

Profit Picture Reported Better So Far This Year

By KEN SMITH, Canadian Press Business Editor TORONTO (CP)—The overall profit picture of big business in Canada is better so far this year than it was in 1965, despite

frequently voiced worries about growing labor and other costs. A survey of the mid-year earnings reports of 65 large corporations shows their net profits total almost \$573,000,000 compared with \$520,000,000 in the similar 1965 period.

An economist said, however, the 10-per-cent gain recorded by these corporate giants may not be indicative of Canadian business as a whole, since the large organizations are better able to meet the challenges of rising costs.

The increasing number of bankruptcies among small firms shows that they are feeling the pinch of tight money and increasing expenses, he added.

Of the 65 major companies, 19 reported lower earnings in the first half of this year compared with 1965. A similar percentage of the firms, however, had lower earnings last year compared with 1964, indicating that recent economic conditions may not be the decisive overall factor in the latest profit picture.

But the reports of almost all the corporations, even those showing a profit increase, comment unfavorably on the effects of higher costs, including labor.

MINING HARDEST HIT

Hardest hit as a group were mining companies. Among some of the largest ones, lower earnings have been reported by In-

costs, but a company official said the increasing labor bill also is a major factor.

Among other major Canadian companies, CPR — facing a strike at noon today over wage demands it says would exceed earnings — showed a profit gain to \$22,799,000 from \$18,964,000.

Steel Co. of Canada Ltd. also with labor troubles, earned \$24,938,000 compared with \$18,696,000 in the first half of 1965, attributing the gain to improved efficiencies brought about by extensive capital investment program.

Domestic Foundries and Steel Co. had higher profits, \$13,170,000 compared with \$13,072,000.

Bell Telephone Co. of Canada Ltd. reported a profit drop in the second quarter, but a good performance in the first quarter left it with a slight increase over the six months — \$42,294,000 from \$42,039,000.

Alcan Aluminum Ltd. reported one of the biggest increases, \$39,636,000 from \$27,666,000.

Although finance companies have been hit hard as a group by tight money, Industrial Ac-

replance reported a profit gain to \$8,282,000 from \$5,873,000. But Traders' Group Ltd. was down to \$2,679,000 from \$3,482,000 and Union Acceptance fell to \$297,000 from \$403,000.

One of the best performances by a group of industries showed in petroleum. Among the largest companies, Imperial Oil earnings rose \$3,000,000 to \$43,000,000. Shell-Canada \$7,000,000 to \$22,590,000. British American Oil almost \$2,000,000 to \$19,230,000, and Hudson's Bay Oil and Gas \$250,000 to \$7,003,000.
