

"Down Under" Attracts Immigrants From U.K.

LONDON—Australia and New Zealand are jumping in with both feet to take advantage of the disinclination of Canada to make any aggressive drive for immigration this year. Australia has announced in London a new family migration scheme intended to induce British families to migrate there. Under this plan, British parents would be allowed to bring all their children under 19 years of age to Australia free of charge. Previously a charge of five pounds (\$14.00) has been made for each child between the ages of 14 and 18, and only children under 14 have been carried free.

Under the new plan, the Australian government would continue to contribute 140 pounds, Australian, towards the passage cost of each adult, with the emigrant paying only 10 Lbs. (\$28.00). The British government is making a

contribution of 150,000 pounds towards the scheme.

SINGLE GIRLS

New Zealand is making a special bid to induce single British girls to migrate there. New Zealand's assistant minister of immigration, Dr. Mazengard, Q.C., who arrived in London the other day, said:

"The arrival of 20,000 girl immigrants would be more acceptable to New Zealand just now than the import of 20,000 cars or a 20 million pound loan."

The reason - the number of bachelors in New Zealand is therefore prepared to take single women between the ages of 18 and 45 under its immigration scheme and give them free passage. Practically all female occupations are included.

Australia wants 12,000 single women, for the same reason as its sister Dominion in the antipodes. In the case of Australia, adult women have to pay only 10 pounds for their passage.

Prizes were awarded to various students of Summerside High School.

Considerable discussion took place on the annual Provincial Flower Show to be held in August, and many of the members made donations towards the prizes.

Mrs. W. E. Smallman, in her capacity as official delegate to the national meeting of the I. O. D. E. held recently in Halifax, gave a most stimulating account of the proceedings, and mentioned that the order had spent almost \$1 million for its very various projects during the past year.
