ROVERS WINNING STREAK IS HALTED BY STARS 6 - 4

Eastend Team Display Potent Punch In Pinch To Whip League Leaders

Sustained batting attacks with runners riding the paths in the second, third and fourth innings, frames in which they scored a brace of runs each, last evening led to Fred McCabe's Eastern Stars stopping the Rovers' winning streak in the City League at five straight as the talismen, up to last night's game, hurled a 3-4 victory over the north-end team.

With the Rovers playing jittery ball amid Stars, snapping out of their batting lethargy came through with extra base blows in the pinches to earn their victory. Rovers matched the Stars' second inning two run blast with a like number of their own in the last half of the same frame; in the third the winners came through with two more with the Rovers getting just half that number, but in the next heat four consecutive wall-pops, two of them for extra bases gave the Stars a three run lead that they failed to relinquish; the best Rovers could do later this uprising was count one more run, that coming in the seventh just before Umpire Francis called the game.

Blister fought throughout the seven innings with the jockeys riding opposing players hard, the game was action-filled all the way and the jockeying of the coaches finally came to a head when Umpire Francis was forced to banish Wilf Whalen, second sacker of the Rovers when the north-end player made a little too vehement in his coaching.

By their victory Stars forged into a second place tie with the Anchors with both teams trailing the Rovers by three full games in the league standing.

Just by reading Gehrig's words one could tell one of the greatest ball players of all time really and truly meant them as the fans whom he was peering to call to mind the players whom he had played with stood gathered around. And then the final dramatic sight as Babe Ruth, the man with whom Gehrig's name is linked up the feared one-two batting punch in the major league posed with his arms draped affectionately around the old "Iron Horse".

Scattered throughout the year there are many days set aside for ball players, but it is likely that Yankee Stadium will not for a long time witness such a moving spectacle as the one that took place yesterday.

Young Jim Egan of Ireland probably is the most notable example of independence in St. Andrews today. The young Irishman, who knocked out a 60 yesterday to tie with Whalen, Little of the United States and Percy Allis of England for the qualifying lead in the British Open golf tournament, is only 19, thick-skinned, and as cool as they come and he treats the best golf course in Scotland like dirt and doesn't like his opponents much.

Joe McCarthy is glad he lost an argument in the New York Yankees' training camp five years ago. He was worn down by a slim young college pitcher who was seeking the right to work out with the Yankees. The unfortunate colleague was A. J. Egan, who today has the best pitching record in the American League—eight victories and not a single defeat.

Donald's rise to his present status was studded with difficulties, some of his own making. He got away on the wrong foot in 1933 when, after Donald was named for Louisiana Tech, he told Johnny Nee, Yankee scout, that he was not interested in professional baseball.

That was all right with Nee, too. Donald hadn't looked overly impressive. But Donald changed his mind before the year was out. He had his coach write to Ed Barrow. There was no answer.

Donald took matters in his own hands that winter. He took a bus to St. Petersburg, New York's training base, and awaited the team's arrival. He replenished his dwindling financial resources with a job in a grocery store. He also called on Nee, who lived in St. Petersburg. The latter remembered the name and told the youngsters in 1933 when, after Donald was named for Louisiana Tech, he told Johnny Nee, Yankee scout, that he was not interested in professional baseball.

Donald's desperate at the thought of those dreary weeks in the grocery store being wasted, harassed the manager so effectively that McCabe's Eastern Stars, who had been the Yankees' first baseman, was permitted to start against the last place Browns and yielded only six hits. Since then he has taken his regular turn. Donald, a six-footer weighing 180 pounds, relies upon a fast ball made doubly effective by fine control. Only 26 years old, he should have 10 years of effectiveness ahead of him.

Returned to Newark last spring he was still weak but managed to finish the season with 16 victories against seven losses, meriting another trial with New York this last spring.

Donald did not win his first game this season until May 9, as a relief pitcher against the White Sox. Nine days later he was permitted to start against the last place Browns and yielded only six hits. Since then he has taken his regular turn. Former Team-mates Help World Champion Yankees Celebrate "Gehrig Day"

(By SID FEDEER Associated Press Sports Writer) NEW YORK, July 4.—(AP)—A bunch of the boys whooped it up at the Yankee Stadium today for a guy who's known as Lou. In a heartfelt demonstration, they crammed into one hour the appreciation and honor Lou Gehrig earned—but neither asked nor received—in his 15 years of service with New York Yankees.

In the end it was too much for Lou, this "Lou Gehrig Appreciation Day" put on for "The Iron-Horse" that infantile paralysis has put in the roundhouse and the greatest endurance record the game has ever known.

Flanked by former team-mates of the great 1927 team and present mates of the current American League and World Champions, all gathered to do him honor, Gehrig's shoulders bent, and tears rolled down his cheeks.

There were speeches by Postmaster General Farley and Mayor Fiorelo La Guardia, and gifts from the Yankees Club, from team-mates, baseball writers, stadium employees, and even from the New York Giants.

So touched was Gehrig that Ed Barrow, President of the Yankees came to his side, put his arm around his shoulders and whispered a few words to buck him up. Finally Lou was able to step to the microphone and express his thanks to the 61,008 in the stands.

Helen Jacobs Bows Out To Kay Stammers

Bruen Leads Qualifiers In British Open

(By DREW MIDDLETON Associated Press Sports Writer) ST. ANDREWS, Scotland, July 4.—(AP)—Jim Bruen, 19-year-old Irish amateur, thumbed his nose at ancient St. Andrews today. With the greatest display of consistent golf this course has seen since the days of "R. T. Jones, Esquire," he shot his second 69 in two days to lead 129 qualifiers for the British Open Golf Championship.

Disdaining any let-up, Bruen went out and attacked the par-72 new course and finished the two days' 36 holes with a total of 136. This astounding coup took the day's honors away from England's Henry Cotton and America's Lawry Little, who ruled the field until Bruen came home just before nightfall. They had two-day totals of 142. Cotton getting his on a four-under-par 69 on the old course today while Little, who shot a 69 there yesterday, took 73 shots over the new course.

Behind these three, of whom Cotton, because of his command of all his clubs, still is the slight favorite, came a mixed field that included Johnny Bulla of Chicago and Britain's veteran Percy Allis. Bulla worried through a round of 71 despite "putter trouble" for his 143, while Allis, who tied Bruen and Little for the lead yesterday, fell off to a 74, also for 143.

Just behind them came Reginald Whitcombe, the defending champion, who played solidly and without fireworks for 144 on a pair of 72's. The rest of the field streamed out behind Martin Pose, who led six Argentine qualifiers, and Jack McLean, Scotland's hope, were coupled at 145. Each had 73 today.

Back of the leaders came a host of golfers from all over the world, with such prominent Britons as Archie Compston (147), Hector Thomson (148) and amateur champion Alex Kyle (150) still in the fight. Bobby Locke, the South African star whose friends' betting hammered him down to 6-1 second choice had 147.
