Baby . . .

KNOWS A GOOD THING WHEN HE SEES IT.

BABY'S OWN SOAP

MADE BY THE ALBERT TOILET SOAP CO. MONTREAL, MARCHERS OF THE CELEBRATED ALBERT TOILET SOAPS.

NIAGARA VAPOR BATHS

We are the original manufacturers of portable Vapor Baths. We have, during the last ten years supplied thousands of our Baths to physicians, hospitals, sanitariums, etc. and we are now, for the first time, advertising them direct to the general public.

Get one with a steel frame that stands on the floor. If a manufacturer does not show you a cut of a frame without the covering you may take it for granted that his "Steel frame" is a wire hoop that rests on the shoulder of the bather. Get one that is covered with proper material. Insist on seeing a sample of material before ordering. We make our own covering material and print it with a handsome "all over" pattern of Niagara Falls.

Get one with a thermometer attachment. Don't go it blind—a bath that is too hot or not hot enough will be of no benefit to you.

Get one that you can return and have your money back if not satisfactory in every way.

Send for sample of material and interesting booklet that will tell you all about Vapor Baths. Vapor Baths are an acknowledged household necessity. Turkish, Hot Air, Vapor, Sulphur or Medicated Baths at Home. So. Purifies system, produces cleanliness, health, strength. Prevents disease, obesity. Cures Colds, Rheumatism, Neuralgia, LaGrippe, Malaria, Eczema, Catarrh Female Uterus, Blood Skin, Nerve and Kidney Troubles. Beautifies Complexion.

Price of Niagara Baths, \$5.00

A guarantee is given with every watch sold, our prices are so low that the poorest man can afford to carry a good watch.

W. N. TANTON The Great George St Jeweler.

PHYSICAL TRAINING.

Its Value as a Preventive and Cure of Pulmonary Diseases.

Dr. E. Fletcher Ingals of Chicago, in a paper with this title, said that the absence of systematic study by physicians and the very meager literature compelled him to be somewhat dogmatic in his paper. One of the most common observations made by medical men, he said, was that the long, narrow, flat chested individual was the one liable to the development of tuberculosis and that in patients presenting this form of chest the chances for recovery were reduced to a minimum.

This observation he considered sufficient to suggest that systematic physical training in aiding the development of the respiratory muscles, thoracic walls and pulmonary capacity would be of great service in preventing tuberculosis and in curing its early stages. Collapsed air cells, he said, furnished a most favorable nidus for the development of tuberculosis. Therefore for the prevention of the disease measures should be adopted to expand the lungs and bring the air cells into the best possible working condition.

He thought it probable that in most cases there was an early tuberculous localized anemia, diminishing the nutrition of the parts and making them more susceptible to the tubercle bacilli and their toxins. Of the large percentage of the human family said to be affected by tuberculosis (80 per cent), the majority recovered, even when the disease affected the lungs, it not proving fatal in more than 12 per cent.

He stated that in most of those who recovered the disease had made but little progress, and that it was only at autopsy after death from other causes that its presence was detected, in view of which it was the physician's duty to recommend measures likely to strengthen the resisting power of the lungs. The beneficial influence of a high altitude he considered probably due to the increased distension of the air vessels, and that as a means of prophylaxis the first measure should be to teach the patient to breathe deeply.

Careful physical training, he said, was of the greatest importance, it being possible for the long, narrow, flat chested to increase the expansion of the chest two or three inches, improve the form and increase the circumference. He believed it possible by physical development to check the process of tuberculosis when it had become established in the chest and to promote recovery.—Medical Record.

COMMERCIAL ENGLISH.

Warning to Those Who Would Send Trade Circulars Abroad.

Manufacturers who wish to do an export business must have their circulars and catalogues translated into foreign languages, says Engineering, but care should be taken that the translator is not only a good linguist, but also an expert in the particular business to which the documents to be translated refer. Otherwise the translation is apt to be a matter of ridicule to those to whom it is sent.

We cannot well give an instance to show how an English circular might be translated into bad German, for example, but the London Engineer gives us the following illustration of a translation from another language into English, which is probably no worse than many translations from English.

"We pique ourselves," says the circular, "on making you know that the sale of the — has, by us, undertaken. This prepared, exclusively arranged

by some vegetables, is entirely spoiled about something hurtful to the steam boiler blades. By our prepared every calcareous substance is neutralized, reducing it to power, and at the same time steam boiler blades are conserved from the usual corrosion, not only, but the ebullition, is totally avoided, as it appears about some very interesting experiments, which have been made in several establishments."

In conclusion the circular adds, "To be willing, this prepared may be decomposed."

Pokey.

A citizen, while crossing Fort street at Griswold, picked from the crosswalk a Yale lock key with a tag attachment on which was printed in capital letters the word "Pokey." He was wondering over the significance of the word when the loser of the key happened along in search of it. As the two men were old friends, the key was handed over to its rightful owner.

"Excuse my curiosity," said the finder of the key, "to know the purport of that word upon the tag."

"Certainly," came the reply. "The key unlocks my postoffice box. 'P. O.' stands for postoffice; 'k-e-y,' key. Post-office key. See?"

Then the two citizens hurriedly started in opposite directions, each with a broad grin on his face.—Detroit Free Press.

The Pleasures OF LIFE

Life has not many pleasures for the victim of general debility. There is weakness of body and dejection of spirit—can hardly avoid being nervous, fretful, unhappy—often pain or depressing sensations about the heart—system irregular and appetite variable.

Howard's Heart Relief is a perfect heart, blood and circulation improver, searching out weak or painful parts; nourishing all organs, muscles, nerves; restoring appetite, digestion and assimilation.

We promise permanent cure, and that promptly and safely; where cure is at all possible.

At drug stores or by mail at 50c. per box, or 5 boxes for \$2. S. W. HOWARD, 71 Victoria St., Toronto.

SKIN-DEEP BEAUTY!

"Handsome is that handsome does," is the old theoretical adage, but after all it's the skin-deep beauty that's attractive. It would take a big lot of handsome doing to compensate for a skin that is diseased and whose appearance is distasteful to all who see it, and the torment of the patient whose daily burden it is to bear it about. DR. AGNEW'S OINTMENT is a wonderful cure for all sorts of Skin Diseases—itching, burning, stinging sensations which are accompaniments—tetter, salt rheum, scald head, ring worm, eczema, itch, ulcers, erysipelas, liver spots, and all eruptions of the skin—one application allays the irritation, and perseverance in its use results in a speedy cure. For blind, bleeding, itching, and ulcerating piles it's a magical balm; one application gives comfort and relief in an instant, and in from three to five nights the trouble disappears. Price, 35 cts.

A London lady had eczema for years so badly, her face and neck were so disfigured she went into a life of seclusion, and the stinging pain of it was so intense that, to use her own words, she "went next thing to mad." She tried many ointments, salves and washes—was treated by specialists on skin diseases without getting any lasting benefit. She bought a box of Dr. AGNEW'S OINTMENT—one application gave her comfort, and to-day, after using three boxes her skin is as clear and pink as a baby's.

DR. AGNEW'S CURE FOR THE HEART—Relieves smothering, palpitation and fluttering. A regular life saver in cases of organic heart troubles. Relieves cold in the head in 10 minutes. Cures hay fever and catarrh. DR. AGNEW'S LIVER PILLS—Regulate the bowels. Tone the system. Never gripe. Pleasant little doses. 40 in a vial; 20 cts.

A Toronto gentleman, living on Dovercourt Road, spent a small fortune in treatments and remedies for piles in their very worst form, was treated by electricity with temporary relief only, and had decided to go on the operating table and have a surgical operation performed, but was recommended to try Dr. AGNEW'S OINTMENT—he did so. The first application of it relieved the intense distress—he persisted in its use and to-day he's rewarded with a cure after years of suffering.

Sold by Dr. S. W. Dodd and Geo. E. Hughes, Druggists.
