

by the North Shore route, over the inter-Colonial Railway track, on to its dark grave far away in Ottawa. Frenchmen are requested to keep quiet and create no disturbance, as Peter will be fully armed, having been presented with two revolvers by Count Bismarck during his official visit to the Court of Berlin.

On the day of the funeral, business of all kinds will be suspended, the stores are to be closed, and flags hung at half-mast. All true sons of New Brunswick are requested to go in mourning for their poor lost mother, and to offer their prayers for the repose of her soul in the next world of darkness and uncertainty.

N. B.—During the lying in State of the body, no person will be allowed to look at it, as it was dreadfully mangled by cannon a few days after its death.

EXECUTION OF MAXIMILIAN.

The only despatch of a late date which is at all worthy of publication, is the subjoined, which we received at the Charlottetown Reading Room yesterday morning. It is reliable, and we have our own doubts about it—the despatch will be read with peculiarly painful interest throughout the civilized world, inasmuch as it records the execution of the unfortunate Maximilian on the morning of the 19th ult., by his blood-thirsty and semi-civilized captors. The despatch reads as follows.

ST. JOHN, N. B., July 2.
Official despatches received at Washington state that Maximilian, who was condemned on the 2nd, was executed at 7 o'clock on the morning of the 19th June. Juarez refused to deliver up his body to the Austrian Captain. City of Mexico surrendered on the 20th; Vera Cruz still holds out. Diaz orders no acceptance of any proposition of its surrender. SINGULAR DEATH OF A PRINCESS.

The Archduchess Matilda has ceased from suffering. The intended mother of the future Kings of Italy, a lady destined to wear a diadem which has not rested on a female brow for centuries, a scion of that branch of the House of Hapsburg-Lorraine in which public and private worth is most conspicuously hereditary, the daughter of the conqueror of Custozza, and grand-daughter of the hero of Aspern and Essling, a Princess in her nineteenth year, by all accounts endowed with rare gifts of person, mind, and heart, died, on Thursday last, at 8 o'clock in the morning—of a lucifer match. She inadvertently trod on one which was lying at her feet on the floor as she leaned out at the window talking to one of her relatives; her summer dress was in a blaze before she was aware of it, and before any one could run to her rescue she sank to the ground in an agony of pain from which only death released her. The report of the tragic event spread slowly and obscurely; the identity of the alleged victim was not at once established; then, for a few days, hopes were entertained that the injury, however severe would not terminate fatally. Late bulletins even told us of her contemplated removal to better air; but all is over now, and Humbert, Prince of Piedmont, heir to the throne of Italy, must look elsewhere for a bride.

HOLLOWAY'S PILLS.—Stomach, Liver and Bowels.

There is nothing hurtful in the composition of these purifying Pills, nothing that can injure the most delicate constitution. They improve the appetite, quicken the energies of the stomach and liver, and regulate the bowels. They thus become the surest safeguards against indigestion, and the safest promoters of the body's growth and the mind's development. Holloway's Pills exert a wholesome alterative and tonic action on every internal organ, and they regulate every disordered and debilitated function. They are natural, and therefore, efficient, purifiers and correctives. Few unhealthy conditions of the stomach or digestive apparatus can withstand the accumulative healthy influence over the whole frame when these Pills are judiciously and perseveringly taken by invalids.

DESERVING OF CONFIDENCE.

There is no article which so richly deserves the entire confidence of the community as "Brown's Bronchial Troches." The Troches have received flattering commendations from the most celebrated Clergymen, Lawyers, and Public Speakers, who speak from personal experience. Those suffering from Asthmatic and Bronchial Diseases, Coughs and Colds, should try the Troches.

Children Teething.

The mother finds a faithful friend in Mrs. Winslow's soothing Syrup. It is perfectly reliable and harmless. It relieves the little from pain, cures dysentery and diarrhoea, relieves griping in the bowels, cures wind colic, softens the gums and reduces inflammation. By giving relief and health to the child, it comforts and rests the mother.

At Seal River, Lot 50, on the 14th June, of consumption,

James Foley, teacher, aged 28 years. On Monday, June 3rd, at his residence, Monaghan Street, Lot 30, James Trinnor, aged 80 years. The deceased was a native of the Parish of Donagh, Townland of Stramore, Co. Monaghan, Ireland, and emigrated to this Island in the year 1835. May he rest in peace.

Perry Davis' Pain Killer.

It is a real pleasure to us to speak favorably of this article, known almost universally to be a good and safe remedy for burns and other pains of the body. It is valuable not only for colds in the winter, but for various summer complaints, and should be in every family. The results which it demands it may easily be ascertained. (Canadian Advocate.)

PAIN KILLER, taken internally, should be adulterated with milk or water, and sweetened with sugar if desired, or made into a syrup with molasses. For a Cough and Bronchitis, a few drops on sugar, eaten, will be more effective than anything else. For Sore Throat, gargle the throat with a mixture of Pain Killer and water, and the relief is immediate and cure positive.

THEO. DESBRISAY, General Agent for P. E. Island.

June 19th, 1867. 1m

Much sickness undoubtedly with children and adults, attributed to other causes, is occasioned by worms. The Vermifuge Comfits, although effective in destroying worms, can do no possible injury to the most delicate child. This valuable combination has been successfully used by physicians, and found to be safe and sure in eradicating worms, so hurtful to children. Children having worms require immediate attention, as neglect of the trouble often causes prolonged sickness.

Symptoms of worms in children are often overlooked. Worms in the stomach and bowels cause irritation, which can be removed only by the use of a sure remedy. Brown's Vermifuge Comfits, or Worm Lozenges, are simple and effectual.
