

No Deep Theological Arguments at ACT

AT ACT Student radicalism at its best

AT ACT Small groups make conversation easy

Song, food, quiet times, listen and talk times, fun times, stir together generous quantities using a group of university students, and the end result is an A.C.T. WEEK END.

A.C.T. in proper, formal terms stands for Adult Christian Thinking, but all the ACTors prefer ACT. Basically the week-end is a serious (but not too serious) gathering of UPEI STUDENTS who want to discuss with or listen to other students share their ideas and feelings about what Christianity means to us as individuals. No deep theological arguments—just individuals who want to share in a weekend that brings to the forefront some seldom discussed topics, but topics which most of us think about from time to time. Whether you are seeking to deepen or renew an existing faith or are simply an interested agnostic with an open mind willing to explore some old ideas presented in new ways; you're bound to find the weekend stimulating.

The weekend begins Friday September 30 at 5 o'clock. Meet at the Chaplaincy Centre at 4:30 if you need a drive to Mount St. Mary's. The weekend ends Sunday at 3:00. The total cost is ten dollars (a tiny fee for what you'll gain). An application form is on this page. Drop it off at Student Services right away. ACTION NOW!
