

Some Strange Medicines.

The Northumbrian cure for warts is to take a large snail, rub the wart with it and then impale the snail on a thorn hedge.

In the vicinity of Stamford in Northumberland, whooping cough is cured by putting the head of a live trout into the patient's mouth and letting the trout breathe into the latter.

In Lincolnshire a girl suffering from the ague cuts a lock of her hair and binds it around an aspen tree, praying the latter to shake in her stead.

Spiders are largely concerned in the cure of ague. In Ireland the sufferer is advised to swallow a living spider.

In Devonshire, the approved treatment for scrofula is to dry the hind leg of a toad and wear it round the neck in a silk bag; or else to cut off the part of the living reptile that answers to the part affected, and having wrapped the fragment in parchment, to tie it round the sufferer's neck.

Frogs, too, are considered remedial. The frog's spawn placed in a stone jar and buried for three months till it turns to water has been considered wonderfully efficacious in Donegal.

In some of the Hebridean Islands, notably that of Lewis, the greatest faith prevails in the efficacy of perforated water worn stones called "snake stones."

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain and the little cherub awakes as "bright as a button."

NASAL BALM

I have been troubled with nasal catarrh for the last five years. Seeing Nasal Balm advertised I procured a bottle, and although I have only used part of it, I do not hesitate to pronounce it the best remedy in the world for that loathsome disease.

J. S. GEORGE, Balak and Confectioner, Sept. 23—wky

Why the Columbus Watch is the Best

The Main Spring barrel is completely covered, making the watch perfectly dust proof.

There can be no interference between the Balance and the Barrel. The Regulator is nearly double the length of others, rendering accurate regulation a very simple matter.

To replace a broken Main Spring, the Barrel can be removed without disturbing the Balance or interfering with the regulation.

The pins of the Regulator are so formed and located that two or more coils of the Hair Spring cannot catch between the Pins and cause the Watch to stop or gain time at an unusual rate.

The Balance comes under the round, or edge, the strongest part of the case, not as with all others, under the center and weakest part.

The Main Spring Power is the lightest used in American Watches. The calculation of the Train is such that this Watch runs 8 to 10 hours longer than others, with one winding, giving more uniform power and rate.

These are improvements that cannot be claimed by any other manufacturers, and once seen, all must agree with us in saying that this is the strongest and best Watch made; and with all the above improvements, the Columbus Watches cost no more than others.

G. H. TAYLOR, Jeweler, Charlotetown, P. E. Island.

BEER & GOFF, QUEEN SQUARE AND KING SQUARE STORES.

Charlotetown, Sept. 6, 1887.—end wky

The treatment of many thousands of cases of those chronic weaknesses and distressing ailments peculiar to females, at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has afforded a vast experience in nicely adapting and thoroughly testing remedies for the cure of woman's peculiar ailments.

As a powerful, invigorating tonic, it imparts strength to the whole system, and to the womb and its appendages in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest early boon, being unequalled as an appetizing cordial and restorative tonic.

As a soothing and strengthening medicine, it is invaluable in allaying and subduing nervous excitability, irritability, exhaustion, prostration, hysteria, spasms and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep, relieves mental anxiety and despondency.

Dr. Pierce's Favorite Prescription is a legitimate medicine, carefully compounded by an experienced and skillful physician, and adapted to woman's delicate organization. It is purely vegetable in its composition and perfectly harmless in its effects in any condition of the system.

As a regulator and promoter of functional action, at that critical period of change from girlhood to womanhood, "Favorite Prescription" is a perfectly safe remedial agent, and can produce only good results. It is equally efficacious and valuable in its effects when taken for those disorders and derangements incident to that later and most critical period, known as "The Change of Life."

"Favorite Prescription" when taken in connection with the use of Dr. Pierce's Golden Medical Discovery, and small laxative doses of Dr. Pierce's Purgative Pills (Little Liver Pills), cures Liver, Kidney and Bladder diseases. Their combined use also removes blood taints and abolishes cancerous and scrofulous humors from the system.

"Favorite Prescription" is the only medicine for women, sold by druggists, under a positive guarantee, from the manufacturer, that will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle-wrapper, and faithfully carried out for many years.

Large bottles (100 doses) \$1.00, or six bottles for \$5.00.

For large, illustrated Treatise on Diseases of Women (160 pages, paper-covered), send ten cents in stamps. Address, World's Dispensary Medical Association, 663 Main St., BUFFALO, N. Y.

Mortgage Sale

TO be Sold by Public Auction, on THURSDAY the third day of November, A. D. 1887, at Twelve o'clock, noon, at the Court House, in Charlotetown, in Queen's County, under a Power of Sale, contained in an Indenture of Mortgage, dated the third day of July, A. D. 1877, made made between Thomas Henry Keating, of the one part, and Henry Keating, of the other part.

All that certain lot, in Charlotetown, in Queen's County, in Prince Edward Island, being part of Town Lot number forty-two (42), in the first hundred of Town Lots, in Charlotetown, commencing on the westward side of Queen Street, at the southeast angle of the property of William H. Watson, thence by a line at right angles to said street westwardly on or about eighty-six feet, or until it meets the division line between Town Lot number forty-one and said Town Lot forty-two in said hundred, thence along said division line southwardly seventy-two feet, or until it meets the northward edge of King Street, thence along King Street eastwardly two feet, or until it meets the west boundary of the property of the Bank of Prince Edward Island, hence following the course of the same southwardly on a line parallel with Queen Street forty-four feet, or to the northward boundary of said Bank property, thence following said northward boundary eastwardly for the distance of sixty-four feet, or until it strikes the westward edge of Queen Street, thence following Queen Street northwardly for the distance of twenty-eight feet, more or less, to the place of commencement.

For further particulars apply to Edward J. Hodgson, Solicitor, Charlotetown. Dated this 31st August 1887. EDWARD J. HODGSON, Assessee of Mortgage.
