

The Boston Post says:—"A gentleman recently gave a \$25,000 printing press to the London Telegraph, and sent with the gift a letter, in which he said:—"In your paper, by judicious advertising, I have amassed the fortune which enables me to offer this testimony of regard and good will." This, says the Philadelphia Bulletin, is not an unusual circumstance. At least the making of fortunes by "judicious advertising" is not unusual, although the giving of twenty-five thousand dollar acknowledgments therefor is confessedly not quite so common. There are very many colossal fortunes that would not now be in the possession of their present owners were it not for "judicious advertising." The lucky owners of these comfortable sums deserve to enjoy them for their exercise of enterprise, tact, energy and nerve, and so that they have paid their advertising bills fully and fairly, the printer has no further claims upon them."

Mr. George Peabody has added to his former numerous donations one in behalf of education in the Southern States. He has just given about one million dollars in money and about one million one hundred thousand dollars in bonds of the State of Mississippi, to be used for this purpose. The terms of the gift are liberal, and the limitations simple and wise. He allows no distinction among the people to be benefited, except their needs and opportunities. He permits two fifths of the money to be expended; the residue to be funded and the income only used, for thirty years, after which a vote of two-thirds of the trustees may distribute the whole. The trust has been accepted, and the trustees have been organized.

IMPORTANCE OF NEWSPAPERS.—De Tocqueville, in his work on America, gives this forcible sketch:—"A newspaper can drop the same thought into a thousand minds at the same moment. A newspaper is an adviser who does not require to be bought, but who comes to us briefly every day of common weal, without distracting your private affairs. Newspapers, therefore, become more necessary in proportion as men become more equal, and individuals more to be feared. To suppose that they only serve to protect freedom would be to diminish their importance: they maintain civilization."

There are rumors of a proposed reconstruction of the United States Cabinet on a compromise basis with Charles Francis Adams as Secretary of State, and Horace Greely as Postmaster General.

A Canada exchange says:—"The elections under Confederation begin to attract attention. Among the prevailing rumors are the following:—That Judge Coursol will oppose Cartier; Davlin, McGee; Capt. McNaughton, of the Richelieu Company, born in Glangary, will run against J. S. McDonald, of Cornwall. Mr. B. Chamberlin, of the Gazette against O'Halloran; DeNiverville will be opposed by Geo. Macaulay, Civil Service."

It is authoritatively stated that the Parliament of Canada will meet the first week in May.

The Antigonish Casket says that the residents of Malignant Brook have presented to their pastor, the Rev. Andrew McGilvary, a splendid set of silver-mounted harness.

There was quite a disturbance at Barnum's Museum on Wednesday evening week, during the performance of the new "zoological" play. The lions, tigers, leopards, &c., had just left the stage after the grand triumphal procession of Constantine on his return to Rome, when a dull heavy sound was heard behind the scene. The audience at once imagined that the animals had broken loose, and a general rush for the door was the result. The actors increased the excitement by quickly leaving the stage and the only calm person in the hall was the Nova Scotia giantess. With no further accident of note than breaking the glass doors of the hall, the panic was stopped. It was caused by the fall of a heavy piece of wood behind the scenes.

Medical Notices.

Holloway's Pills.—Indigestion and Liver Complaints.—The digestion cannot be long or seriously disordered without the derangement being perceptible on the countenance. These Pills prevent both unpleasant consequences; they improve the appetite, and with the increase of desire for food, they augment the powers of digestion and assimilation in the stomach. Holloway's Pills deal most satisfactorily with deranged or diseased conditions of the many organs engaged in extracting nourishment for our bodies from our various diets—as the liver, stomach and bowels over all of which they exercise the most salutary control. By resorting to an early stage of his malady, and these purifying and laxative Pills, the dyspeptic is speedily restored to health and strength and his salowness gradually vanishes.

An Old and Well-tried Remedy Mrs. Winslow's Soothing Syrup, for children teething, has stood the test of thirty years. Millions of mothers can testify that it is reliable and perfectly safe in all cases. Relieves the child from pain, softens the gums, regulates the bowels, and gives an infant, troubled with colic pains, quiet sleep, and its parent unbroken rest. Price, 35 cents a bottle.

Few are aware of the importance of checking a Cholera. or Common Cold, in its first stage; that which in the beginning would yield to a mild remedy, if neglected soon proves upon the Lungs. Brown's Bronchial Troches or Cough Lozenges, afford instant relief. To preserve your health, cleanse your blood when it becomes vitiated and foul. Many are the symptoms which sound the note of alarm. Fail not to heed them. Indigestion, Nausea, Lassitude, Headache, Wandering Pains, Bilious and Eruptive Affections, are so many signals to tell you of disease in the blood. Remove it, and they disappear. How? Take AYER'S COMPOUND EXTRACT OF SASSAPARILLA. It is effectual for its purpose: purifies the blood, expels disease and restores the deranged functions of the body to their healthy action.—(Corydon (Ind.) Argus.

Cholera. Mr. PERRY DAVIS—Sir: The benefits I have received from the use of your invaluable remedy, the Pain Killer, induces me to pen a word in its praise. Experience has convinced me that for Headache, Indigestion, Pain in the stomach, or any other part of the system, severe Chills, Weariness, common Colds, Hoarseness, CHOLERA, CHOLERA MORBUS, Diarrhoea, Dysentery, Toothache, etc., there is NOTHING BETTER THAN THE PAIN KILLER. I have this hour recovered from severe attack of the Sick Headache, by using two tea spoonfuls, taken at thirty minutes interval, in a wine glass full of hot water. I am confident that, through the blessing of God, it saved me from the cholera during the summer of 1843. Travelling amid heat, dust, toil, change of diet, and constant exposure to an infected atmosphere, my system was daily predisposed to dysentery attacks, accompanied with pain, for which the Pain Killer was a sovereign remedy, one teaspoonful during the worst case in an hour, or at the most, half a day! I have heard of many cases of Dysentery being cured by its use. Gratitude, and a desire for its general use, has drawn from me this unsolicited testimonial in its favor.

D. T. TAYLOR, JR., Minister of the Gospel. THEO. DESBRISAY, General Agent for P. E. Island.

Prepare for Lent!

FOR Sale at the Kent Street Book Store: THE OFFICE OF THE HOLY WEEK, according to the Roman Missal and Breviary, in Latin and English. The week before Easter has been called by several names, from the great mysteries and various ceremonies celebrated and performed in it. The Greeks and Latins anciently called it the Great Week, the Holy Week, sometimes the Painful Week, that is, the week of sufferings; also, the Week of Sorrows, the days of the Cross or of sufferings. "We call it the Great Week," says St. Chrysostom, on Ps. 145, "not that it consists of a greater number of days, or that the days in it are longer; but on account of the great things which God has wrought in it: for on these days was the tyranny of the devil overthrown, death disarmed, sin and its curse taken away; heaven opened and made accessible, and men made fellows with the angels." The chief object of the Church in this week, is to celebrate the memory of the passion and death of her Redeemer; every part of the sacred liturgy is directed to this end; the Church's offices, more solemn and more multiplied in this week than in any other during the whole year, are most especially adapted to excite in the hearts of the Faithful those various sentiments of love and gratitude, of compassion for the sufferings of our Lord, of sorrow and detestation for sin, &c., which every Christian ought to cherish in his holy time. It is with the sincere desire of exciting pious sentiments in the hearts of the faithful, that the whole liturgy of the Church for the Holy Week has been collected in this volume; and is presented to the public, both in the Latin and English languages. Thus, while the pious Christian unites his voice with that of the Priest and of the choir, he may also penetrate the sense of the divine office, and sanction by the fervor of his heart what he pronounces with his tongue. For this reason, the editor flatters himself that this book will not fail to please all those who still entertain a due sense of piety and religion; and may profit even those who, through a want of instruction, seldom or never reflect on the great mysteries which the Church commemorates during the Holy Week. The very reading of this most pious and affecting part of the Church's liturgy is capable of exciting in their hearts a true and solid devotion. EDWARD REILLY. Charlottetown, March 6, 1867.

Ayer's Cherry Pectoral.

It is a soothing expectorant, prepared to meet the urgent need of a safe and reliable cure for diseases of the throat and lungs. A trial of many years has established the fact, that it is more efficacious in pulmonary affections, than any other remedy. Its efficacy has now become so generally known, that it is justly regarded in many countries as a medicine of indispensable necessity. In Great Britain, France, and Germany, where medical science has reached its highest perfection, it is prescribed in domestic practice, and constantly used in the armies, in hospitals and other public institutions, where it is regarded by the attending physicians as the most speedy and agreeable remedy that can be employed. Scarcely any neighborhood can be found where well known cases of diseased lungs, which had baffled the efforts of the most skillful and experienced doctors, have been permanently cured by it. These results are the most convincing proofs of the superior curative properties of this preparation; and to them the authors point with peculiar satisfaction. While it is most powerful against confirmed diseases it is extremely gentle as a medicine in infancy and youth, being quite harmless to even the youngest, when administered judiciously. This health-restorer accomplishes even more by prevention than cure. If taken in season, it heals all irritations of the throat and lungs, whether arising from Colds or Coughs, or from other causes, and thus prevent that long train of painful and incurable diseases, which would arise from the neglect of them. Hence no family should be without it. Influenza, Croup, Hoarseness, Whooping Cough, Pleurisy, Incipient Consumption, and other affections of the breathing organs, give way before this pre-eminent combination of medical virtues. Prepared by Dr. J. C. AYER & Co., Lowell, Mass. and sold by all Druggists and dealers in medicine everywhere. W. R. WATSON General Agent for P. E. Island. Jan 9—2m
