CITY COUNCIL

(Reported for the Examiner.)

SATURDAY, May 20th.

His Honor the Recorder, in compliance with a resolution of Council passed at a previous meeting, submitted a Draft Bye-law, in addition to the law now in force, relating to the Market House, the purport of which Draft Bill was, that whereas it was necessary that a new public Market-house should be provided for the City, and it was in contemplation to erect a good and commodious building for that purpose, it was expedient that means be devised for the payment of the interest of any sum that might be borrowed upon the credit of the City to aid in building the same, and to form a fund for the gradual liquidation of the principal. And whereas it was considered just and proper as a means for the payment of such interest, and the creating such fund for the payment of the principal as aforesaid, that the stalls for the sale of butchered meat in the said building should be let to the highest bidder, and that moderate tolls should be taken for the articles exposed for sale therein—

That therefore it be enacted that so soon as a new Market-house should be declared ready for public accommodation, all, or such number of the stalls provided for the sale of butchered meat as might be selected for that purpose, be let by public auction. Such parts of the Market-house as might not be so let for the sale of butchered meat, should be for the use of country people, selling country produce, fruit, vegetables, and other articles.

That, previous to any stalls or standings as aforesaid be let, the superintending Committee of said market-house should prepare a list of the tolls to be taken by the clerk of the market, from persons exhibiting articles for sale, and should also prescribe the manner in which stalls for the sale of butchered meat, and standings or seats for the accommodation of people from the country should be let, or assigned, and should draw up rules and regulations for the good government of the said market, and prescribe the penalties for the non-payment of tolls or infraction of said rules and regulations.

Said rates, rules, and regulations to be published and printed in large and readable type, and affixed in the most conspicuous places in said market-house.

The said bye-law having been read by the Clerk, was unanimously adopted.

Ordered that a Committee be appointed to report on the said draft bye-law, and that the following councillors do comprise said committee, viz:—Theoph. DesBrisay, Butcher, Brecken.

Councillor W. E. Dawson addressed the board relative to the propriety of protecting the honest dealers and merchants of the place against foreigners, who occupied the Market Square on market days, vending inferior merchandize to the prejudice of the legitimate trade of the City, and alluded to the fact that in St. John and other Cities such parties were prohibited the privileges granted them here; after which he gave notice that at the next meeting of the Council he would move for a bye-law to amend the law relating to auctioneers' licences, with the view of increasing the charge for the same.

Ordered that his Worship the Mayor be requested to make application to the Executive Government to relieve the City Council from the expense incurred in breaking stone by the convicts under sentence to perform hard labor in jail.

Councillor W. E. Dawson, as Chairman of the Committee on City Public Accounts, submitted several accounts, which were ordered to be paid.

Ordered that tenders for a loan amounting to £4,000 on City Debentures be called for, to enable a contract to be entered into for erection of a new MarketH ouse.

Council adjourned till Saturday 27th inst.

A late Boston paper says that the work of reducing the number of men employed in the Navy Yard commenced on Monday. The design is to discharge 22 per cent. of all the men employed. On Monday a discharge was made in the machinist's department: on Tuesday in that of the caulkers, blacksmiths, and joiners; Wednesday the boilmakers and ship-carpenters, with other gangs, were reduced. There were about 4500 men employed in the Yard, and the number will be reduced more than one-quarter. This will, of course, throw a great many mechanics into the market and consequently reduce the price of wages.

A very fine steamer is now building in Carlton, opposite St. John, N. B., for James Knox, Esq., and others, to take the place of the *Emperor* now running between Windsor and St John. The increasing traffic on the line has made it necessary to place a larger steamer on the route. The *News* says she is to be launched in August. She will be 35 feet longer than the *Emperor* and 3 feet wider, nearly double her tonnage, or about the size of the *New Brunswick*, and will carry her main deck a foot higher above the water line than the latter boat. Her engines are already built. When she is completed, we will give a more detailed description of this vessel.—*Halifax Express, May 26.*

It is reported that the Emperor Napoleon is suffering from a malady which, in all probability, must ere long have a fatal termination.

The house presented to Gen. Grant by citizens of Philadelphia, has been thoroughly furnished throughout, and placed in possession of his family. The entire cost of the mansion, with its furniture, is about $80,000.

Petroleum has come to be king. His oily majesty has dethroned cotton. The wells of Pennsylvania alone yielded a revenue in 1864 of $850,000,000, overtopping the revenue from coal and iron combined.

The Philadelphia *Inquirer* states that it will take three months to get through with the cases that will be tried bearing upon the assassination of President Lincoln.

There is a tenement house in New York city having sixty-eight rooms, eight by ten feet, containing seventy families, of one hundred and forty-four adults and one hundred and thirty-eight children, eleven dogs and forty-three cats.

Ayer's Sarsaparilla

Is a concentrated extract of the choice root, so combined with other substances of still greater alterative power as to afford an effectual antidote for diseases Sarsaparilla is reputed to cure. Such a remedy is surely wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove, as this has, of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found in the following complaints:—

Scrofula, Scrofulous Swellings and Sores, Skin Diseases, Pimples, Pustules, Blotches, Eruptions, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ringworm, &c.

Syphilis or Venerial Disease is expelled from the system by the prolonged use of this SARSAPARILLA, and the patient is left in comparative health.

Female Diseases are caused by Scrofula in the blood, and are often soon cured by this EXTRACT OF SARSAPARILLA.

Do not discard this invaluable medicine, because you have been imposed upon by something pretending to be Sarsaparilla, while it was not. When you have used Ayer's—then, and not till then, will you know the virtues of Sarsaparilla. For minute particulars of the diseases it cures, we refer you to Ayer's American Almanac, which the agent below named will furnish gratis to all who call for it.

AYER'S CATHARTIC PILLS, for the cure of Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Headache, Piles, Rheumatism, Heartburn arising from Disordered Stomach, Pain, or Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Liver Complaint, Dropsy, Worms, Gout, Neuralgia, and for a Dinner Pill.

They are sugar coated, so that the most sensitive can take them pleasantly, and they are the best Aperient in the world for all the purposes of a family physic.

HUNNEWELL'S TOLU ANODYNE.

The real necessity of this splendid preparation was two-fold, and well has it proved how this necessity has been met. To have a true and natural *Opiate* for all cases of Loss of Sleep and Nervous Debility, and *Anti-spasmodic* for all *Neuralgic, Rheumatic, Gout, Hysteria, Paralytic, and St. Vitus Dance* cases as an inward application, without producing any of the horrors or bad effects of *Opium*, or preparations of Opium; but a preparation that, should it fail of reaching the complaint, would leave no stain of debility behind. For *Tooth* and *Earache*, for *Nervous* or common *Sick Headache*, for the suffering in *Monthly Menstruation, Distress after Eating*, it is almost infallible. It is the production of a celebrated herb from *India*, perfectly natural in its color, uniform in action, and by confidence to test it, will be found the greatest necessity in *Every Family*. This preparation has the most unqualified confidence of large numbers of Physicians, is controlled by a thorough knowledge of medicine; and it is the wish of the proprietor that it may be accepted with perfect confidence by all, as free from every species of quackery, and based on most perfect laws in Materia Medica.

Asthma and *Dyptheria* are effectually cured by the Anodyne and among its greatest points.
