THE LAW OF UMBRELLAS.

A correspondant of the *New York Knickerbocker* says, he wishes to lay down the moral law on the subject of *Umbrellas*, which Christian people will observe. Some who make great pretensions have a slender appreciation of the *meum* and *tuum* in particular cases. The very Judge who condemns a criminal to the penitentiary, if the law were rightly executed, which he expounds, is often himself a thief! Will he tell us in what code it is laid down, that umbrellas are a thing in common—that they may be seized upon and appropriated, wherever found, without consideration? This, then, O honest, honest! is the *Law of Umbrellas:*

"Section I. If you are away from home, and caught suddenly in a shower, and you see an umbrella standing in some cornor, for which there appears to be no owner, and, being much in need of it, to save you from a wet jacket, you take it *sans ceremonie*—that is *stealing*.

"Section II. If you have a cotton umbrella, and in your haste to get away, or because the lights in the hall are dim, exchange it for a neat silk one—that is *stealing*.

"Section III. If, in stress of weather, you borrow one from an obliging friend, who insists on your taking it, and do not impress it upon your recollection to restore it to him the next day—that is *stealing*.

"Section IV. If you find a stray umbrella in your house, which has been accidentally left, and you give it house-room, without making any effort to find the bereaved owner—that is *stealing*."

HOW TO RAISE FRUIT EVERY YEAR.—If rightly understood, few trees, unless absolutely dead or rotten, need occupy any ground without yielding a plenteous crop. After long and varied experiments, I gradually adopted the following mode: As soon as winter has sufficiently disappeared, and before the sap ascends, I examine my trees. Every dead bough is lopped off; then, after the sap has risen sufficiently to show where the blossoms will be, I cut away all the other branches having none on, and also the extremity of every limb the lower part of which bears a considerable number of buds—thus concentrating the sap of the tree upon the maturation of its fruits, and saving what would be a useless expenditure of strength. In the quince, apricot, and peach trees, this is very important, as these are very apt to be luxuriant in leaves, and destitute of fruit. You may think this injures the trees; but it does not, for you will find trees laden with fruit which formerly yielded nothing.

Of course all other well-known precautions must be attended to—such as cutting out worms from the roots, placing old iron on the limbs, which acts as a tonic to the sap, &c. Try it, ye who have failed in raising fruit,

PAYAS YOU GO.—This is a charming proverb. A sixpenny loaf of bread without butter, and no debt on it, has a better relish than your best dinner that is to be paid for to-morrow.

ALWAYS do as the sun does, look at the bright side of things. For while it is just as cheap, it is three times as good for digestion. The melancholy man don't even relish wedlock.

A HUE AND CRY.—When an advertised dye turns your hair a bright green!

TO PICKLE CUCUMBERS.—Wipe and put them in salt water, strong enough to bear an egg, in which let them remain six or seven days; then scald them in vinegar to green them, after which, put them in cold spiced vinegar. Beans are done the same way.—*Home Cookery.*

IT is proposed to establish in some of our Eastern cities an institution in which the science of Spinology, Weaveology, and Cookology may be taught to young ladies, and where, after obtaining these accomplishments, they may receive a regular diploma with the honorary degree of "F. F.W."—Fit for Wives.

JEALOUSY is one of the meanest, but not the least powerful, of the unclean spirit that infest modern society. How rarely is it that we hear sincere, unqualified praise flowing from the lips of a rival! In order to beget hatred, it seems only necessary that two men should start on the same path. They may be friends at first; but in a very short while afterwards we are sure to find them foes; the success of the one being gall and wormwood to the other.

MR. Partington, in allusion to the many advertisements headed, "Ho! for California!", thinks a spade would be more useful to the diggers.

They have got a pig in Ohio so thoroughly educated that he has taken to music. They regulate his time by twisting his tail—the greater the twist, the higher the notes.

VOLUME IX of the *SCIENTIFIC AMERICAN* commences on the 17th of September. It is chiefly devoted to the advancement of the interests of *Mechanics, Inventors, Manufacturers, and Farmers*, by the diffusion of useful knowledge upon these important branches. It is edited by men practically skilled in the arts and sciences, and is widely regarded as a sound and able journal. Nearly all the VALUABLE PATENTS which issue weekly from the PATENT OFFICE are illustrated with ENGRAVINGS, and the CLAIMS of the PATENTS are published in its columns; thus making the paper a perfect SCIENTIFIC AND MECHANICAL ENCYCLOPEDIA for future as well as present reference. The SCIENTIFIC AMERICA is very extensively circulated—its circulation in the last Volume exceeding 18,000 copies per week. It is in form for binding; each volume contains SEVERAL HUNDRED ENGRAVINGS and over FOUR HUNDRED PAGES of Reading Matter, with an Index. GEORGE LORD, begs leave respectfully to intimate to his friends and the public in general, that he has resumed the practice of the VETERINARY LINE, under the patronage of His Excellency Sir ALEXANDER BRANNERMAN, Knight.

After a successful practice of upwards of 14 in England and 13 in America—in the course of which he has been directly instrumental, through his skill, in saving, for their owners, the lives of many valuable horses and Cows, he hopes that, in now soliciting a renewal of PUBLIC PATRONAGE, he may be permitted to say that he considers himself to be as well qualified to prescribe for, and to treat and perform OPERATIONS, in the capacity of a HORSE and COW DOCTOR, as any individual who has ever practised in that line in this Colony; and he, therefore, presumes that he may confidently look forward to a renewal of that patronage which he formerly enjoyed in this Island.

Astonishing efficacy of the Oxygenated Bitters,

IN A CASE OF LONG STANDING.

From Fitzhenry Homer, Esq., of Boston, Mass.

Boston, September 28, 1848.

DEAR SIR—It is now nearly three years since I was first troubled with the water-brash and derangement of the stomach. I have taken advice of the best Physicians in this city and New York, in London, Paris, Germany, and Italy, followed their prescriptions, and visited the several sulphur and other springs in this country, the watering places of Germany, and elsewhere in Europe, and had found no relief. Since taking the Bitters I have had a return of the Water-brash, which daily troubled me of late years to a very great degree. My appetite has returned; the extreme flatulence, severe costiveness of the bowels, general debility, and sleepless nights under which I suffered, have entirely left me. Having found so great relief from this most discouraging disorder. I have unconsciously let trial of your medicine to many of my friends, who are now using it to great advantage. And I cannot refrain from writing to you in the favour and hope, for the good you have bestowed upon the community; and trust that what little is in my scope to offer in extending the circulation of your "Oxygenated Bitters," will be done with grateful pleasure at all times.

Yours very respectfully,
FITZHENRY HOMER.

Twelvetrees Brothers' Soap Powder

(an entirely new invention.)

IS the cheapest, most efficient, most effectual article for all washing purposes, a packet of which is equal to ten Pennyworth of Soap!

The saving of Time and Labour is so astonishingly great, that a WEEK'S WASH can be accomplished BEFORE BREAKFAST—no rubbing being required.

This wonderful Article is MORE SERVICEABLE THAN SOAP, as it produces a better and much quicker lather, and is adapted for purposes for which Soap cannot be safely or effectually used.

It will not injure the hands, or the most delicate material; but whilst it is incomparable for permanently whitening Linens, &c., after they have become discoloured by age, or injured by bad Washing, it is also unsurpassable for improving the colors of FLANNELS, BLANKETS, WOOLLENS, COLORED PRINTS, MUSLIN and LACE. WONDER OF THE WORLD.

Gravel Cured of five years' standing

Messrs. CURTIS & PERKINS, Bangor, Me.

Gentlemen,—I have been entirely cured of the Gravel, by the use of your *Indian Pain Killer.* I commenced taking the Cramp and Pain Killer in the Spring of 1847. I had been a great sufferer for ten years previous to that time. For five years of the time I suffered beyond all my powers to describe.

During this time, I have had medical aid, and tried various apothecaries, but found very little relief until I obtained your Cramp and Pain Killer. In one month after I commenced using it, I began to grow better. I continued to use it for a year, all the time improving until I was entirely cured. MILES STAPLES.

Prospect. Me., Jan. 29, 1851.

We, the undersigned, are well acquainted with the above case, and certify to the above statement of facts.

CHARLES CLIFFORD,
HANNAH CLIFFORD,
STANTON ELLIS.

Doctor Toby, a regular practising Physician, of East Machias, writes us under date of March20, 1847:

"Please send me half a gallon of your Cramp and Pain Killer—have the best confidence to cure what it is represented to, that I everused."

The Doctor first made use of it in his own case, for a severe sprain in the shoulder, caused by the upsetting of a stage, and found immediate relief, and has since used it in his practice.

Read the following. It speaks for itself.

RHEUMATISM CURED.

I certify, that I was afflicted with a violent Rheumatic pain in the small of my back, which entirely disabled me, so that I could not get up without the greatest pain and effort; nor could I walk without a cane, and but very little with. I applied Doctor Johnson's Anodyne Liniment, or Liquid Opodeldoc, and several other remedies, without any relief. After suffering in this way about a week, I purchased a bottle of *Cramp and Pain Killer*, prepared by CURTIS & PERKINS, Bangor, Me., and after two applications was entirely relieved and free from pain, and am now entirely well. I also cured a friend of mine, who had been suffering for a long time with a lame side, with the same bottle. I believe it the best medicine in the world, and am happy to add my testimony in its favor

OLIVER TOWNE.

LIST OF

British Periodical Publications.

FORWARDED by mail, under the provisions of the late Post Office Law, at merely nominal rates.

1. *The London Quarterly Review (Conservative).*
2. *The Edinburgh Review (Whig).*
3. *The Westminster Review (Free Church).*
4. *The Westminster Review (Liberal).*
5. *Blackwood's Edinburgh Magazine (Tory).*

These Reprints have been in successful operation in this country for nearly years, and their circulation is constantly on the increase, notwithstanding the competition they encounter from American periodicals of a similar class, and from the numerous *Eclectics* and Magazines made up of selections from foreign periodicals. This fact shows clearly the high estimation in which they are held by the intelligent reading public, and affords a guarantee that they are established on a firm basis, and will be continued without interruption.

Although these works are distinguished by the political shades above indicated, yet but a small portion of their contents is devoted to political subjects. It is their *literary* character which gives them their chief value, and in that they stand confessedly far above all other journals of their class. *Blackwood*, still under the masterly guidance of Christopher North, maintains its ancient celebrity, and is, at this time, unusually attractive. The best tales of Bulwer and other literary notables, written for that magazine, and first appearing in its columns, both in Great Britain and in the United States, from its works as "The Caxtons" and "My New Novel," (both by Bulwer), "My Peninsular Medal," "The Green Hand," and other serials, of which numerous rival editions are issued by the leading publishers in this country, have to be reprinted by those publishers from the pages of Blackwood, after it has been issued by Messrs. Scott and Co., so that the publication of the Reprint of that Magazine may always rely on having the earliest reading of these fascinating tales.
