TORONTO

TORONTO (CP) — The stock market closed ahead on all sections Thursday for the second straight session.

Trading was fast until the final hour when it fell off slightly to close at 4,519,000 shares, down from Wednesday's 4,929,000, but still one of the better days this week.

Coppers, the big attraction Wednesday when a number of stocks made substantial gains, were as active Thursday but some of these gains were cut and most issues were slightly off.

Consolidated Halliwell dipped 2 cents at 54 on a turnover of 944,000 shares following word of an underwriting. Coldstream traded 116,000 shares and also lost 2 cents at 37.

Base metals maintained headway behind International Nickel, ahead 1⅜ at 76⅝. Most senior mines recorded substantial gains Wednesday but eased slightly Thursday.

Golds gained with Kerr-Addison adding ½ at 18½ and ¼ point gains went to Dome at 16⅝ and Hollinger at 24.

Western oils were mixed and while the index was slightly ahead the section generally was unchanged.

Index gains: Golds .26 to 84.81; base metals .06 to 159.22; western oils .03 to 136.83
