BULBS are the easiest to grow of all flowering plants. They may be grown in glasses with water—or planted in pots of earth placed in a dark place for three or four weeks, till they make roots; then brought into the room, when they will immediately begin growing, and ere long fill the house with delicious perfume as the beautiful flowers develop.

Failure with flowering bulbs, is caused by using poor bulbs. The bulbs which we have imported are Holland grown—the very best—and you can succeed with them as well as the most expert florist.

No reason why your home should not be made beautiful by these lovely flowers, which require little attention and produce such gorgeous blooms.

Try a selection of varieties. Don't think they're hard to grow. You'll be surprised and delighted with them.

GREAT FIRE AT SUSSEX.

\$75,000 Worth of Property Destroyed.

QUEEN AND DEPOT HOTELS IN ASHES.

Byrne Block a Mass of Ruins—Several Residences Swept Away.

[SPECIAL TO THE EXAMINER.]

SUSSEX, Oct. 7.—Sussex was visited last night at ten o'clock by the worst conflagration which occurred here.

The Queen Hotel livery stables were then seen in flames. The fire department was promptly on the scene. But despite their efforts the flames spread rapidly and the hotel itself was soon on fire. A high wind was blowing from the north west and the flames spread rapidly, and soon the whole block was enveloped in flames.

The I. C. R. station was on fire several times, but was saved by the heroic efforts of the firemen.

All the horses were saved from the Queen Hotel stables, but the wagons and sleighs were destroyed. There was no insurance.

The Depot House caught shortly after the Queen Hotel and was totally destroyed together with the greater part of the contents.

The new brick block, built by James P. Byrne, was the next victim. The structure is a mass of ruins. The following buildings were destroyed:—Queen Hotel, Depot House, late Sheriff Freeze's house, F. W. Flower's house and residence, owned by George Norton.

Queen Hotel and annex was occupied by and the property of P. Doherty.

In the Depot House building beside the hotel itself were the following burnt out: B. J. Sharp, druggist and Miller Bros butchers.

In the Byrnes Block, Andrew Price, occupied the top flat. On the ground floor was a general store. Westly Baird, Chapman & Lamb's restaurant and Berrys barber shop.

The Morton building was occupied by Will Scott as a dwelling and grocery store and Robert Johnson, barber. The Byrnes Block was valued at \$10,000 and was uninsured.

The loss will be very heavy. Probably about \$75,000 worth of real and personal property was destroyed.

Weary of Experimenting

With salves, suppositories and ointments and dreading a surgical operation, scores and hundreds have turned to Dr. A. W. Chase's ointment and found it an absolute cure for piles. The first application brings relief from the terrible itching, and it is very seldom that more than one box is required in effect a permanent cure.

STANSTEAD JUNCTION, P. Q., 12th Aug. 1893.

MESSRS C C RICHARDS & Co.

GENTLEMEN,—I fell from the bridge leading from a platform to a loaded car while assisting my men in unloading a load of grain. The bridge went down as well as the load on my back, and I struck on the ends of the sleepers, causing a serious injury to my leg. Only for its being very fleshy, would have broken it. In an hour could not walk a step. Commenced using MINARD'S LINIMENT, and the third day went to Montreal on business and got about well by the use of a cane. I can sincerely recommend it as the best liniment that I know of in use.

Yours truly,
C. H. GORDON.

THE TEACHERS' CONVENTION.

AFTERNOON SESSION.

FRIDAY, Oct. 6.

Meeting opened at 2 p. m. Inspector McCormack distributed the amendments made to the bye laws of 1898. Rev. Mr. McKay was called upon to deliver his lecture, "The Moral Side of Education." The reverend gentleman clearly showed the moral advantage of accurate expression. The correct study of mathematics, history and classics is an important essential to the moral advancement of education. Again he showed that the highest mental without moral training will not make a noble manhood. The reverend gentleman's remarks were listened to throughout with the closest attention.

A vote of thanks was moved by Inspector McIntyre, seconded by Mr. Seaman, and supported by Mr. R. H. Campbell, Dr. Anderson, Superintendent McLeod and James Landrigan. Rev. Mr. McKay replied in appropriate terms.

That the Executive be authorized to continue their appeals to have a representative placed on the school board.

That the Board of Education be asked to grant midsummer holidays throughout the province.

That the executive be requested to memorialize the Government asking that such aid and recognition be given to the Summer School of Science as will procure for this province occasional session of the Summer School.

That the executive endeavor to secure some concessions for teachers who attend the sessions of the Summer School.

THE STUDENT'S TRIBUTE.

In memory of the late Mr. Connors, the children of the Model School presented two wreaths; the students of Prince of Wales College presented three; three lady students presented flowers. The young people, no doubt, highly appreciated the kindness of the deceased. He will long live in their memory, as one whose sympathies were with them. The following letter of condolence was presented by students of Prince of Wales College:—

CH'OWN, Oct. 5, 1899.

"TO MRS. CONNORS,—

"Death is a severe blow at all times, and more especially to the family into which it enters. Sometimes the course of even a gives us time and warning to prepare for the awful crisis; but when it comes suddenly and unexpectedly it seems to rend more severely the ties of the family circle, and casts a greater gloom over the whole community.

Our time on earth is nothing compared to the vastness of eternity. We spend it amidst sorrows and joys, difficulties and hopes—all is but a preparation for the great hereafter.

And what is life to him who lives with never a thought of his indebtedness to his Creator and the Brotherhood of mankind. 'Tis but a bubble that bursts and vanishes away, and death ends all things. But to him who feareth his God and loveth his fellow men, life is the beginning of a glorious future, and death is the departure of all displeasures, the beginning of blessedness.

Our esteemed friend Mr. Connors lived before us a life of honesty and uprightness, and his many acts of kindness will be fondly and with gratitude remembered by those who in the past years attended Prince of Wales College.

To you and family we the undersigned, extend, on behalf of our fellow students, our heartfelt sympathy in this your great bereavement.

THE TRUE Bermuda Easter Lily

(LILIUM HARRISH)

One of the grandest winter-flowering plants in cultivation.

Pure pearly white, deliciously fragrant and a remarkable profusion of bloom, characterize this charming and celebrated Easter Lily. Its popularity and sales have increased wonderfully and deservedly, for without exception, it is one of the most valuable bulbs for winter flowering in the house. A profusion of bloom may be had from Christmas until spring, if a number are planted and "brought in" at different times. Bulbs after flowering can be ripened and rested a couple of months by withholding water, and will then produce another crop of flowers frequently equal to the first. It is a magnificent variety for church decoration at Easter and tens of thousands are grown for this purpose. The flowers are pure white, 4 or 5 inches long (and frequently more) and of the most delicious fragrance.

A supply of the above just received.
