Alouettes during French Canadians

MONTREAL (CP)—Efforts of Montreal Alouettes to siphon some of the famous French-Canadian basketball players into football may be starting to pay off.

Look at this "general manager" M. E. (Ted) Workman said Friday, lifting a three-page article from the Montreal papers for his desk. "These are new fans, and most of them are French-speaking."

The pink papers were applications for season tickets. The prices, from \$5 to \$10, are pending on the location in the 25,218-seat Molson Stadium, are from last year.

Of the new applications received for season tickets this season, 65 per cent are from French-speaking persons.

Workman said the advance sales this year, for the first time since the Canadian Football League games and three pre-season games, are starting to show a 10 per cent over last season.

Workman attributes this year's increased sales to a new image of the team created by coach Jim Trimble, acquired from Hamilton Tiger-Cats last year.

Lap Record Appears Safe

INDIANAPOLIS (AP)—A forecast of gusty winds up to 25 miles an hour made Parnelli Jones' Indianapolis 500 race Sunday speedway record look reasonable safe in today's next-to-total tranquillity as the 478.500-mile race May 30.

Jones made his 10-mile race run in 1:51.183 in a similar conditions last Saturday after practicing in his Offenhauser-powered Atlantic Special at 1:53, which nobody else has approached.

Eighteen positions were filled in the first weekend, leaving 13 open in the 33-car qualified field.

After 33 cars are qualified, another car can qualify by being the slowest car in the field. At present, that is the English Cooper, fitted with a big Aston-Martin rear engine and which was qualified by 23-year-old Pedro Rodriguez of Mexico City at 1:46.87.

Of the unqualified cars, four have run 147.6 or better in practice.

There were 66 entries but three cars have been washed away by wrecks. One of them, a Turner of Seattle, has been seriously hurt in the 26-mile race on the 2.5-mile track opened for practice and drivers' tests May 1.

Bobby Grim of Indianapolis has been one of the fastest qualifiers this week. He did 1:51.7 Thursday in the McCord Special.

Trout Still Lacking Fight Despite Recent Hot Days

The few hot days we have experienced recently have put a lot of extra gimp into our trout. No longer are they allowing themselves to be pulled to bowlers but are putting it up. They still lack that swift surge of a water bug which makes them feel the barb of the hook. They realize that what they are hooked on is not a water bug but a lethal instrument they have to fight in order to prevent themselves from being dragged from their natural element. They still lack the staying power they develop after June fishers had but have an entirely different feel on the rod.

A few evenings ago I was out trying my luck with the finny fellows and released a six inch trout that was just slightly hooked in the hinge of the jaw. A few minutes later I observed a disturbance on the water about five feet distant. What looked like the tip of a nose would come to the surface and the water around it would boil like a small fry. Finally it would submerge briefly and then it would be repeated all over again.

Royal Maple Is Favorite

TORONTO (CP)—Royal Maple, the bay colt owned by J. Louis Levesque of Montreal, was the favorite in the 10th running of the Queen's Plate at Woodbine Friday.

Fifty-eight colts and nine fillies remain eligible for the classic for three-year-olds from an original nomination list of 263 following payment of a \$100 stake.

In making Royal Maple the favorite, jockey Duhaime predicted that the colt, bred by Windfields Farm, would win the race.

Second choice, at 8 to 1, is a bay colt, bred by Windfields Farm, owned by J. Louis Levesque of Montreal.

Brit. Cup Squad Springs Surprise

CP from AP-REUTERS, Scotland — A determined British Walker Cup golf squad ambushed the favored United States team and won the trophy on Saturday.

Marked by the red-hot play of Ireland's Joe Carr, the old country amateurs, 2-0, underdoged the United States.

In the four Scotch foursomes, played in a steady weather on the morning, the British squad won one, dropped two and earned one.

There was every indication the British would count in the points today.

Although no definite decision has been made, it has been mentioned the team may be moved to St. Paul or Milwaukee.

Wren Blair, general manager and coach of the Frontenacs, said it is apparent from an NHL meeting in New York last week that if there is a league next season it will be composed of United States teams only.

Chicago is pretty firmly settled in St. Louis and they hear Detroit has decided on putting their team in Kansas City.

Bettors Have Made Their Choice As Epsom Derby Looms

Disraeli dubbed the blue ribbon of the turf, but this seldom bettors have made their choice since the Second World War.

Also FAVOR CORPORA Next in the betting is the French-trained Corpora, a son of the Italian sire Ribot which was unbeaten in 16 races and in Paris and Montreal. He won the French 2,000 Guineas in Paris in a center, and may have just enough class to win next Wednesday's contest in a sub-standard field.
