Local and Other Items

MORELL TEA.—Salmon have not been so plenty at the harbor for years, as they have been since the announcement of the great Jubilee Tea, Morell, 4th of July.

TEA PARTY AT GOURIS.—A grand tea party will be held at Gouris East, old grounds, on Monday, July 17th, 1899, in aid of St. Mary's Church, now in course of erection. Further particulars later on.

ALL WOMEN.—Within a few weeks Chicago will have a hotel conducted by women and exclusively for women. A ten-year lease has been taken on a 100-room hotel building in Michigan avenue known as the Richelieu Annex. It will be known as the Laurel Club House. One shudders to think of the possibility of a mouse breaking loose in that hotel and no man to save.

STEAM HOSPITAL SHIP.—An unknown friend has just contributed \$3,000,000 to provide a steam hospital ship to be used by the English mission to the deep sea fishermen. This is practical Christianity and no doubt the Judge, who will not suffer a cup of cold water only given in the name of a disciple to pass unwarded, will find out the now unknown, and have something good to say to him.

TO CURE FRECKLES.—A Triplet (Kan.) girl sent a dollar to a smart New Yorker for a "sure cure for freckles." This is the recipe which she received: "Remove the freckles carefully with a pocket knife; soak them over night in salt water; then hang up in a smoke house in a good, strong smoke made of sawdust and slippery elm bark for a week. Freckles thus treated never failed to be thoroughly cured."—Kansas City Star.

GOOD CANDY.—We have pleasure in welcoming the White Candy Company, of St. John, to our advertising columns. They not only make a full line of choice chocolates and caramels but a large line of other confectionery including a great variety of what are called penny goods. They claim to supply pure confectionery, free from poisonous adulterations, in fact candy that is not only nice to the taste but good to eat.

CANADA'S EXHIBIT.—Preparations for the Canadian Fisheries exhibit at the Paris Exposition of 1900 are already under way at the Fisheries museum, Ottawa. Specimens of sturgeon and other large fish taken from the Nepigon and other Canadian rivers have arrived and are being mounted. The exhibit promises to be extensive, and the work of arranging it will be completed in March next. It is expected to leave for Paris about April 1st.

A NARROW ESCAPE.—Some hearts stood still in the vicinity of the I C R track at the Robinson Creek bridge, yesterday afternoon, says the Times. Two little children were on the bridge when the 1 o'clock express from Halifax suddenly came in sight. A high wind was blowing and the children either did not hear the train or were so paralyzed with fear that they were unable to get off the bridge. Engineer John Hunter saw their danger, however, and applied the brakes as quickly as possible, bringing the train to a standstill within a few feet of the children.

A Caterpillar Plague.

St. JOHANNESBURG, Vt., June 18.—Hundreds of thousands of dollars worth of damage has been done to the fruit and shade trees in this district by a terrible plague of forest tent caterpillars. Millions of them make a sound like rain falling.
