N. Y. Stocks

NEW YORK (AP) — The stock market declined at the start Tuesday and then turned around neatly and began to climb again. By the close, some sections of the list showed gains of a couple of points or more while others were down fractionally.

The Associated Press average of 60 stocks closed the session unchanged at $152.80. Volume was to 3,230,000 shares.

Aircrafts led the recovery movement. A standout was General Dynamics, up 5 1/2 at 91 5/8. United Aircraft and Lockheed added nearly 3.

Textiles also were strong, with American Woolen, J. P. Stevens, Textron and Burlington Mills active and higher.

Steels improved toward the close. U. S. Steel announced a dividend increase and a 2-for-1 stock split after the close—obviously a well-kept secret, for the stock gained only 1/2 at 72 1/2 during the day.

Bethlehem Steel advanced while Republic Steel and Youngstown ended with fractional losses after being down more than a point earlier.

Lower were Chrysler, Radio Corp., Homestake, American Cyanamid, American Can, New York Central and Texas Co. Sunray Oil and Mid-Continent Petroleum dropped following announcement of merger terms.

Canadian issues were lower. Hiram Walker dropped two points, McIntyre lost one point, Canadian Pacific fell 1/4 and Distillers Seagram slipped 1/8. Dome Mines and International Nickel both remained unchanged.

On the American stock exchange Giant Yellowknife, a Canadian issue, added 1/8. Royalite Oil fell 1/8 and Lake Shore remained unchanged.

Montreal Stocks

MONTREAL (CP) — The stock market was trendless in active trading at the close Tuesday.

Bathurst B reclined a point at 38 while International Paper and BA Oil each moved off 3/4 at 81 and 28 3/8, respectively.

General Dynamics climbed 7 points at 89. Hudson Bay at 54 1/2 and Asbestos at 38 1/2 each improved 3/4.

Papers and senior oils were off while carriers, banks and beverages were a shade easier. Miscellaneous industrials and utilities moved to higher ground. Senior metals were narrowly mixed and steels were unchanged.

Lorado was off 40 cents at $3.40 and Barnat eased 17 cents at $1.80 in an irregularly lower mine section. East Sullivan was up 60 cents at $5.40. Western oils were off in a penny range.

The stock exchange's closing averages show banks off 0.07 at 48.15, utilities up 0.3 at 118.9, industrials up 0.4 at 246.9, combined up 0.3 at 204.2, papers off 1.64 at 192.05 and golds up 0.32 at 68.73.

Toronto Stocks

TORONTO (CP) — Base metal stocks formed the one bright spot on a generally lower stock market Tuesday.

Prices in all sections started down from the opening and another selling wave came in the last hour, but base metals countered the final selloff with sharp gains after being lower all day.

Consolidated Smelters climbed a major fraction to $31.50, East Sullivan gained 40 cents to $5.50 and International Nickel, Normetal and United Keno were strong.

Uraniums suffered after William Bennett, president of Atomic Energy of Canada Ltd., said it was uncertain whether demand for uranium would remain high after the Government-guaranteed market expires March 31, 1962.

Low-priced mines generally moved down but on reduced volumes. Lorado dropped 40 cents to $3.35 and Cassiar 45 to $7.50. Off 10 cents or more were Barnat, Consolidated Denison, Multi-Minerals and Nesbitt Labine.

Western oils moved down with Bailey Selburn A's 35-cent drop about the greatest. Gridoil climbed 60 cents to $9.25.

Closing indexes: Golds off 1.03 to 80.71, base metals up 1.60 to 164.11 and western oils off 1.11 to 102.95.

VILLAGE OF PARKDALE

Annual Meeting of the Ratepayers of the Village of Parkdale, to be held in PARKDALE HALL, TUESDAY, FEBRUARY 1st, 1955 at 8 P.M.

COMMISSIONERS OF PARKDALE.

There is Romance

• There can be romance in statistics, in the humdrum figures that point to the rapid progress of Canada's mining business. And every now and again some of the thrill of personal achievement enters into the story of exploration and development.

The Northern Miner's corps of engineer-editors, its other experts who keep the world in touch with Mining in Canada in all its brilliant aspects, do not confine themselves to stark facts and figures. They try to convey the spirit which animates those who venture their lives and their money into what is one of the great adventures of our times—the opening of the vast mineral reaches of Canada's far spread North.

THE NORTHERN MINER

Settle Claims In Air Collision

OTTAWA, (CP)—About one-half dozen of the 19 claims for damages arising out of the 1954 air collision over Moose Jaw have been settled out of court and more settlements are being negotiated, defence officials said Tuesday.

They estimated that most of the claims against the crown — altogether they total about $3,632,000—likely will be settled in about three months, but added that court battles may develop over a few. Settlement details were not disclosed.

The April 8 collision between a west-bound Trans-Canada Air Lines North Star and a single-engine RCAF Harvard trainer was Canada's worst aviation disaster. Thirty-seven persons died.

Call Most Perry Uraniums Worthless

TORONTO, (CP)—Thomson and McKinnon, Toronto and New York investment firm, said Tuesday most penny uranium stocks are "nothing better than titles to pasture and grazing lands, with hardly any possibility of sub-soil wealth."

Its current market bulletin, published as a guide to United States investors, said investment opportunities in uranium mining "are scarcely ascertainable and, if so, only of the speculative and risk variety."

The company added that investors must realize that the mineral pitchblende which contains uranium in extractable quantities is not plentiful and is rather haphazardly distributed.

Plan Newsprint Mill In Southern U. S. A.

NEW YORK (AP)—Plans for the construction of a $20,000,000 newsprint mill in the southern United States were approved today by the board of directors of International Paper Co., John H. Hinman, chairman, announced.

Hinman said the exact location of the new mill has not been determined. It said the plant will have a capacity of 100,000 tons of newsprint annually, approximately 300 tons a day.
