LONGEVITY.— ...cton, N. B., contain sixty persons, th... ungest of whom, is 72 and the olde... 10...

IN MEMORIAM.—We recommend our city readers to buy a copy of Mr. LePage's verses in memory of Mr. Owen P. Trainor.

TALL.—Fodder-corn was recently exhibited in New York, the stalks of which measured ten feet two inches from the ground to the top of the spire.

PERSONAL.—Mr J. J. Roche—whose pleasing poetry is familiar to our readers—is now in this city. Mr. Roche is a native of Charlottetown, son of Edward Roche, Esq., of the Normal School.

MOONLIGHT EXCURSION.—There was a moonlight excursion in the Heather Belle on Wednesday, 26th inst. A large number went to it. Galbraith's band and a bagpiper were on board.

THE TREATY.—The Canadian *Illustrated News* understands that neither Mr. Brown nor the McKenzie Government is willing to ask for improvements in the Treaty, or indeed to have it altered for the better.

SUICIDE AT SACKVILLE.—A case of suicide lately occurred at Sackville, N. B. A Mrs. John Eastabrook, who resides there, stabbed herself with a butcher's knife, and died. She had been suffering from congestion of the brain.

CRUELTY TO AN ANIMAL.—A livery stable keeper in St. John recently drove a horse 182 miles in 22 hours. The horse walked into the stable apparently as well as ever; but fell down a few minutes after he was unharnessed, and died. The brutal driver should have been severely punished—but he wasn't.

BRITISH COLUMBIA AND THE PACIFIC RAILWAY.—The Victoria, (B. C.,) *Standard* has been authorized to state that the Provincial Government has agreed to leave the questions in controversy between British Columbia and the Dominion in reference to the railway, to the arbitration of Lord Carnarvon.

MACKEREL.—These excellent fish surround in our shores in great quantities, of which we have hitherto had no conception. They came into Richmond Bay this summer; and at Conway's Cove or Little Channel large quantities were taken. Messrs. Ambrose Baylie, David Milligan, Mr. McKay and many others, brought them, in not by the score nor the hundred, but by the thousand, the result of a few hours labor.—

A TERRIBLE ACCIDENT occurred at Toronto Ont., on Sunday night. While the Rev. Mr. Day was preaching in Holy Trinity Church, his eldest daughter, Mary, about 20 years of age, and a young son, 10 years of age, were at home. The young boy picked up a gun which had been carelessly left loaded in a bedroom, and pointing it at his sister, said: "Do you want me to shoot you," at the same time pulling the trigger. He literally blew the side of the young lady's head off.

MOULTON'S STATEMENT.—Moulton's statement respecting the Beecher scandal has been published. It occupies twelve columns of the United States press. We will not trouble our readers with even a summary of this wordy document. It leaves the main question at issue precisely where it stood before the statement saw the light. It only raises a question of veracity between Beecher and Moulton, without adducing any further proof of the truth of the latter's version of the case.

POST OFFICE WANTED.—We beg to call the attention of our postal authorities to the want of a new post office at Ringwood Corner—a short distance from Rocky Point. There are about a hundred families who would be greatly convenienced by it. At present the people of that neighbourhood have either to go to Nine Mile Creek—a distance of nine miles, or to come to town—which to many is nearly as far away. Mr. Millar, at Ringwood Corner, would be a suitable person to appoint postmaster.

PROPOSED COLONY.—Mr. S. McDonald, of Dundas, is in Manitoba, engaged in prospecting for a reservation in behalf of a colony from East Ontario, under the auspices of W. Gibson, M. P., for Dundas, Mr. Barrie, of Morrisburg, and himself. They propose taking to Manitoba 500 families, 150 of whom are at any moment ready to start. Mr. McDonald first visited the country in the vicinity of Emerson, and was much pleased with it. He afterwards proceeded to the Saskatchewan, where at last accounts, he was prospecting for a suitable place to to establish his colony.—*St. John Telegraph*.

MONTAGUE TEA.—The "Tea" of the season took place in Montague, in a beautiful field belonging to Mr. Lane, on Tuesday last. About three thousand persons were present. They were of all classes and denominations; and they met together and enjoyed themselves, in a very kindly, agreeable and rational manner. The Committee deserve great credit for the energetic manner in which they carried out the programme. An exceedingly pleasing feature was the dancing of the Highland Fling by a woman—Miss McMillan, of Vernon River. The receipts amounted in the aggregate to $1,200. The "Tea" was, in every respect a success.

BUOYS AT MALPEQUE.—The Summerside *Progress* of the 24th ult., says:—We are sorry to hear that the placing of the Buoys in Malpeque Harbor has not been attended to in in a proper manner. Our informant tells us that the Buoys were not put in their place until the 20th of June, and drifted ashore on the 10th of August. Of course there must be some great neglect on the part of some one. The harbor is one into which many American fishing vessels sail, and the danger, even in fair weather, to a vessel whose captain is unacquainted with the Harbor, is, in the absence of those guides, very great. There are many complaints made about it, and we hope that whoever has to see to this will attend to it without delay.

THE RAILWAY.—Last week we spoke of a rumor being current to the effect that the railroad between Summerside and Alberton would not be opened up this fall. We showed the disadvantages and inconveniences that would be experienced by the inhabitants of the western end of the Island, if this is the case; and the general dissatisfaction prevalent among the people of Prince County at present convinces us that such a step would be unpardonable and injudicous. While in conversation with the Superintendant of the P. E. I. Railway the other evening, he informed us that he was prepared to inspect the road as soon as he received an intimation from the Local Government that they were ready to hand it over to the Dominion Government. We sincerely hope that the Local authorities will look into the matter immediately, as a third of the population of the Island are seriously interested in the matter, and expect justice from all concerned.—*Summerside Journal.*

LOCAL AND OTHER MATTERS.

THE BROWN-MORRIS BOAT RACE.—An effort is being made to have this race take place on the Kennebeccasis

SHARKS.—Two immense sharks—each about fourteen feet long, were recently seen near the mouth of Halifax harbor.

CHAMBER OF COMMERCE.—The regular monthly meeting is advertized to be held this (Monday) evening, at 8 o'clock.

THE CRICKET TOURNAMENT at Halifax is over. In the last match,—"Halifax *vs* All Comers," the former were victorious.

MRS. BIRT'S CHILDREN.—Mrs. Birt arrived at Halifax last week, in the *Hibernian* with 82 English children, who are to find homes in Nova Scotia.

STEAMERS.—The *Carroll* from Boston and Halifax arrived on Wednesday last, and left on Thursday evening. She took away a thousand barrels of mackerel. The *Venezia*, of the Shaw Line, touched at Charlottetown last week.

THE GOVERNOR GENERAL'S TOUR.—The Earl and Countess of Dufferin have returned from their visit to the West. At every point on their progress they received the most cordial welcome; and everywhere they won "golden opinions."

SUNDAY SCHOOL FESTIVAL.—The children of the Episcopal Sunday Schools at Summerside, St. Eleanor's, Traveller's Rest, etc, had their annual Festival last week. The day was fine and it was well attended. The children enjoyed themselves greatly.

JOURNALISTIC.—A meeting of the Dominion Editors and Reporters Association has been summoned to consider certain subjects of importance; it will be held on Friday in Toronto or Ottawa. Mr. Merridan, Editor and proprietor of the Quebec *Gazette* is dead.

RIFLE SHOOTING.—The annual meeting of the Dominion of Canada Rifle Association will take place on Rideau range on 15th September next, and following days; prizes in money and cups are offered. It is expected that the matches this year will be more than usually interesting.

THE LITTLE WANDERERS.—On Monday evening last, the "Littitle Wanderers" appeared in the Market Hall, before an unusually large and appreciative audience. The entertainment consisted of singing, with piano accompaniment, and readings by Miss Kate Davis. The renditions of the latter were surprising. Such wonderful vocal powers are seldom displayed in Charlottetown. Altogether, the entertainment given by the "Little Wanderers" was most pleasing.

A GOOD APPOINTMENT.—The *Patriot* of Thursday last, says:—"We are pleased to hear that J. S. Carvell, Esq., has been appointed a Trustee of the Lunatic Asylum. The Government have been very slow indeed in making changes in the management of the Asylum. They appear half-hearted in what little they did do. The appointment of Mr. Carvell to the Board of Trustees is an evidence that they really intend to effect the reforms that have been so long and urgently required. Mr. Carvell, after what he has already done, cannot, and we believe will not, allow the Asylum to continue to remain in the eyes of the civilized world a disgrace to the province and the Dominion. Those of the other Trustees who have not been mere sleeping members of the Board, will now be seconded in their efforts to make the necessary reforms by an intelligent, active, energetic man, thoroughly in earnest.

FRIGHTFUL RAILWAY ACCIDENT.—On Saturday afternoon, a farmer named Charles Carter, belonging to Onslow, went to Truro on business. About nine o'clock the same evening, he started to walk back on the Railway track. This was the last seen of him alive. A young lady who arrived at Truro on Sunday morning, by the night train from St. John, started on her way home to Onslow, and discovered the remains of Carter strewn along the road. She immediately returned and informed Dr. Muir, Coroner, of the fact. The remains were collected, taken to Truro, where an inquest was held, and a verdict of "accidental death" rendered by the jury. Carter's head was split in two pieces, and his legs, arms, and part of his body were scattered along the track for a distance of over 160 feet. It is supposed that three trains passed over the unfortunate man, and that when he heard the first train he attempted to get out of the way, but stumbled and fell. Carter was a sober, industrious man, and leaves a wife and four children.—*Hx. Chronicle.*

CLEREMONT, DANIELS & CO.—The Montreal *Star* of the 18th inst., says:—Some time since a firm under the style of Cleremont, Daniels & Co., opened an establishment in Notre Dame Street, and announced in such of the public prints as accepted their advertisements, and by means of circulars, that they had over $100,000 worth of goods for sale, at prices 50 to 100 per cent. cheaper than retail stores, all articles on their list to be sold for $1; the plan was stated to have become immensely popular, always giving entire satisfaction, and no risk could be run, as no payment was asked for goods until they were seen, only shareholders were allowed to purchase at $1, others to be supplied at the regular retail prices, and parties were to become shareholders by purchasing a certificate, of which the following is a copy:—

No——(in this instance 188,677) Cleremont Daniels, & Co's second grand sale for 1874. Certificate—for sale of schedule B., at Montreal. This certificate entities the holder to one choice of any article of the list of goods in schedule B., for one dollar, and to the right of selection at time of sale at our store in Montreal, or to the right to receive the goods selected by express, C. O. D., with privilege of examination before paying for them, etc., etc.

Each certificate was sold for 25 cents; agents were advertised fer profusely throughout the Province, and each agent was allowed 5cts., for the sale of each ticket.

As a consequence, the firm have recently been in receipt of a large number of registered letters, and complaints being made on suspicion that the affair was a swindle, the postmaster has given orders that such letters shall not be delivered; the result is that this morning, when the order took effect, 150 letters were detained. The truth will probably be shortly elicited.

No goods were to be sold until the 31st of the present month.

Bishop Colenso is convalescent from a severe illness.

In answer to the question, What are English Channel shoes?" the Boston *Transcript* says: "All sewed shoes have the seam that unites sole and upper sunk into a channel cut in the bottom of the sole. This channel has generally been cut in from the edge, leaving a flimsy lip that soon turns and makes a rugged sole. In England they cut this channel from the surface, as in hand-sewed shoes, and the lip cannot turn up. This channel cannot be cut in poor leather, and thus indicates a good article. A dark line running round the sole near the edge shows where the English channel is cut."

Dr Dio Lewis gives the following cure for dyspepsia: "Have a right good talk with a funny ancedote or two, and half a dozen hearty laughs with each meal. This eating alone at a restaurant and shovelling in the provender in solemn silence, will give dyspepsia to an ostrich, and create a feeling of despondency in the stomach of a quartiz milch!"

The South Kensington Museum, in London, has cost the nation since its establishment £5,958,549. A correspondent writes: "Those who have visited this matchless museum will know that I underrate rather than overstate its actual present value when I say that if its contents were disposed of at auction to-morrow they would not bring less than twenty millions sterling.

In the British medical naval report just issued, a fatal case of poisoning by tobacco is mentioned. A boy on the Implacable had frequently been reproved for chewing tobacco, and on several occasions swallowed pieces to prevent detection. On the night of his death he was heard breathing sterteorously, and efforts to arouse him being vain, he was taken to the sick bay. His pupils were insensible to the light, and his pulse beat feebly. He died in to or three minutes after. Two small pieces of tobacco were found in his stomach.

DICKENS AND BEECHER.—When Dickens was giving his series of readings in America in 1867 Mr. Beecher's church at Brooklyn, was engaged for him. Writing to his sister-in-law about what he called 'his ecclesiastical entertainment," he says, "I finished at my church to-night. It is Mrs. Stowe's brother's and a most wonderful place to speak in." * * * Mr. Ward Beecher was present in his pew. I sent to invite him around before he left. I found him to be an unostentatious, evidently able, straightforward and agreeable man, extremly well informed and with a good knowledge of art."

A NEW CEREAL.—An American exchange says:—"A new cereal has been grown in Oregon, and the people are puzzled As to whether it belongs to the wheat family, or more resembles rye, barley, or oats, opinions being very nearly equally divided. From seven to ten stalks grow from one root to the height of four feet, and these stalks are thin and hard. The radicals are tough, and spread widely. The heads are six inches in length, and covered with a heavy beard, each filament being five inches long. The grain is double the length of a kernel of wheat, and instead of being firm and compact, is hollow, the cavity containing glutinous matter. While the grain bears a closer resemblance to wheat than anything else, the straw looks like rye or barley. Its origin is somewhat peculiar, the first grain being taken from the stomach of a wild goose by a farmer in Sillamock county, nearly three years ago. He was struck with its appearence, and planted it, and the succeeding season sowed the produce. He distributed a portion of the second crop among a few friends in different parts of the State, who this year raised small quantities. It will require another year to determine the value of the grain.

CERTIFICATE OF CURE.

Mrs. Elisa Rhynard, of Annapolis County in the Province of Nova Scotia, maketh oath and saith that a year ago last September her husband bought a bottle of Dr. Caleb Gates' Eye Relief, for the purpose of applying it for the cure of sore eyes; and seeing on the label of the bottle that it was recommended for the cure of piles also, with which she had been for a long time most painfully afflicted, and had applied to different doctors in her own neighbourhood, and tried various other remedies, but found no permanent relief, tried it for the piles also, and in a very short time was cured of both complaints by the use of one small bottle. She had also been used to very frequent turns of fainting, sometimes as often as three times a day, and having this time moved into the more immediate neighbourhood of Dr. Gates, she commenced taking his Life of Man Bitters and Syrup about the first of May last, and is most thankful and happy to say, that through a kind Providence and the skill of Dr. Gates, she has not had one of her former fainting turns since the month of June last past, and she has frequently taken the Bitters and Syrups for colds, &c., and has invariably found unfailing relief in the use of the above medicines.

Alberton, June 16, 1874 3m

When people see a man advertise they know he is a business man, and his advertizing proclaims that he is not above business, but anxious to do it. Customers, like sheep, are gregarious, and flock where they see others go. If nobody else were engaged in the same business, it would be important to tradesmen and dealers to advertize in the paper, because they are tempted to buy what they read of. But others are engaged in the same business, and even if they do advertize, it becomes the more important for you to do so; if they do not advertize it becomes doubly important.—*Anon.*
