by Playdale 2.04½, took a record of 2.19 1/5. He is owned by Albert Arsenault, River Hebert, and was driven by Clayton MacLeod. Arlene's Money by Real Money 2.09 ½, owned by Edward Linden, Newcastle, N.B., and driven by Clayton MacLeod, took a record of 2.30 3/5 and Nova G. by The Great G. 2.02½, owned by Elizabeth Weeks of Dartmouth, and driven by Ed Haley, lowered his record from 2.14 3/5 to 2.14 2/5. George Direct by Patrick Direct 2.07¼, owned by R. McAlpine, Halifax and driven by Balbo Gould, lowered her record from 2.19 to 2.17 and the same evening lowered it again to 2.16 4/5. Patrick Direct, holder of the track pacing record at Moncton, for very limited opportunities has sired considerable speed. Like Sampson Hal 2.02½, he might have been a great sire had he the chance.

His Worship Mayor B. Earle MacDonald and Mrs. MacDonald, who were accompanied by the Mayor's brother Sterling and his wife, returned Thursday night from a 3,000 mile automobile tour through Canada and the U. S. They were present at the Delaware, Ohio, track on the afternoon of Sept. 19th and 20th and set four world's records in 1951 and very fast trotting and pacing in a great many classes. On Thursday afternoon they witnessed the Little Brown Jug. Box seats in the stand for this event are always sold out in March, but because of the fact that they carried letters from His Honour Lieut-Governor Prowse and Premier Jones, they were given seats in the fourth row of the bleachers. The first three horses, Tar Heel, Solicitor and Direct Rhythm, were all in the Del Miller stable and the winner Tar Heel was driven by Cameron, Solicitor by Miller and Direct Rhythm by Schue. The trio are owned by the estate of W. N. Reynolds. Mr. Reynolds passed away a short time previously at the age of 87 and was the man who established the famous Reynolds Tobacco Company whose Camel cigarettes and other tobacco are world wide known. As mentioned above two heats in this race established new world's records. The Mayor also saw Sampson Hanover set two new world's records for a mile pacing over a half-mile track.

The Little Brown Jug has been the subject of more publicity than any harness racing in the world. The Hambletonian racing featured one of the greatest of the harness horse world who could spare the time were present including top officials of the U.S.T.A. A feature that delighted the party was the presentation to the victor—Tar Heel—and driver Cameron, by five Queens representing five districts around Delaware, of gifts consisting of a floral horse-shoe, floral saddle and a pair of reins covered with flowers which were put around the horse's head and went back to the driver who proudly drove the horse away bearing the gifts and the good wishes of the spectators. A magnificent blanket symbolic of the Little Brown Jug race was also presented to Tar Heel.

Prior to the races auction sales of well-bred yearlings and horses were sold. The auctioneer was George Swinebore, famous harness horse and also tobacco auctioneer, and His Worship said it was really worth the trip to see him and hear the lingo he uses. The horses did not bring anything like the prices that were expected and Peach Blossom, a yearling half-sister to Peach Butler 2.08 3/5, only brought \$1,700. The grounds are beautifully laid out with flower gardens and other attractive setups.

Thanks once again to George MacDonald for sending us the latest report from Foxboro in which we note that Mary Merk, owned and driven by Earle Semple, won the 211 trot, purse \$600 on Wednesday night from a field of seven other good trotters in 2:12. The 210 trot raced the same night was stepped in by 2:14 5/8 and was won by H.B.T. driven by 77-year-old Joe Bolduc. Another winner that night was Clara Clegg (Wittridge). One thing we noticed about the recent race meets at Foxboro is that there are very few miles better than 2:12. Other races won the same night were in 2:17 1/5, 2:21, 2:17 2/5, 2:21 1/5, 2:17 2/5, which shows that the cold weather is slowing up the horses considerably. George has a note which says—"Overcasts and mists are needed at Foxboro these nights."

In other summaries sent just previously Earle Avery was the winner of the 218 pace with Jubal Early in 2:15 2/5 and Sandy Budlong (Mount) was the winner of the 216 pace for two-year-olds and up in 2:14. Sandy Budlong is a four-year-old by Calumet Budlong, dam, Alestina (formerly owned by Prof. Rockefeller) and was bred by Bert Younker, Winslow. Sandy had won the 217 pace for two-year-olds and up a few nights previously in 2:18 1/5. The P. J. Cadegan stable and several other horses from Cape Breton are reported to have left Sydney for Foxboro.

The handsome pacing stallion Simcoe Harvester 2:04 1/4 has been sold by Roderick McKay, Dundas, to Alfred Webster, Malpeque Road. His get have been showing up particularly well the last two seasons.

Yankees Clinch Pennant With Double Victory Over Boston Red Sox

(By Gayle Talbot)
NEW YORK, Sept. 28—(AP)—New York Yankees swamped Boston Red Sox twice today to clinch their 18th American League pennant in 30 years, but the feat almost escaped notice as Allie Reynolds twirled his second no-hit game of the season in the opener.

Never before in the American League and only once before in the history of the major leagues had a hurler paralyzed enemy batsmen twice in a single campaign. The wild scene in the Bombers' dressing room after the big Indian whomped the Sox 8-0 even eclipsed the tumult of the "victory celebration" which followed Vic Raschi's 11-3 triumph in the decider.

The triumphs boosted the Yanks' lead to 3 1/2 games over second-place Cleveland and eliminated the Indians from the race. The Yanks have three games to play and the Indians two. The victories also clinched second place for Cleveland.

Philadelphia Phillies came from behind to pin a 4-3 defeat on Brooklyn Dodgers in a night game and shove the Dodgers into a tie with the idle New York Giants for first place in the National League pennant battle. Willie (Puddin'head) Jones lashed a ninth-inning single to score Richie Ashburn from second and give the Phillies their victory. Both the Brooks and the Giants have two games to play.

Reynolds, scoring his 17th decision of the year, permitted only four Boston men to reach first base on passes and choked them off there. He gave the bemused Sox nothing remotely resembling a safety.

The righthander's other no-hitter this season was pitched against his old teammates, Cleveland Indians, July 12 at Cleveland. The only other hurler to notch a pair in the same campaign was Johnny Vander Meer, the storied lefthander who pitched two in succession for Cincinnati back in 1938.

Raschi gave up six hits, but he strung the last three of them over the final seven innings and never had a worry after his teammates piled seven runs across in the second chapter. It was his 21st win of the year.

Reynolds' second no-hit game was a 2-0 triumph over the Boston Red Sox. He pitched a complete game, allowing only four hits and one run. He struck out 11 batters and walked only one.

Yankees manager Casey Stengel's "hitless wonders" of the 23 hits they showered about the Stadium, three were home runs. When Joe DiMaggio powdered his 12th homer of the year with two aboard in the second game the crowd of 39,038 gave him an ovation.

The Bombers' final three games tomorrow and Sunday against the Red Sox here will mean nothing. They could lose all three and still finish ahead of Cleveland, even if the Indians sweep their remaining nine with Detroit.

day if they do not tend to attract other flocks from inland points.

Ducks should be in good flesh on Monday. It has been a wet summer and early fall and every pot hole has remained full of water and the birds show signs of being well-fed. I have watched black ducks that looked as big as barnyard mallards. Blue-wing teal are numerous this fall but have to take second place to the blacks. Methinks that the Ring-necked quack is the third most numerous species on the list. Green-wing teal will be encountered in good numbers in some sections and the odd Mallard, Pintail, Gadwall or Widgeon will likely be bagged although the gunner may not be able to identify his prize.

As usual Pisquid Pond, Peakes, draws the ducks like a magnet. It's a sight worth seeing when the evening flight into the rice beds gets under way. I was in the Peakes district on Sunday afternoon having a look-see over the pond and dropped in for a few minutes on the Peakes - Souris baseball game in progress at the moment. I slipped quietly among the hundreds of spectators and lined up to watch a few innings.

No one paid any attention and I kidded myself that I had passed unnoticed until one of the Peakes players muffed a long hit into the outfield. A tall chap rubbing elbows with me whispered in my ear: "Keep your eye on that guy. He strained his eyes looking for ducks at the pond."

Just a little reminder. The daily bag limit on ducks is seven (exclusive of mergansers—shell ducks to many) so don't lose count. Also be sure your watches are keeping correct time . . . legal shooting ceases at a half hour after sunset. And . . . the goose season does not open until October 18th, so look the other way when you hear geese honking. Incidentally there are flocks of geese on the move.

A week or so after the 'chicken hawk' episode, a pair of large birds perched atop the spire of St. Dunstan's Cathedral for several evenings created widespread interest. This pair of birds were identified as Black Gyrfalcons and are quite rare in the Maritimes. Those birds flew too high and were too eager to fall victims to a shotgun blast. They remained with us a short time only. Incidentally the bald eagle that frequented the Hillsboro River in the immediate vicinity of Premier J. Walter Jones' farm has not been seen for some time. We hope that, like the Gyrfalcons, it left under its own power and still lives to gladden the hearts of nature lovers and opposing players."

Dodger players admitted that several had booted or pounded the umpires' door—there were two cracks in the panels—but they wouldn't say who did the kicking.

When Campanella threw his glove on the ground, Dascoli waved him out. The other Dodgers were waved out later.

Frick took no action against Campanella for his actions on the field but he imposed the fines on the three "for causing scenes in the runway and in front of the umpires' dressing room after the game and in the presence of

Several Brooklyn players had kicked the door of the umpires room on the way to their adjacent dressing chambers. A police guard was called. The players were still fuming over ejection of Campanella by umpire Frank Dascoli in the eighth inning.

Had Campy remained in the game, he would have had a chance to bat in the tying run in the ninth inning. Instead, pinch-hitter Wayne Terwilliger grounded out.

Dascoli thumbed the stocky Negro catcher out of the game when Campy protested a close play at the plate, permitting Boston's Ben Addis to score with the winning run.

When should a family borrow?

A family should borrow only when a loan is the best solution to a money problem. For example, to pay old debts, medical expenses, taxes, fuel, education, car or home repairs. Loans for these reasons are not inflationary, for the money is not used to buy goods in short supply or increase indebtedness.

SOLVING MONEY PROBLEMS
At HFC—Household Finance—we believe a family should borrow only when, by careful planning, the money problem can be resolved, and the loan repaid in an orderly manner. When a family borrows under these circumstances, it is simply "renting" money on terms it can afford. At HFC you may borrow \$50, \$250, \$500 or more on your signature, without bankable security.
