A Newspaper Report.

It Was Read By An Ottawa Government Official.

He Strongly Endorses Every Statement.

The Report was Published in the Ottawa "Citizen."

It Referred to a Wonderful Cure of Paine's Celery Compound.

Some weeks ago the Ottawa Citizen published the particulars of a most wonderful cure effected by Paine's Celery Compound. The fortunate lady who was enable to throw off the deadly grasp of disease and suffering is well known by many outside of her own immediate district.

Scores of men and women were aware of the fact that Mrs. Neil McKay, of North Hill, Lingwick, P. Q., had been doctoring for a long time, but, but all the best efforts of her physician were of no avail. Her strength was all gone; she was extremely weak, and had great difficulty in moving about. A few years ago she was a woman who weighed 185 pounds, sickness and disease reduced her to a mere shawow.

Mrs. McKay, at a critical period, determined to test the curing virtues of Paine's Celery Compound. The first bottle proved that it contained the elements that could banish trouble and sickness. The medi- was continued with the result that seven bottles made her a new woman.

These facts appearing in the Citizen, and read by Mr. Chas. W. Ross, of the Department of Railways and Canals, Ottawa, caused hima to write the following letter:

"I have just seen in the Citizen another proof of cure by the use of Paine's Celery Compoued, and I not write to corroborate the statements of Mrs. Neil McKay and Mr. Penoyer, postmaster, of Gould, Lingwick, Que. I have personally known Mrs. McKay for a number of years, having been a resident of Lingwick for 30 years; she was one of my customers for ten years, and I have seen her at times not able to walk. She has been treated by several doctors without any apparent relief until she began to use Paine's Celery Compound; and though I am now a resident of Ottawa, I have had occasion to see Mrs. McKay two or three times a year, and know the statements in her case to be wholly correct.

Every cure made by Paine's Celery Compound in Canada can be endorsed and vouched for as strongly as Mrs. McKay's wonderful case. No false statements are ever allowed to be made regarding the great cures reported from week to week by the Canadian press. The cures made by Paine's Celery Compound are the only cures that stand thorough investigation.

DEATH RATE REDUCED.

Gratifying Report of the Dominion Health Bureau—Foty per cent. fewer deaths in Canada last year than ever before.

OTTAWA, June 25—The last report of the Health Bureau here contains the highly grat fying intelligence that the death rate in Canada during the last year was lower than in any year since Confederation, being within a fraction of forty per cent. lower than the best year ever before reported. Closer examination reveals that the greatest decrease was in deaths from Bright's disease, Diabetes, Dropsy, Heart disease Rheumatism and other diseases caused by disordered or diseased kinneys. Further investigation shows that where the cases of such diseases have decreased, the people have within the year made free use of Dodd's Kidney Pills. Consequentlg it is safr to say that the falling off in Canada's death rate is due to nothing but Dodd's Kidney Pills.

This Summer he is fat, plump and strong,

LACTATED FOOD HIS DAILY DIET.

A mother residing in the West End of the city of Montreal, says:—
"In July of 1893 baby Freddie was five months old and his state of health caused us great anxiety and thought. He was a very weak and helpless infant; he cried a great deal, and slept badly. Our family doctor could not do much for him for a time. One day seeing my grief, the doctor asked me to give Lactated Food a trial, as my nursing did not agree with him. The trial of Lactated Food was the turning point in his infant life. My dear baby seemed to revive and gain strength in a few days, and shortly after was out of all danger.
From that time until now he has been fed on your wonderful Lactatee Food, and you are quite at liberty to mention the fact that your food saved Freddie's life. I recommend Lactated Food at every opportunity, and tell mothers what it did for my child."

SCARLET FEVER REMEDY.

An exchange says the following prescription "has been used extensively and never known to fail." We give it with the comments of one who has tested it and knew whereof he spoke. He writes:
"I herewith append a recipe which has been used, to my knowledge, in hundreds of cases. It will prevent or cure the small-pox, though the pittings are filling. When Jenner discovered the cow-pox in England the world of science hurled an avalanche of fame upon his head, but when the most scientific school of medicine in the world—that of Paris—published this recipe as a panacea for small-pox it passed unheeded. It is as unfailing as fate and conquers in every instance. It is harmless when taken by a well person. It will also cure scarlet fever. Here is the recipe as I have used it and cured my children of scarlet fever; here it is as I have used it to cure the small-pox; when learned physicians said the patient must die, it cured; Sulphate of zinc, one grain; foxglove (digitalis), one grain; half tea spoonful of sugar, mix with two spoonfuls of water. When thoroughly mixed add four ounces of water. Take a spoonful every hour. Either disease will disappear in twelve hours. For a child small doses according to age. If countries would compel their physicians to use this there would be no need of pest-houses. If you value advice and experience use this for that terrible disease."

For cramps in the stom ach take a few drops of Dr. Manning's german remedy, diluted in either warm or cold water. The effect is instantaneous. Sold by all druggists. .....

Indispuable.

Why spend $1 for a bottle of medicine for a complaint when one box of Beecham's pills, costing only 25 cents, will cure nearly all known diseases? This is because constipation is the cause of nearly all ailments and Beecham's pills cure constipation. A valuable book of knowledge mailed free, on request, by B. F.
