

CO-EDUCATION.

We all know that girls are quicker than our sex, whose souls are thicker, while we find the men are deeper, and more logical in mind.

Men, in making a selection of a maiden whose affection is to make their life worth living, judge by pretty ways alone.

Each would soon discover whether, underneath veneer and varnish, there was something to respect, sterling worth instead of beauty.

But to crown the scene elysian, gracefully across my vision flit the fairy forms of maidens, who are children of our halls.

They have joined the number legion, who in every land and region for a time are knit together.

Thus amid the future ages, when the philosophers and sages seek to find some old inscription which shall give the world our fame.

CURRENT NOTES.

One of the steamers engaged in the Menhaden fishery reports its catch for the season, to July 27, to be 2,040,000 fish.

Halifax expects to do a good trade with the West, in boneless codfish. The fish are carefully cured, boned and packed in 40 lb boxes.

The summer season is not much more than half over, yet the deaths that have occurred from drowning appears already to have reached a large figure.

There is probably nothing that is annoying to a ship-master than the discovery at the beginning of a voyage that some of his crew are incapable of properly performing their duties.

HALL'S VEGETABLE SICILIAN HAIR RENEWER

was the first preparation perfectly adapted to cure diseases of the scalp, and the first successful restorer of faded or gray hair to its natural color, growth, and youthful beauty.

The proprietors have often been surprised at the receipt of orders from remote countries, where they had never made an effort for its introduction.

The use for a short time of HALL'S HAIR RENEWER wonderfully improves the personal appearance. It cleanses the scalp from all impurities, cures all humors, fever, and dryness, and thus prevents baldness.
