"Found Drowned."

Dr. Conroy, Coroner, last evening, held an inquest in view of the body of Richard J. Davis, who was found drowned at the Park yesterday morning. Mr. R. M. Young was foreman of the jury. The witnesses examined were H. C. Connolly, A. N. Large, City Marshal Cameron, Alex. McKinnon, (of McKinnon & McLean) and Mrs. Mary Davis, wife of the deceased.

The evidence of the three first-mentioned witnesses related mostly to the finding of the body, and did not bring out anything new. Marshal Cameron, however, informed the jury that there was no railing or other protection about the breastwork at the Park, and any person who took suddenly ill or faint near its edge would almost certainly fall over into the water. Mr. McKinnon testified that with the exception of one or two days early in the month, and Thursday, Friday and Saturday of last week Davis had not been at work during the month. Drink was the cause of his absence. During Thursday, Friday and Saturday Davis was not doing his work in his usual satisfactory manner; he was just sobering up from a heavy spree. Witness did not think the deceased was drinking anything during the last three days he was at work; if he was drinking he would likely not have been at work. Davis passed witness residence on Sunday evening apparently all right. He spoke to witness as he passed by. Mrs. Davis said her husband left the house about six o'clock on Monday morning, saying he would be going in time for breakfast before he would go to work. She did not see him alive after that. Her husband slept well on Sunday night. On Monday morning he got up about five and went out into the garden, afterwards returning and putting on his working clothes. He had been sleeping well at night since Thursday. He took his three meals a day and appeared about as usual, excepting that he seemed a little nervous and shaky after he went to work. When he was drinking he would not eat regularly. The deceased had been drinking hard and not eating very much from about 1st July to Thursday of last week. The deceased would sometimes feel bad after getting over a spree, but this time he did not appear any worse than usual. He was not melancholy, and witness never had any reason to suspect that her husband would do away with himself. Her husband told her on Sunday night that he intended going to work on Monday. The deceased was out in the park alone on Sunday afternoon. In the evening he went out again to meet witness and the children, and came in with them. He then went out again, returning to the house about 11. The deceased shaved himself on Saturday afternoon after coming from the shop. He was sober all day Sunday and when he left the house Monday morning (Razor shown). This is his razor. Witness never knew him to carry it before. He may have put it in his pocket by mistake. When he shaved on Saturday he wore the same working clothes he had on Monday. He wore his good clothes on Sunday.

The jury, after a brief deliberation, returned a verdict of "Found drowned."

Montague Stray Notes

A sad and fatal accident happened at St. Mary's Road, Lot 61, a few days ago. A young lad, about nine years of age, son of Mr. Finlay McKenzie, was ordered by his father to lead home a horse that was tethered in the field. In doing so, it appears that the boy put the end of the tether round his body, and the horse taking fright at some object, rushed off at full speed, dragging the boy along with him until his head struck a stump with such force as to snap the rope and to cause almost instant death. This should be a warning to boys when leading an animal with a rope.

Another accident occurred at Sturgeon last week. A little boy, three years old, son of Mr. John McKinnon, fell backwards into a bucket of boiling water. When he fell in, the bucket turned over and the water went all over him, scalding him terribly. Although the skin has come off almost all his body yet it seems the little fellow will pull through.

Much sympathy is manifested towards Mr. Benjamin Davey, of Commercial Cross, who has recently lost three of his children with scarlet fever. The disease appears to be of a very malignant kind, and has almost baffled medical skill. The other members of the family who had the fever are slowly recovering.

To-day, for the first time, your correspondent saw the real live potato bug feasting on the vines of a patch of potatoes in Mr. Porter's garden. It appears that this pest is putting in an appearance in different parts of the Island. Farmers should be on their guard and frequently examine their potato vines, as the bugs, once under way, will make sad havoc in a very short time.

It was fortunate that the steamer Eldon was on her way from Dundas last Tuesday evening, when the ferry steamer Montague became disabled. There were about sixteen horses and carriages waiting on the Montague side to be carried over. They were all put on board the Montague, and the gallant little steamer Eldon towed them to Georgetown. It is expected that your Georgetown correspondent will give a glowing description of the affair.

Many strangers are in the village, some bent on pleasure while others are visiting their friends.

Some very fine trout were caught in the river within the past few days.

King's County Exhibition, 1890.

The prize list for the above Exhibition is now in the hands of the printers. It contains twenty-two sections in class 1 for horses, thirty-five sections in class 2 for cattle, thirteen sections in class 3 for sheep, six sections in class 4 for pigs, besides a full list for poultry, cheese and butter, grain and seeds, and forty-five sections for fruits and vegetables. Fruit, floriculture, wool and flax goods, fish and miscellaneous are also encouraged by an excellent list. The Exhibition in King's County will doubtless be far ahead of any previous one in that County. The opening of the new trotting park will add increased interest to the proceedings of the day. Wednesday, 24th September, has been chosen as the date of this Exhibition.

Literary Notes.

Mrs. Lyman Abbott, wife of the successor to Henry Ward Beecher as pastor of Plymouth Church, is to become one of the editors of "The Ladies' Home Journal" on September 1st next.

An English edition of "The Ladies' Home Journal" is to be brought out in London on a scale never before attempted by an American magazine, and Mr. Cyrus H. K. Curtis, proprietor of the "Journal," and Mr. Edward W. Bok, the editor, sailed for Europe last week to perfect arrangements.

PRIZE COMPETITION.—Prizes of \$50, \$30, \$20 and \$10 will be given for the four best short stories by Canadian writers, only on subjects distinctively Canadian, on the following conditions:

- 1.—The MS. must not exceed six thousand words, and must be type-written, and on one side of the paper.
- 2.—It must be delivered at "The Week" office, 5 Jordan Street, Toronto, not later than 1st November, 1890.
- 3.—Each competing story must bear on the top of the first page a typewritten motto, and be accompanied by a sealed envelope marked with the same motto and the words Prize Story Competition, and enclosing the name and address of the writer.
- 4.—All the MSS. sent in to become the property of "The Week."
- 5.—"The Week" will award the prizes and will be judge of the fulfillment of the conditions.

Crop Prospects.

Heavy rains have damaged the crops in Southern and Midland Counties of England. Crops throughout France, except in the section of the Rhone, have been destroyed by incessant rains. The losses are estimated at \$500,000,000 francs. The dealers in grain discount the scarcity, and the price of bread is rising.

Private despatches from the Northwest speak of a prevalence of fine, warm, forcing weather, which is filling the heads of wheat very rapidly. The crops are expected to mature earlier than usual, and it is thought the harvest will be completed by the middle of August. One of the leading banks of the city has received a report from Ontario to the effect that the quality of the wheat is much superior to that of last year. A prominent grain buyer stated that advice from his people in Manitoba and the Northwest were of the most favorable character. The prospects were at present glowing, and the promises are of an even larger crop than that of 1887. But, said this experienced man, it must be remembered that the damaging frosts occur about the 22nd of August. But so far prospects are magnificent.

Personal.

Stanley has recovered from his illness. Chas. Saunders, son of Prof. Saunders, captured the \$300 fellowship of the John Hopkins University.

Tennyson works hard from breakfast till lunch, but spends the rest of the day in recreation. The average newspaper man beats Tennyson three to one. He works all day and half the night.

Major Pond announces Stanley's first lecture in Boston on November 18th next. Mrs. Stanley will accompany him. In New York the tickets to the first lecture will be \$5, and Chauncey M. Depew will preside.

Hugh Sutherland left Winnipeg on the 16th inst., via the Northern Pacific for Europe on Hudson Bay railway business, and sailed on the 25th inst., by the Polynesian. Mr. Sutherland is a P. E. Islander, who has made quite a stir in the Pacific Province.—Pioneer.

The Pioneer is informed that Mrs. Robert Cook Wigmore, of Wigmore Road, who is an old lady 85 years of age, walked to her son-in-law's, Mr. Wm. Folland, a distance of a mile, a few days ago. In the last seven years previous to this she had never been further than the barn.

Mr. William Wickham, son of William Wickham, Esq., of Summerside, and Superintendent of the Roman Catholic Schools, St. John's, Nfld., is visiting the Island.

Baron Edward Rothschild, one of the younger members of the Rothschilds of London, Eng., is in Montreal. He has been travelling extensively in the United States and Mexico, and is on his way to England after visiting the principal cities of the Dominion. The Baron's income is said to be a round \$100,000 a year.

Rev. J. O. Reidden, Baptist minister, died at Chicago on the 23rd inst. He was a native of Windsor, N. S., a graduate of Acadia College in the class of 1876. He subsequently studied theology two years at Crozer, Pa., and was ordained at Alexandria, P. E. I., where he was pastor several years. About five years ago he removed to California, where he was successfully engaged in the ministry. His health failing, he started in the winter, leaving a wife and child. He was a man highly esteemed by his denomination.—St. John Sun.

STRUCK BY LIGHTNING.—The Lunenburg Progress says: During the thunder-storm of Wednesday last, the house of Benjamin Acker, Fort South, was struck by lightning. Three feet of the saddle boards of the house were ripped off. The lightning passed down through the house and completely demolished a barrel of flour, a dish of meat and a bread pan. An old man sitting alongside of the barrel was unhurt, while a woman in another part of the house was stunned for some time.
