Home Rule.
DUBLIN, Aug. 29.
The United Ireland urges the landlords to embrace the last chance to confess that Home Rule is inevitable, and to appoint a committee to meet Gladstone, Parnell and Salisbury, in a round table conference, submit suggestions regarding their wishes, make the best of the situation, and the result will be, it says, the election in a few weeks of a Home Rule House of Commons, and the opening of the Irish Parliament in 1888.

Why the Columbus Watch is the Best

THE Main Spring barrel is completely covered, making the watch perfectly dust proof.

There can be no interference between the Balance and the Barrel. The Regulator is nearly double the length of others, rendering accurate regulation a very simple matter.

To replace a broken Main Spring, the Barrel can be removed without disturbing the Balance or interfering with the regulation.

The Pins of the Regulator are so formed and located that two or more coils of the Hair Spring cannot catch between the Pins and cause the Watch to stop or gain time at an unusual rate.

The Balance comes under the round, or edge, the strongest part of the case, not as with all others, under the center and weakest part.

The Main Spring Power is the lightest used in American Watches.

The calculation of the Train is such that this Watch runs 8 to 10 hours longer than others, with one winding, giving more uniform power and rate.

These are improvements that cannot be claimed by any other manufacturers, and once seen, all must agree with us in saying that this is the strongest and best Watch made; and with all the above improvements, the Columbus Watches cost no more than others.

We direct special attention to the auction sale of Willow Grove, the residence of J. W. Morrison, Esq., which takes place to-morrow at 12 o'clock. The property is eligibly situated, and offers a splendid opportunity to any person desirous of investing in real estate.

YESTERDAY afternoon, says the Moncton Transcript, policeman Foster returned from Summerside, whether he had been in quest of the girl Nellie, who recently decamped from Mr. John H. Marks' house with property not her own. The policeman ascertained that she was well known in Summerside, but was not to be found there. She was probably out in the country hiding.

THE steamer Carroll, Capt. Brown, sailed for Boston last afternoon, with a cargo consisting of 1,244 cases eggs, 1,050 barrels and 1 half barrel mackerel, 800 cases lobsters and sundry other merchandise. THE annual picnic of the Sunday School in connection with Zion Church, took place at West River yesterday. The steamer Southport made two trips from Charlottetown and carried quite a large number of pleasure seekers to the grounds, where a large and very pleasant time was spent. The day was all that could be desired, and everyone returned home in the evening well satisfied with the success of the picnic.

WITH reference to the letter of "Observer," which appeared in our issue of the 11th, reflecting upon an article descriptive of the Macdonalds, taken from the Moncton Times, the correspondent of that paper asks us to explain that "singing and playing" should have read "singing and praying," and that "ladies prayed" should be "ladies prayed." The errors were, he says, typographical ones, for which he was in no way responsible.

FINAL NOTICE TO TAXPAYERS.-All persons who have not paid their city tax on real estate, personal property and poll, for this year (1887), are requested to pay the same on or before the 31st August, inst. All defaulters after that date will be advertised, and executions will be issued; and all horse and carriage tax and dog tax for this year (1887), unpaid by the 20th of August inst., will be sued for without respect of persons.-F. HECTOR McMILLAN, Esq., of Pictou, familiarly known as the "Island Consul," who has been on a visit among his friends and relatives for the past few weeks, leaves for home by the steamer Princess of Wales to-morrow morning. Mr. McMILLAN is a native of the Island, but in early life settled in the good old town of Pictou, N. S., where, in connection with his business, he takes a deep interest in the welfare of his native Province. Ship-owners and others from the Island always find in him a friend ever ready and willing to give wise counsel in all matters affecting the property of his fellow Islanders.

We see on exhibition at the Diamond Bookstore a very fine plate engraving of the Confederation picture of R. Mr. Harris, of this city. The engraving is thirty-six by twenty-four inches, and is a very good representation of the original, which now hangs in the corridor of the Parliament building at Ottawa. Mr. Watson is, we understand, preparing a small book containing a sketch of the life of each of the statesmen, whose outward form and features are perpetuated in the picture. No doubt it will find a ready sale in this community, for we know the artist as well as many of the portraits. The picture is published by W. R. Watson, 35 King Street, Toronto, at \$2 per copy.

THE tea at Kensington yesterday, under the auspices of the Indian River Catholic Church, was a most successful and enjoyable affair. The whole countryside turned out. A large number came from Summerside by train and carriage, and when they all got together there was no small crowd. Several parties from the city were present. Kensington is a beautiful spot for a picnic. The tea was held on the splendid grounds adjoining the railway station. Everything passed off quietly, and everybody seemed to enjoy themselves well. We cannot omit drawing attention to the Jubilee Hotel, now being prepared by Mr. G. B. S. It is almost completed and will soon be in working order. The hotel-a splendid building situated in the centre of the village-will be heated with steam, is well laid off and when completed will be one of the finest in the Province. We speak for the proprietor a fair share of public patronage.

ST. PETERSBURG, Aug. 18. The Moscow Gazette urges the Russian Government to act with vigor in regard to Bulgaria. The Drowning Accident.

THE EVIDENCE AT THE INQUEST LAST EVENING-THE VERDICT RETURNED.

CORONER CONROY last evening held an inquest on the body of Margaret Livingstone, found floating in the harbor yesterday morning. The following evidence was taken:-

Mrs. WILLIAM E. McDONALD (sworn)-I am the daughter of the deceased Margaret Livingstone. It was at five minutes to five o'clock yesterday morning when I first missed my mother from the house. She lived with me on King Street. She the deceased had me confined to her bed from weakness for three or four days before she was missed. I noticed that she was sad and melancholy for the last few months, although she did not appear astray in her mind. She never made any attempt to commit suicide in any way, and I had no fear of her ever doing it. She generally went out working, or did work at home. She always worked very hard. She did not seem to be nearly so strong this summer as she used to be. She was about 62 years of age. Myself, my aunt, and a little boy 12 years old, lived together in the same house with my mother. When I missed her from her bed so early in the morning I thought she left for the purpose of doing away with her life. She had not been on the street since the 11th of June last. She was not in the habit of taking any stimulants. I slept in the same room with my mother on the night she left the house. She must have left the house between 12 o'clock and 5 in the morning, as I had heard her move in the bed about 12 o'clock.

MARY FLEMING (sworn)-I am the sister of the deceased Margaret Livingstone. I have lived in the same house with my sister the deceased since last October. I never noticed anything astray in her mind, although she seemed sad and tired. She never made any attempt to commit suicide. I have heard Mrs. McDonald's evidence, and I have nothing further to add to it.

JOHN POWER (sworn)-I was called this morning about 7 o'clock by the officers of the steamer Princess of Wales to take a boat and go out in the river near the channel opposite the ferry wharf and bring ashore the body of the deceased Margaret Livingstone, which was then floating in that part of the river. Myself and Stephen O'Hare went out in a boat and brought the body ashore.

THE VERDICT. We, the jury now empaneled, find a verdict as follows: "That the said Margaret Livingstone was found drowned."

M. P. Hogan. J. H. Slackford. Daniel McDonald. Thomas Hickey. Peter Clarkin. C. Howard Dingwell. Geo. W. Gardiner.

The jury considerably donated their fees to Mrs. McDonald.
