to test a system ensuring the setting up of an artificial moon satellite." It is expected to reach the vicinity of the moon Sunday night or early Monday.

Comments interpreted his words, however, as bordering on a concession.

He spoke in the past tense of his party's efforts to win and added: "I'm quite sure we have the policy of the future and I'm sure the electorate will come to realize that."

Heath himself was among those re-elected, although his majority was cut in comparison with the 1964 election.

Foreign Secretary Michael Stewart retained his seat in the London constituency of Fulham. His majority was increased by more than 2,000 votes.

AMERY LOSES
Some former Tory ministers—including Julian Amery, 47-year-old son-in-law of former prime minister Harold Macmillan—went down to defeat. He fell in Lancashire. Henry Brooke, 62, former home secretary, fell in London.

Yanover-born Joan Lester, 34, recaptured for Labor the

London-area riding of Eton and Slough, which the Tories had held by only 11 votes. Lady Tweedsmuir, 51, daughter-in-law of a former Canadian governor-general, lost for the Tories the Aberdeen seat she had held since 1946.

Penalty Debate Set To Resume

OTTAWA (CP)—The Commons Thursday night gave unanimous consent to debate the capital punishment issue next Monday and Tuesday with a deciding vote on whether to abolish the death penalty at the conclusion.

OTTAWA (Special)—Prime Minister Pearson told the Commons Thursday that the government has not yet received a resolution from the Prince Edward Island Legislature protesting the readjustment of the time table for the next phase of the P.E.I. causeway.

He was replying to a question from Melvin McQuaid, MP for Kings, who asked what the government proposes to do about the protest.

"I have not received the resolution though I have heard from the leader of the opposition about it. We will consider the resolution as soon as we receive it," Mr. Pearson said.

The meeting was held in the Confederation Centre.

Island's Per Capita Debt Called Highest In Canada

Prince Edward Island has the highest per-capita indebtedness of any province in Canada, George Ferguson (L-5th Kings) maintained in the Legislature last night.

Speaking in the budget debate, Mr. Ferguson claimed that the per capita debt of the province, as of March 31, 1965, was approximately \$550. "Figure this out for an average family of four," he said, "and you find that the average family is mortgaged to the tune of \$2,200 because of the provincial debt."

Mr. Ferguson asked whether or not this province can afford

to head the list of per capita indebtedness. "I say not," he asserted.

"Government," he said, "is big business and the sooner it is run on a sound financial basis, which I suggest is not being done, it will be for all concerned, especially our children and grandchildren who because of the terrific debt made possible by present-day legislators may wish to leave the province rather than stay here and try to pay off the debt."

Mr. Ferguson said "we in the opposition do not believe for one moment that the debt of the province of March 31, 1965, is \$43,900,609, neither do the people of the province.

NOT PRETTY PICTURE
"The total direct debt from the public accounts, is \$56,148,899 plus \$3,9
