

**Two Yanks Want
Dr. Erdos Back**

CINCINNATI (AP)—Two members of the American Mathematical Society Wednesday urged renewed efforts to get a well-known Hungarian mathematician back to his job in the United States. They said he was at the University of Toronto.

The discussion of the plight of Dr. Paul Erdos, 45, came at the annual meeting of the society here. Dr. Erdos, formerly a professor at Notre Dame University, left the United States in 1945 for an international mathematical congress in Amsterdam.

Dr. J. W. Green, society secretary, said Dr. Erdos did not get a re-entry permit and has been denied readmission to the United States. Dr. Green, professor of mathematics at the University of California at Los Angeles, said a group of Dr. Erdos' friends raised funds to hire a lawyer to handle the case but the money has been used up.

Dr. N. D. Kazarihoff, mathematics professor at the University of Michigan, described Dr. Erdos as "one of the world's foremost numbers theorists," and said the society should do everything it can to get him back to the U.S.

**Quit Search For
Radium Needles**

INVERCARGILL, N. Y. (Reuters)—Two radium needles believed to have been thrown out with trash from a local hospital and deposited in a city dump are there to stay.

Officials of the hospital say they searched the dump with special detection equipment but were unable to find the needles. "If the needles are in the dump," said an official, "they are buried deep enough to be safe—providing they are left undisturbed."

"The trouble is the needles will remain active for generations to come and could be dangerous if dug up again in the future."

The hospital's board reported the loss as a warning to future generations to refrain from digging too deeply into the dump.

**Bethlehem Steel
Earnings Higher**

NEW YORK (AP)—Bethlehem Steel Corp. Thursday reported record net income of \$191,025,933, equal to \$4.13 a share, for 1957. This compared with a 1956 net income of \$161,411,625, equal to \$3.47 a share, after giving effect to a four-for-one stock split.

Earnings in 1956 were hurt by a prolonged steel strike. The previous record net income was in 1955 when the company earned \$130,192,000, which was equal to \$3.00 a share on the 9,597,000 shares outstanding at that time.

Directors declared a dividend of 60 cents a share on the common stock, payable March 5 to stockholders of record Feb. 10. The company paid 60 cents at this time last year and in each quarter of last year.

**Russia May
Have ICBM's
Ready In July**

WASHINGTON (AP)—Congress has been told that Russia may be able to fire some war-ready intercontinental ballistic missiles as early as July. That is some four years ahead of army estimates of when the United States may have defenses against them.

The appraisal was given the House of Representatives armed services committee at a secret session last week by Maj. Gen. Dwight E. Beach, army director of guided missiles, and Gen. Lyman L. Lemnitzer, acting chief of staff. Their testimony, heavily censored, was made public Thursday.

Beach said his understanding was that "the very earliest" the Soviet ICBM could be operational would be July, 1958. Army Secretary Wilber Brucker had testified earlier there is no longer any doubt the Soviets have test-fired one or two ICBMs. Such missiles have ranged up to 5,500 miles and are intended to carry nuclear warheads.

Maj. Gen. John P. Daley, army director of special weapons, testified last week that the army could provide a "significant" defence against ICBMs by 1962 if it speeded up its development of the Nike-Zeus anti-missile missile.

See Here! Shop Here! Save Here!

A community is only as successful as the people who make it up. And no matter what the city fathers plan for the development and growth of this community, it's squarely up to you to help these plans to materialize. Yes, it's up to the citizens of this area to support local business. It's the money you spend here, that stays in our own yard and works for us with better civic improvements, and facilities that benefits one and all. Don't be fooled by misleading statements by other shopping areas. When you look for values, you'll find them right here in your own community. Local merchandise at the same fair prices, you might find anywhere. That's why we say, know your neighbour. He's the man that pays his taxes. He's interested in community progress and welfare and in the constant improvement of his home grounds. He's the man with the young ideas for getting ahead.
