VARIETIES.

THE ORATOR AND THE NEWSPAPER.

Compare the orator, one of the noblest vehicles of the diffusion of thought, with the newspaper, and we may gain a quaint glimpse of the ubiquitous power of the latter. The orator speaks to a few hundreds; the newspaper addresses millions. The words of the orator may die in the air; the language of the newspaper is stamped upon tables imperishable. The arguments of an orator may follow each other so rapidly, that a majority of the audience may struggle in a net of ratiocination; the reasoning of the newspaper may be scanned at leisure, without the danger of perplexity. The passion of an orator inflames an assembly; the feeling of a newspaper electrifies a continent. The orator is for an edifice; the newspaper for the world; the one shines for an hour, the other for all time. The orator may be compared to the lightning, which flashes over a valley for a moment, but leaves it again in darkness; the newspaper to a sun, blazing steadily over the whole earth, and "fixed on the basis of its own eternity."

Printing has happily been defined the "art preservative of all arts." Printing makes the orator more than an orator. It catches up his dying words, and breathes into them the breath of life. It is the speaking gallery through which the orator thunders in the ears of ages. He learns from the tomb over the cradle of the rising generation.—*William Wallace.*

INTERESTING EXPERIMENT.—Two hundred pounds of earth were dried in an oven, and afterwards put into a large earthen vessel; the earth was then moistened with soft water, and a willow tree, weighing five pounds, was placed therein. During the space of five years, the earth was carefully watered with rain water or pure water. The willow grew and flourished; and to prevent the earth being mixed with fresh earth, or dust blown into it by winds, it was covered with a metal plate, perforated wtih a great number of holes, suitable for free admission of pure air only. After growing in the earth for five years, the willow tree was removed, and found to weigh one hundred and sixty-nine pounds and about three ounces. The leaves which fell from the tree every autumn were not included in this weight. The earth was then removed from the vessel, again dried in the oven, and afterwards weighed; it was discovered to have lost only about two ounces of its original weight. Thus one hundred and sixty-four pounds of lignin or woody-fibre, bark, etc., were certainly produced from the air.

A GOOD SUGGESTION.—An exchange paper says: "Every tradesman who has daughters growing up, should let them acquire a knowledge of book-keeping, since, in the changes of fortune they may have to get their own bread. Many a young lady who is a proficient on the piano, can scarcely earn her board, such are the multitudes of music teachers, but to an accountant, situations are always open.

A NEW WAY TO "KEEP ONE'S TEMPER." We remonstrated with our steward on the importance of keeping his temper. "Temper !,' he exclaimed, catching the last word and flourishing, as he spoke, the carving-knife he was cleaning, as if to compare himself with that instrument—" temper!" he exclaimed, his eyes and the blade flashing in rivalry, " yes, I've got a temper, and I mean to *keep it* to my dying day."

To seize opportunity by the forelock is a familiar piece of advice: We lately saw, in an old book of wisdom, the fact upon which it is founded' viz., that " Opportunity has long hair in front and short hair behind." Too many men fancy that he wears a cue, but find out their mistake when they try to catch it.

A RECENT traveller up the Mississippi, having been disappointed in his attempt to get a view of Natchez, as the boat stopped a moment under the bluff, reports as follows:

The town of Natchez
We saw by snatches,
Up over the bluff,
Which wasn't enough;
But we couldn't see more,
For the shape of the shore
Prevented,
So we had to be contented.

The same odd genius, having taken passage in the crack steamer Eclipse, seemed to hear her saying all the way to Louisville:

Hurry, skurry! I'm the Eclipse,
That every fortnight makes two trips;
Should like to see the boat that whips
The E-e-e-e-e-Eclipse.

WHAT a strange, paradoxical thing Time is! The more you have to do, in a given time, the more time you have left. *Time is like an India rubber bag; the more you crowd into it the more it will hold.*

R. R. R.
Highly Important to the Public.

The Sick cured on the R. R. R. Theory.

THREE GREAT REMEDIES.

The attention of the public is particularly directed to the three quick and powerful remedies discovered by Radway & Co. So quick, so powerful, so effectual, so safe, so pleasant, are these remedies in stopping pain, checking disease, expelling from the human body all foul and corrupt humours, all diseased and poisonous deposits, and restoring the weak, feeble, and fragile frame, worn out by disease and long suffering, to sound health and long life, that whoever uses these remedies, and becomes familiar with the R. R. R. Theory, will never need a physician, unless it is in some critical surgical case. The R. R. R. Remedies will never fail—they prove themselves in the worst cases in less than *twenty-four hours.*

They invigorate, they renovate, they regulate, they relieve the suffering, pain-stricken invalid from the most torturing pains *in a few minutes.*

They restore the sick and diseased body *to health and longevity.*

To the low spirited and nervous they impart joyfulness, vigor, and a happy flow of spirits.

To the aged and infirm, whose constitutions are worn out by decrepitude and limbs palsied and enfeebled, they impart the elasticity and buoyancy of manhood in its prime.

To the young, who, between the period of youth and manhood, outgrow their natural strength, who are afflicted with languor, lassitude, loss of appetite, gloomy feelings, &c., they impart to the recuperative organs a healthy regularity of action.

To the thoughtless seeker and victim of animal passions, who has *wasted* away his strength in folly and revelry, they check the *waste of manhood*, and restore every organ to a sound and natural condition.

To all who suffer pain, to all afflicted with disease, the R. R. R. REMEDIES will quickly and effectually free the sufferer from misery, and render the most wretched capable of enjoying sound health and long life.

R. R. R.
REMEDIES.

The R. R. R. Theory requires only three remedies for the cure of the sick, and the protection of the human system against sudden attacks of v int diseases.

No. 1.—RADWAY'S READY RELIEF.—*For the instant Relief of Pain, and quick cure of Acute Maladies.*

No. 2.—RADWAY'S RENOVATING RESOLVENT. —*For the effectual cure of all Chronic and Scrofulous Diseases that have been lingering in the System, corrupting the Human Body, for Five, Ten, Twenty, or Forty Years.*

No. 3.—RADWAY'S REGULATORS.—*For restoring and regulating to a healthy and harmonious action all the Organs in the System. A mild and effectual carthartic.*

R. R. R.—No. 1—RADWAY'S READY RELIEF is for the instant relief of the sufferer from pain, and to check and arrest the progress of diseases; to disinfect animal, malarious, and infectious poisons, thus protecting whoever uses it against all poisonous Infection, from Contagion, and from sudden attacks of Cholera, Pneumonia, Ship Fever, Fever and Ague, &c. Likewise for the effectual and radical removal of all pains and diseases of the Joints, Limbs, Nerves, &c., in from five to fifteen minutes.

RADWAY'S READY RELIEF will stop the most distressing and violent pains, either internal or external—Nervous, Neuralgic, Bilious, or Rheumatic.

A FIXTURE IN THE FAMILY.—Every family should keep a supply of RADWAY'S READY RELIEF in their houses—it is useful in so many ailments—it is always beneficial; he gurantees it is a sure cure for Cholera, if taken in its first symptoms' If used when violent epidemics prevail, it will save ife.

R. R. R.—No. 2—RADWAY'S RENOVATING RESOLVENT.—We have said that for all chronic complaints, we recommend our RESOLVENT. The RESOLVENT resolves away all diseased deposits that have been lingering in the system for TEN, TWENTY, or FORTY YEARS.

Every person who has been troubled with any complaint for years, will require the RESOLVENT to ensure a perfect cure. The action of the RESOLVENT is directed first to the absorbents, stimulating them into action; and, second to the blood, which it depurates by its alterative action over the glands the liver, pancreas, kidneys, &c., (which are the sewers that nature has established for purifying the blood). You will, after this description, we hope, appreciate the name we have given to the second of the R. R. R. REMEDIES OF RENOVATING RESOLVENT. It resolves away diseased deposits; it purifies the blood, and renovates the system. Tumors are removed and discussed by its operation; Chronic Swellings are dissipated; Nodes are softened and melted away. The most loathsome Skin diseases disappear under its action; Scrofulous constitutions are soon amended, and the disease checked wherever it has attacked the system. Syphilis, with all its horrible train of concomitants, here find a certain and infallible cure; and Consumption, too, often finds its master. For Chronic Dyspepsia, RADWAY'S RENOVATING RESOLVENT is not only an effectual, but quick cure.

BRONCHITIS.—We know of no remedy, nor of any treatment that will so quickly and effectually cure Bronchitis as the RESOLVENT. It is in all old Chronic cases where RADWAY'S RENOVATING RESOLVENT will be most appreciated.

Its Procreative Power.—Married persons, who are not blessed with offspring, if the difficulty arises rom imperfect organs and incompetency, will find he R. R. Resolvent of great benefit.

DYSPEPSIA, WATER BRASH.—This distressing disorder is generally the result of a low grade of Chronic inflammation of the Stomach. The patient, who generally feels well enough when the stomach is empty, is afflicted with the most distressing symptoms on taking food. Water Brash eructations, with burning sensation, heart burn, pain at pit of stomach, &c. This disease is generally accompanied with costive bowels.

TREATMENT.—Resolvent three times per day after meals, dessert spoonful. One Regulator on going to bed at night, to keep the bowels open and regular. When the Heart Burn is very distressing, a dose of the Relief taken in water will promptly relieve it.

The public may rely upon an effectual cure of the following diseases by using the Renovating Resolvent:—

Chronic Rheumatism,	*Tumors, Ulcers,*
Scrofula,	*Skin Diseases,*
Glandular Swellings,	*Hip Diseases,*
Hacking dry Cough,	*Female Complaints,*
Cancerous Affections,	*Gout,*
Syphilitic Complaints,	*Rickets,*
Bleeding of the Lungs,	*Salt Rheum,*
Dyspepsia, Water Brash,	*Bronchitis,*
Tic Doloroux,	*Consumption,*
White Swellings,	*Liver Complaint.*

R. R. R.—No. 3.—RADWAY'S REGULATORS. —THE THIRD GREAT MEDICAL DISCOVERY OF RADWAY & CO.—One Regulator is sufficient to regulate the Bowels, Liver, and Pancreas to a healthy and harmonious discharge of their functions.

Two will insure a pleasant discharge from the bowels at a regular period of time every day.

Four to six will purge thoroughly all corrupt and acrimonious humors from the alimentary canal.

IMPORTANT TO PILL TAKERS.—Every one who is in the habit of taking pills will find RADWAY'S REGULATORS the most pleasant, safe, effectual regulator of the Bowels, Liver, Pancreas, and the most CERTAIN PURIFIER OF THE BLOOD in use.

One of RADWAY'S REGULATORS is superior in point of medical strength and efficacy, to six of the most popular and best approved Cathartic Pills.

All Purgative or Cathartic Pills are made from the crude materials of their composition: the inert and active principles are combined together, and the pills are made up of this common mass, so that out of six pills the patient has to swallow, all the really and truly medical virtues of the same would not make more than two pills. Every chemist well knows that out of the crude materials of drugs, roots, herbs, barks, plants, &c., there is only a yield of one tenth of medical virtue. We seriously believe that more deaths are caused by overloading the system with useless physic than from disease. No more medicine should be given to a patient than what is necessary to produce the desired effect, and to overload the system with useless drugs is not only checking the action of active virtues, but is inflicting serious labour upon the already shattered constitution.

R. R. R. Remedies are based upon this principle —there is as much difference, in point of strength and efficacy, between *Radway's Regulators* and all other Cathartic Pills, as there is between quinine and common bark, or morphine and opium.

RADWAY'S REGULATORS, therefore, are the best pills for the sick to take, one being sufficient in all ordinary difficulties, and two possessing a greater and better power than any six of the most approved pills known.

RADWAY'S REGULATORS are a certain cure for Costiveness, Indigestion, Liver Complaint, Kidney Complaint, Jaundice, Head Aches, Nervousness, Melancholy, Diseases of the Bladder. FEMALE DIFFICULTIES.—Leuchorrhœa, Fleur Albus, Whites, and Irregularities of all kinds. BILIOUS DISEASES. —Bile on the Stomach, Bilious Colic, Enlargement of the Spleen, and all Chronic Affections of the Liver and Kidneys.

RADWAY'S REGULATORS are most carefully prepared from extracts and gums of trees, plants, roots, and herbs. There are no pills in use that will act upon the Liver, Pancreas, Bowels, the Salivary Glands and Nerves, so pleasantly and so effectually as the R. R. REGULATORS. No pills can be taken for any length of time with the same safety to the constitution; for, instead of debilitating the system by powerful and drastic purging, they act pleasantly upon the bowels, and impart strength to every nerve and tissue of the body.

One of the REGULATORS, taken on going to bed, will insure a regular and healthy discharge from the bowels in the morning. In cases where eight or ten of the common pills are used for free evacuations, two or three of the REGULATORS are sufficient.

NO CALOMEL

or other poisonous drug enters their composition— they are entirely vegetable. They are pleasant to take, elegantly coated with a medicinal gum, are perfectly tasteless, and free from smell. No person will feel any disagreeable symptoms from taking a dose of REGULATORS.

CAUTION.

There is a counterfeit Ready Relief in the market; the labels are very similiar to the labels on the genuine. Purchase only of authorized agents, and inquire of the person you purchase from if they know it to be genuine. If you do not find relief from pain in fifteen minutes, send us the label of the bottle you purchase, and inform us from whom you purchased.

THE CHEST.

SIR ASTLEY COOPER, BART., M. D., the eminent Medical Practitioner, has left a valuable legacy to the world, in his GREAT PREVENTIVE OF CONSUMPTION, and *unfailing cure for Pulmonary Diseases*, without the use of Medicine.

Sir A. C. Bart., invented and advised the use of the MEDICATED FUR CHEST PROTECTOR to all persons of all ages and conditions, as a certain and safe shield against those fearful diseases, Consumption, Bronchitis, Asthma, Coughs, Colds, and other affections of the Lungs, which arise from the exposed state of the chest, *according to fashion*, and the continual changes of our climate.

"The Protector" is simply a chemically-prepared fur, lined with silk and padded, which, suspended from the neck, covers the chest in so agreeable a manner, that, once worn, it becomes a *necessity* and a *comfort*.

"The Protector," although but recently introduced into America, is making rapid progress through the United States, the Canadas, South America, and the West Indies. It has for a long time been a staple article in England, and on the Continent of Europe, while it has grown in many countries to the position of an article of dress.

To demonstrate these facts, enquire of any English resident in your vicinity of his knowledge of the beneficial effects of wearing the Protector, WITHOUT RECOURSE TO DOCTORING of any kind. The cost of wearing these articles is a mere trifle, and one will last some years. No one who values the health of himself or his family will be without them. The hospitals in this country are not alone recommending them, but rapidly introducing them. Harcourt, Bradley & Co., of London, and Manchester, England, were originally entrusted with the manufacture of the Protectors, by the lamented Dr. Cooper, and continue to mafacture according to *his original* instructions, and therefore recommend those who would wear "The Protectors," to see to their being genuine.

THE HYDROMAGEN,
OR WATERPROOF ANTI-CONSUMPTIVE
CORK SOLES,

Manufactured by HARCOURT BRADLEY & Co., 38, Ann Street, N. Y., and at London and Manchester, England.

THE HYDROMAGEN is a valuable discovery for protecting the feet from damp or cold, and therefore a preventive of many Lung diseases, *without any doctoring whatever.* The Hydromagen is in the form of a sole, and worn inside the boot or shoe. Its *medicated* character is a powerful antidote to disease.

For Gentlemen it will be found agreeable, warm, and healthy, to wear in the coldest or rainiest weather, as the foot cannot become wet, if the Hydromagen is inserted.

Ladies may wear the lightest soled boots or shoes in the most inclement weather with impunity; while consumption, so prevalent among the young of our country, may be thwarted by general adoption. They entirely *supersede over-shoes*, as the latter cause the feet to perspire in a very unhealthy manner; and, besides, are not dangerous wear to pedestrians in icy weather, like India rubbers. While the latter cause the feet to appear extremely large, the Hydromagen, being merely a thin slice of cork prepared, peculiarly placed inside, does not increase the size of the boot, or cause the foot to appear untidy.

To Children they are extremely valuable, as they may engage in exercise, with comfort and healthy effects. Their expense is so slight as to scarce need mention; besides those who patronise them will find their *yearly doctor's bill much diminished thereby.*

As the Hydromagen is becoming more known, its sale is increasing to an almost incredible extent. Last year in London, Manchester, Birmingham, Liverpool, Glasgow, Leeds, Dublin, Paris, Antwerp, Hamburgh, and Berlin, our sales reached the almost incredible number of 1,732,450 pairs of cork soles. This year the number will far surpass that.

Ask the Faculty their opiniou of their value as a preventive for COUGHS, COLDS, BRONCHITIS, ASTHMA, and CONSUMPTION.

Men's size, per pair, 2s 3d.
Ladies' do. do, 2s.
Boys' and Misses' do. 1s 6d.

NOTICE.—From the Retail Prices we make a very liberal allowance to Jobbers and Wholesalers, so that any storekeeper can make a fine profit on their sale, while they are an article, that may be kept in any store, among any class of goods.

For terms, apply to HARCOURT, BRADLEY, & Co. 38 Ann Street, New York.

A supply of the above daily expected.
