Liquor Prices In N. S. To Advance

HALIFAX (CP) — Nova Scotia tipples got bad news Monday from Highways Minister G.I. Smith, who also directs liquor control in the province.
Mr. Smith announced that prices of Canadian distilled liquors sold by the Nova Scotia Liquor Commission will undergo a "small increase" February 1. Increases range up to 20 cents for a 26-ounce bottle of gin, rum, rye or whisky. Current Canadian brands now average between \$4.50 and \$5.
The liquor administrator said the increase is necessary because of a boost in prices by the distillers. He said the commission absorbed the increase from November 1 but has now decided to pass it on to the consumer.
Canadian and Commonwealth wines will also jump in price—A maximum of five cents per bottle. Rising freight rates was given as the cause.

Canadian Buys Bermuda Hotel

HAMILTON, Bermuda.—A millionaire Canadian businessman is the new owner of the Belmont Hotel, Mr. William Garfield Weston, who heads one of the world's leading chains of groceries and bakeries, purchased the property from Miss Gladys Meryl Yule of London Jan 1.
The exact sale price for the approximately 110 acres and 30 buildings which comprise the Warwick Parish Hotel and 18-hole golf club was not disclosed. However, informed sources put the figure "in the neighborhood of 1 million."
Weston says he plans extensive renovation and modernization of the Belmont, Bermuda's fifth largest hotel. He has no intention of changing the hotel which presently has accommodations for 200 guests.
An increase in Canadian tourist travel to Bermuda is one of Mr. Weston's major aims. He said he hopes to accomplish this through his multiple business holdings in every large city in Canada.
A leader in the world food production industry, Mr. Weston makes his headquarters in London, England. He is probably best known as head of the George Weston Ltd., biscuit, bread and cake companies. However, he has varied global interests which last year resulted in \$2 billion worth of business for the Weston family company.
Born in Toronto in 1898, he attended Harford Collegiate Institute. In 1924 Weston succeeded his father as president and general manager of the family firm. He has made his home in England since 1934, and in 1939 he was elected by acclamation as a Conservative Member in the British House of Commons.
The purchase of the Belmont is Weston's first business attempt in Bermuda, but he is in the process of building two luxury hotels in Jamaica. And he figures this dual Jamaican venture will cost in the vicinity of \$1,250,000.
WAS VISITOR
Weston has been a frequent visitor to the mid-Atlantic colony over the past several years. The new owner said he viewed with enthusiasm the potentialities of the Belmont's waterfront location.
While admitting he had no specific plans at the present time, Weston indicated that he intends to build a swimming pool facilities adjacent to the hotel grounds.
The Belmont is one of the most complete hotels in Bermuda. With accommodations for 200 guests, it boasts a fine 18-hole golf course, a terrace swimming pool, tennis courts, a ballroom and cocktail lounge. It is only a 10-minute drive by taxi or 15-minute ferry from Bermuda's capital city.
Mr. Weston is bringing a new manager and other key personnel from London to run the hotel. Weston said he has no immediate plans to change the hotel's present system of service on the Modified American Plan.

Left Montague And S'ide Survivors

A wide circle of friends will learn with regret of the passing on January 19th of Miss Florence Alberta MacLennan at the Victoria General Hospital. Miss MacLennan, who was born near Murray Harbour, Prince Edward Island, had been a resident of Halifax and on the staff of Wood Brothers for the past 35 years. In recent years she had been superintendent of the children's department. She was a member of the First Baptist Church and active in many of its activities.
She is survived by two sisters, Mrs. Moffat MacLennan of Summerside and Mrs. Grafton Jenkins, Sarnia, Ontario; and also by two brothers, William of Providence, B.I., and Lester of Montague, P.E.I.
The funeral service was held in the chapel of the Halifax Funeral Home, Quinpool, Road, with Rev. H. M. DeWolfe officiating. Interment was in Fairview Cemetery.

N.F.L. Will Not Recognize Ass'n; Votes Out Expansion

By RALPH BERNSTEIN
PHILADELPHIA (AP) — The National Football League Saturday refused to recognize the Players' Association and voted down a motion to expand the league to 14 teams in 1958.

The vote against expansion came shortly after Commissioner Bert Bell announced the NFL "will not recognize anybody as a bargaining agent."

The expansion motion was defeated 8 to 3 with one abstention. In announcing that owners had rejected the Players' Association, Bell added that "any player or players have the right to meet with the commissioner at any time for the purpose of discussing any problems."

Although the owners refused to recognize the group, they agreed to grant it most of the things requested.

Little Change During Week In Prices On N. Y. Stock Exchange

NEW YORK (AP) — For the second week in a row the stock market showed virtually no change on balance.

But failure of the rallies last week and the week before to go anywhere gave the market a net loss for the first month of 1957. At the end of January the average of 60 stocks was off a minimal 10 cents to \$176.10.

In view of the record, predictions by stock market analysts that 1957 would show securities moving within a trading range rather than going to extremes have been borne out, at least partially.

Trading during the last week was the slowest of any week in the new year. The daily average of 1,807,678 shares was far below not only the 1956 average of 2,216,000 shares but the January 1957 average of 2,189,000.

STEELS PROMINENT
Steel once again held the center of the stage. U. S. Steel and Bethlehem made their financial reports for 1956 and announced dividend action.

U. S. Steel in raising its dividend to 75 cents from 65 cents provided the market with a badly needed psychological lift in mid-week. But Bethlehem announced a dividend of \$2.40 compared with \$2.50 a year ago; and all the confident statements of Board Chairman Eugene G. Grace apparently could not convince Wall Street that this was good.

The result was that both stocks wiped out their earlier gains and ended the week slightly on the downside.

MOST ACTIVE STOCKS
The five most active stocks last week on the American Stock Exchange were:

Pressed metals of America, off 1-16 at 5-16 on 134.100 shares;

Steel Outlook
Not Too Gloomy

CLEVELAND (AP) — The outlook for the steel industry this year is not as gloomy as some people are trying to make it. Steel Magazine said today.

The trade weekly predicted a record year for steel production, probably 120,000,000 tons.

Many gloomy forecasts apparently arose from a drop in machine tool orders in December, the magazine said.

Production of steel ingots in January nearly equaled the monthly record of 11,000,000 net tons set last October, Steel said.

But nobody expects that pace to continue at the present rate. Production fell one point in the week ended Feb. 3 to 96.5 per cent of capacity, a yield of about 2,469,000 net tons. The magazine's price composite on finished steel remained at \$137.96 a net ton, although prices continued to edge upward by revision of extras. The composite on scrap fell \$3.17 to \$56 a gross ton.

GUARDIAN CLASSIFIED RATES

Advertisements received up until 5 p.m. for publication following day. 1 p.m. on Saturday for publication Monday.

Classified advertisements are inserted at the rate of 3c per word per insertion for one and two times; 2 1/2c per word for three, four or five times, and 2c per word for six or more insertions. 20 word minimum. 50c for deaths, births and marriage notices. Engagements \$1.00. Card of Thanks 8c per inch. In Memoriams 10c per name including Flowers, Wreaths, Masses etc.

CLASSIFIED DISPLAY (On Classified Page)
● 84c per inch for one insertion
● 77c per inch for two insertions
● 70c per inch for three or more insertions.

PROGRAM SOLID

Bell outlined the following program:

1. All teams in the NFL will pay the transportation and expenses of all players to training camp. Any player who thereafter does not make the team shall be paid return transportation and expenses to his home.

2. All clubs, at the clubs' expense, shall provide all players with all game equipment for league games.

3. It is the declared policy of the league that whenever practical all players shall eat in a group. When such is impractical, the club shall advance each

player, for meals and/or lodging, the following: \$9 a day for meals and \$12 a day for meals and lodging.

4. A player under contract may immediately, after each pre-season game, draw against his salary if he so desires an advance of \$50 for each pre-season game. A player who fails to make the team need not repay the advance.

5. A player under contract may not be asked to report to training camp until nine weeks before the first league game, except in the case of the championship team preparing for the all-star game in accordance with a league contract. (Previously, training camps had opened as early as the first week in July to prepare for the opening games, usually in the last week of September.)

44%; Allegheny Corp., unchanged at 3 1/2%; U. S. Hoffman Machinery, up 1/4 at 13 1/2%; and U. S. Steel, off 1/4 at 63 1/2.

Among Canadian issues, there were two gainers: Hudson Bay Mining, up 1/4 at 86 1/2, and Aluminum Ltd., up 1/4 at 119. International Nickel ended the week 2 1/2 lower to 105 1/2. Canadian Pacific was off 1/4 at 31 1/2 and Distillers-Seagrams 1/4 lower at 31 1/2.

On the American Stock Exchange, Brazilian Traction ended the week 1/4 higher at 9 1/2. Shawinigan Power was off 1/4 at 89 1/2.

Public Hearings In Firemen's Dispute Will Open March 4

OTTAWA (CP) — All the evidence in a dispute over the employment of firemen on CPR freight and yard diesel locomotives will be heard anew by a royal commission opening public hearings in Ottawa March 4.

The commission, headed by Mr. Justice Roy L. Kellock of the Supreme Court of Canada, will investigate whether firemen are required on such locomotives, an issue which resulted in a nine-day strike earlier this month.

Other members of the commission are Chief Justice Campbell C. McLaurin of the trial division of the Alberta Supreme Court and Mr. Justice Jean Martineau of Quebec's Court of Queen's Bench at Montreal.

Joint commission counsel will be D. W. Mundell of Toronto and C. J. A. Hughes of Fredericton. The secretary will be Douglas M. Fraser, on loan from the trade department.

Russians Are Diverted Too, Through The Panama Canal

BALBOA, Panama Canal Zone (Reuters)—While the closing of the Suez Canal is not considered on traffic through the Panama Canal, it has had marked repercussions on one section of Panama traffic.

Only two Soviet vessels went through this waterway from 1949 until the end of 1956. But so far in 1957, some 20 Russian ships have entered the canal, and this rate is expected to continue until the Suez is opened to traffic again.

The sailing distance from Russia's Pacific ports to Europe is increased tremendously by the voyage around the Cape of Good Hope. The Panama Canal is an alternative.

Two conspicuous security measures are applied to the Soviet vessels. An armed guard of 20 or more United States servicemen is placed aboard each ship, and crew members have their

cameras impounded for the duration of the passage through the canal.

CLOSELY WATCHED
What this latter measure achieves is not certain, as tourists regularly through the canal regularly with their thousands of passengers clicking cameras in all directions.

A canal zone police launch follows the Soviet ships closely all the way, presumably watching for any object or member of the crew falling overboard.

Some indication of the type of ships which are being diverted through Panama is provided by the first two Soviet vessels to come through in January: the Admiral Senyavin, bound from Korsako in the Sakhalin Islands, to Novorossiisk, with 4,000 tons of zinc concentrate, and the Nikolay Ostrovsky, out of Vladivostok for London with 2,570 tons of tinned

Canada Will Seek Permanent United Nations Police Force

OTTAWA (CP) — Canada will press for a United Nations permanent police force to keep world peace, Prime Minister St. Laurent said Thursday.

Mr. St. Laurent restated the Canadian objective which he first suggested in the 1945-46 session of the UN in 1945—at a meeting between the cabinet and executives of the 100,000-member Canadian and Catholic Confederation of Labor of Quebec.

Canada has been urging the establishment of a UN force and will continue to do so, the prime minister said.

He also told the confederation as he told the Canadian Labor Congress Wednesday — that he does not believe there will be another world war, in the near future.

MORE BRITONS COMING

OTTAWA (CP) — Immigration Minister Pickersgill Friday forecast a "substantial increase" this year in immigration to Canada from Britain compared with 1956, which he described as "the best year" since the Second World War. He mentioned no figures in replies to opposition questions in the Commons, adding that the number of Britons expressing the desire to come to Canada is "very encouraging."

VACATION SERIES

Four new Canadian five-cent stamps being issued in March, 1957, depict vacation activities such as swimming, skiing, canoeing and hunting.

IN MEMORIAM

EDMUND ROBERTSON
"And there shall be no night there; and they need no candle, neither light of the sun; for the Lord God giveth them light; and they shall reign for ever and ever."

On November 27, 1956, relatives and friends were shocked and saddened to learn of the death of Mr. Edmund Robertson of Birch Hill, Pownal.

Although he had not been feeling as well as usual for a few weeks, on the morning of November 23rd, he felt much better and had spent the morning plowing. During the noon hour, he suffered a sudden severe heart attack. On the advice of his physician, he was taken by ambulance to the Prince Edward Island Hospital, where he received competent medical and nursing care and treatment, but:

God knew that he was suffering. That the hills were hard to climb. So he closed his weary eyelids. And whispered "Peace be thine."

Possessed of a quiet, peaceable nature, he was liked and respected by all who knew him. If a friend, or a stranger, needed his help at any time, it was gladly given.

He was devoted to his wife and family and their happiness and well-being were always his chief concern. He loved children. His son, Douglas, and daughter, Norma, were his pride and joy, and his niece and nephews, and every child of his acquaintance, each had a special place in his affection.

Interested in all that pertained to the good of the community, he was a director of the Hazelbrook Dairy Company, a member of the Ground Observer Corps, and had been a trustee of Mt. Mellick school. For several years he was a member of the Reserve Army.

A farmer by occupation, he lived all his life on the homestead farm, at Birch Hill, where he was born on May 6, 1910, the eldest son of the late Mr. and Mrs. W. Cameron Robertson. In 1939 he married Hazel Carver of Vernon River. She and their two children mourn the loss and cherish the memory of a kind, generous and loving husband and father. Also left to mourn the loss of a beloved brother are the following: Elliott of Charlottetown; Harold of Millville; Winnifred (Mrs. Roy Herman); Islay (Mrs. Albert Bruce); Marion (Mrs. Arnold Wince); of Pownal; Lillian (Mrs. Winston Jenkins) of Cross Roads; Edna (Mrs. Herman) of Millville and Evelyn (Mrs. Charles MacKinnon) of Toronto. Six nieces and seven nephews also survive him.
