## CANADA AND UNITED STATES

### Another Joint High Commission Planned

TO ADJUST THE ISSUES BETWEEN THE COUNTRIES

To Meet During the Summer or Coming Autumn.

[SPECIAL TO THE EXAMINER]

WASHINGTON, May 18.—As a result of the conference held at the Foreign Office in London between Lord Salisbury, Sir Julian Pauncefote and Ambassador Choate, the last named acting under direct instructions from Secretary Hay, it can now be predicted that a High Joint Commission to adjust the issues between the United States and Canada will be re-assembled during the coming summer or early fall. This outcome is not positively assured, but Mr. Choate's report of the exchange at the Foreign Office conveys great encouragement to the officials here and warrants the expectation that negotiations may again be taken up with some prospect of reaching an agreement between the two branches of the Commissioners.

TONIGHT.—Tonight in the Kindergarten Hall Miss Leturgey assisted by a number of our popular entertainers will render a very carefully selected and interesting programme—sure to be enjoyed by all who attend.

NO 1 COMPANY.—The members of No 1 Company 82nd Battalion, will meet at their armory at the drill shed on Friday, at one o'clock, to attend the Guard of Honor at the closing of the Provincial Legislature.—D L Hooper, Captain.

DEATH OF DOCTOR CAREY.—The death of the Rev. Doctor Carey, for many years pastor of the Brussels Street Baptist Church, of St. John, occurred at Ottawa on Tuesday last. He was 70 years old. About two years ago he lectured in the Baptist Church of this city.

INFORMATION FOR TOURISTS.—Messrs. Johnson & Johnson intend to establish a Tourists Information Bureau at their downtown store in the Prowse Block. This will be a great convenience to tourists and in fact all strangers visiting the Province. Information regarding hotels, summer resorts, boarding houses, such as the accommodation available, the rates charged the distance from town, the attractions of the different places, the means of getting to them, etc., etc., will be cheerfully given. It is in the interest of all whose business is in this line to furnish Messrs Johnson & Johnson with all possible particulars.

THE NEW MAN.—The bad weather did not prevent a full house to listen to Evangelist Whiston, B. A., at the Central Christian Church last night. "The New Man" was the subject and Mr. Whiston proved his thorough familiarity with the subject. The new man was the Christ man as found in 2 Cor. 5:17. By practical thought and vivid illustration he impressed the truths of the text upon his audience. He sang "Life's Railway" and Tell me the story of Jesus." Revs. R. W. Stevenson and N. Simpson assisted in the service. There will be no meeting tonight. Friday night the evangelist will preach and sing.

DEATH OF MRS. DEWAR.—The death of Mrs. Robert Dewar, daughter of the late J. In Dewar, of Lot 48, occurred at New Perth, on Wednesday, May 10th. Although very ill with pneumonia, she seemed to be progressing favorably until Wednesday morning, when her condition becoming alarming the attending physician hastily summoned her son, Dr. Dewar. He arrived only to find his mother dying. Mrs. Dewar leaves a husband and six children, two sons and four daughters, one a nurse, a graduate of Brockton Hospital, and one formerly of the Taunton State Hospital, but now of Morton Hospital, a son and daughter on the home-stead, Mrs. E. S. Norton, of Brudenell, and Dr. Dewar, of Southport. The funeral took place on Saturday to Brudenell cemetery and was largely attended. The pall bearers were Messrs. Cyrus Shaw, M. P. P., James E. McDonald, M. P. P., James Gordon, John McDonald, William McMillan and Alexander McMillan. To the bereaved family our sympathy is extended.—To the bereaved family our sympathy is extended.

[SPECIAL TO THE EXAMINER.]

PICTON, May 18.—F. Wyatt Fraser, one of the best known men in this town died yesterday.

He was agent of the Magdalen Islands steamer St. Olaf.

IRREPRESSIBLE SPARROW.—There is no such thing as putting down the English sparrow. Workmen who have been repairing the London House building, took down, THE EXAMINER sign, about a fortnight ago, behind which were numbers of sparrows nests, in some of which family matters had reached the hatching stage. Of course the nests were disturbed but as soon as the sign was replaced the sparrows at once began rebuilding and now they are setting on new batches of eggs.

A GOOD PROGRAMME.—The programme for Miss Leturgey's recital tonight in Kindergarten hall is a good one; don't fail to hear it.

OUR ISLAND MAGAZINE.—Among the contributions for the June number of the Prince Edward Island Magazine are: "Early Missionaries in P. E. Island," "The Smugglers of Holland Cove," "The Origin of the Milecites, a Tradition of the P. E. Island Micmacs," another installment on our football teams of old; and several other articles to be duly announced. The May number has been very well received.

ARBOR DAY.—Tomorrow is Arbor Day in the city schools and it will be observed in much the usual manner.

At Prince St. School the pupils will meet in their class rooms at 10 o'clock, for Arbor Day exercises, consisting of readings, essays, addresses, etc. At 11 o'clock tree planting will be commenced as usual.

At West Kent the scholars will be massed in the large hall at 10 o'clock and a programme appropriate to the day will be carried out and addresses delivered by Rev. G. M. Campbell, Rev. D. B. McLeod and Principal Miller of the Charlottetown Business College. Then a tree will be planted by each room.

Queen Square School will open at 9 o'clock, and for one hour exercises appropriate to the day will be carried out. These fire drill will be gone through and all the scholars will be turned out of the building in quick shape. After this two trees will be planted, one for each of the rooms created since last year. After the tree planting is finished in each school the scholars will be dismissed for the day.

## MARRIED THIS MORNING.

Mr. Fred. C. Jones, of Moncton, and Miss Emma Beer, daughter of the late Henry Beer, Esq. of Charlottetown, were married, by Rev. G. M. Campbell, in the First Methodist Church this morning. The marriage was quiet and there were no groomsmen nor bridesmaids. The bride was given away by her brother-in-law, Mr. W. S. Stewart, Q. C. She was attired in a travelling suit of tawn cloth, with vest and trimmings of Royal blue velvet, and carried a handsome bouquet of white carnations and roses with a parasol filling. The church was very prettily decorated and the wedding music taken from Meudellohn, Lohengrin, Tours and Berg, was played in Professor Watts' best manner. A large number of friends were at the church and also at the wharf. The happy couple go to Halifax and thence to Cape Breton and expect to return to Moncton, which will be their home, early in June. Miss Beer was a great favorite in Charlottetown, both in church, philanthropic and social circles; but what is Charlottetown's loss is Moncton's gain, and THE EXAMINER joins with their many friends, here and elsewhere, in wishing Mr. and Mrs. Jones a happy and prosperous voyage through life.

## SPRING TROUBLES.

The troubles of Spring that you see are less dangerous than those you can't see, but which are there just the same. The Spring air is full of germs of disease, which have been freed from their congealed state by the warm spring sun. You cannot see them, yet only strong and healthful persons can withstand their attack. Abbey's Effervescent Salt makes healthful systems, purifies the blood, strengthens the nerves, and gives energy to the worker. It is the greatest preventive of disease known.

J. A. S. Brunelle, M. D., C. M., Montreal, Professor of Surgery, Laval University Medical Faculty; Surgeon to the Hotel Dieu, etc., says: "I have found it particularly beneficial in the treatment of derangements of the liver and of the digestive organs, and consider that the regular use of a preparation of this nature has a decided tendency to prolong life. I am using it in my hospital practice."

## MARRIED.

At the First Methodist Church, on Thursday, May 18th, by Rev George M. Campbell, Frederick Cannon Jones, of Moncton, to Emma Amelia, youngest daughter of the late Hon Henry Beer.

## DIED.

Entered into rest at his home, New Haven, Wednesday evening the 17th inst., Talmage R. McMillan, in the 21st year of his age.

(Funeral will take place Saturday at 2 o'clock, p. m., to cemetery at Clyde River.)

Arbor day next Friday, 19th inst. Owners of town lots could enhance the value of their property largely by planting ornamental trees. Five dollars expended in this way will make your property very much more valuable the first year, and in five years the same trees could not be bought for fifty. There are many trees in the city that twenty-five dollars would be no inducement to the owners to part with them, and it is almost a sin of omission to leave your nice grounds (in every other respect) bare of ornamental trees and shrubbery. Now is the time to plant, and the writer of the above would not be doing his duty if he did not direct the public where to procure them. We have a very fine selected stock of Horse chestnut, Elm, Mountain Ash, Lime, Silver Maple, at 25c to 35c each. Weeping Willow 65c each, also Apple trees 20c each, \$2.00 per dozen, Plum 35c, cherry 25c. The trees are hardy, the prices are right—call at the market or send in your orders.—Address, J. J. Gay & Son, Nursery Gardeners, Charlottetown, Telephone 180. 2in.

## LOCAL NOTICES.

FRUIT GROWERS.—Mr. G. E. Kinsman, sent to this province by the Minister of Agriculture for spraying, grafting and pruning fruit trees, will be at Mr. Mason's orchard, Royalty, (lately Mr. Benjamin E. Wright's) on Saturday next 20th inst., at 9 o'clock continuing all day where an object lesson will await all who choose to attend. 2in.
