Testimonial

C. P. Fletcher, Esq.
DEAR SIR,—I do not wish to return to Montreal without expressing my gratitude to you for the very excellent Bell Piano that you placed at my disposal for my recital. I have tried many Canadian Pianos of different manufacturers and must say that, considering the size of the instrument, I have never found one to equal it for depth and brilliancy of tone. The action is quite as elastic and responsive as in American Upright Pianos of the highest grade. Again thanking you, very sincerely,

I remain, Yours, FRED. E. MORRIS

NAMES OF THE MONTHS.

The derivation of the names of the months is as follows:
January—The Roman Janus presided over the beginning of everything, hence the first month of the year was called after him.
February—The Roman festival Februus was held on the 15th day of this month in honor of Lupercus, the god of fertility.
March—Named from the Roman god of wars, Mars.
April—Latin Aprilis, probably derived from asperire, to open, because spring generally begins and the buds open in this month.
May—Latin Maius, probably derived from Maia, a feminine divinity worshipped at Rome on the 1st day of this month.
June—Juno, a Roman divinity worshipped as the queen of heaven.
July (Julius)—Julius Caesar was born in this month.
August—Named by the Emperor Augustus Caesar, B. C. 30, after himself, as he regarded it a lucky month, being that in which he gained several victories.
September (septem, or 7)—September was the seventh month in the old Roman calendar.
October (octo, or 8)—Eighth month of the old Roman year.
November (novem, or 9)—November was the ninth month in the old Roman year.
