The Glasgow (Scotland) Herald of the ... October, has the following concerning the ship "Baron Clyde," which our readers will recollect was sold at St. Pierre for the benefit of the Underwriters, and bought by parties in Charlottetown. The vessel was refitted here, and afterwards went to Shediac to load for Glasgow:

THE SHIP BARON CLYDE.—This large ship arrived at the Tail of the Bank on Wednesday night, and was yesterday taken alongside the Victoria Wharf to discharge. The Baron Clyde is a Quebec built ship, registers 1152 tons, and is about seven years old. She left Shediac, N. B., on 14th August, bound to Clyde, under the command of Capt. Murchison, and experienced fine weather until off Cape Breton, when she encountered a severe gale off that headland on the 23rd August. The ship suddenly sprung a leak, when the master put into Sydney on the 24th August, but being unable to get the necessary repairs executed at that port, she put back to Charlottetown, Prince Edward Island, where she shipped a number of extra hands to work the ship, the leak continuing and no means obtainable to get it stopped. The ship was, however, inspected by a diver, who gave it as his opinion that it was quite safe to proceed in. She again left on the 9th Sept., and experienced average weather till she entered the Channel. All went well until the vessel ran foul of the brigantine Crescent, off Corsewall, on Wednesday. The only damage sustained by the Baron Clyde during the collision was the carrying away of her fore sheets. Two hours after the collision she was taken in tow by two tugs, but the weather becoming stormy, they came to anchor in Campbeltown Bay. The weather having again moderated, she left Campbeltown on Saturday, the wind being S. W., and proceeded through the Sound of Kilbrannan. About six o'clock, P. M., the wind veered round to the east, and the captain was compelled to anchor in Lochranza Bay till Sunday at two o'clock, when the Baron Clyde again proceeded in tow of the two tugs; but about 11 A. M. the wind again freshened from S. S. W., and the tugs had to be detached. When off Garroch Head the ship would not "wear round," and it was found necessary to cut away the mizenmast to enable her to get more head sail. This permitted her to clear the head land, but she drifted on shore shortly afterwards, and remained thumping on the rocks for nearly four hours; but, as the tide was flowing, and the wind fortunately veering round to the east, the ship backed off, and drifted out to sea. The crew were engaged during the remainder of the night in cutting away the wreck. The starboard boat was stove in when the mast came down. No one was hurt, however, and the ship was brought back to Lochranza early in the morning waterlogged. The captain then proceeded to Greenock and got three tugs, when the ship was safely moored alongside yesterday. The Baron Clyde lost her fore and maintopmasts, and had some of her sails split during the gale.

THE ORIGIN OF HAND-SHAKING.—The Romans had a goddess whose name was Fides, or Fidelity—a goddess of "faith and honesty"—to whom Numa was the first to pay Divine honours. Her only dress was a white veil, expressive of frankness, candor, and modesty, and her symbol was two right hands joined, or sometimes two figures holding each other by the right hand; whence, in all agreements among the Greeks and Romans, it was usual for the parties to take each other by the hand, as a token of their intention to adhere to the compact; and this custom is in more general use, even among ourselves at the present day, than would at first thought be realized.

NO HUMBUG.—Rev. R. H. Pollock, Cincinnati, Ohio, writes:—"*It is my settled policy to recommend nothing till I know it is what it purports to be. Having opportunity, and becoming satisfied of the merits of Mrs. S. A. Allen's World's Hair Restorer and Zylobalsamum, I can confidently recommend them.*"

Mayor's office, November 11th, 1863.

The sale of the Plantation Bitters is without precedent in the history of the world. There is no secret in the matter. They are at once the most speedy, strengthening health restorer ever discovered. It requires but a single trial to understand this. Their purity can always be relied upon. They are composed of the celebrated Calisaya Bark, Cascarilla Bark, Dandelion, Chamomile, Flowers, Lavender Flowers, Wintergreen, Anise, Clover Buds, Orange-peel, Snake-root, Caraway, Coriander, Burdock.

S.—T.—1860—X. &c.

They are especially recommended to clergymen, public speakers, and persons of literary habits and sedentary life, who require free digestion, a relish for food, and clear mental faculties.

Delicate females and weak persons are certain to find in these Bitters what they have so long looked for.

They purify, strengthen and invigorate.
They create a healthy appetite.
They are an antidote to change of water and diet.
They overcome effects of dissipation and late hours.
They strengthen the system and enliven the mind.
They prevent miasmatic and intermittent fevers.
They purify the breath and acidity of the stomach.
They cure Dyspepsia and Constipation.
They cure Diarrhœ, Cholera and Cholera Morbus.
They cure LiverComplaint and Nervous Headache.
They are the best Bitters in the world. They make the weak man strong, and are exhausted nature's great restorer.

The following startling and emphatic statements can be seen at our office.

Letter of Rev. E F. Crane, Chaplain of the 107th New-York Regiment:

NEAR ACQUIA CREEK, March 4th, 1863.

Owing to the great exposure and terrible decomposition after the battle of Antietam, I was utterly prostrated and very sick. My stomach would not retain medicine. An article called Plantation Bitters, prepared by Dr. Drake, of New York, was prescribed to give me strength and an appetite. To my great surprise they gave me immediate relief. Two bottles almost allowed me to join my regiment. * * * * I have since seen them used in many cases, and am free to say, for hospital or private purposes, I know of nothing like them.

REV. E. F. CRANE, Chaplain.

Letter from the Rev. N. E. GILDS, St. Clairsville, Pa.:

GENTLEMEN:—You were kind enough, on a former occasion, to send me a half dozen bottles of Plantation Bitters for $3 50. My wife having derived much benefit from the use of these Bitters, I desire her to continue them, and you will please send us six bottles more for the money inclosed.

I am, very truly, yours,
N. E. GILDS, Pastor Ger. Ref. Church.

SOLDIERS' HOME, Superintendent's Office, CINCINNATI, Ohio, Jan. 15th, 1863.

* * * * * I have given your Plantation Bitters to hundreds of our noble soldiers who stop here, more or less disabled from various causes, and the effect is marvellous and gratifying.

Such a preparation as this is I heartily wish in every family, in every hospital, and at hand on every battle field.

G. W. D. ANDREWS, Superintendent.

Dr. W. A. CHILDS, Surgeon of the Tenth Vermont Regiment, writes:—"I wish every soldier had a bottle of Plantation Bitters. They are the most effective, perfect, and harmless tonic I ever used."

WILLARD'S HOTEL, WASHINGTON, D. C., May 22d, 1863.

GENTLEMEN:—We require another supply of your Plantation Bitters, the popularity of which daily increases with the guests of our house.

Respectfully,
SYKES, CHADWICK & CO.
&c. &c. &c. &c.

Be sure that every bottle bears the fac-simile of our signature on a steel plate label, with our private stamp over the cork.

UNION BANK
OF
PRINCE EDWARD ISLAND.
Incorporated by Act of Colonial Legislature.

Capital Thirty Thousand pounds Currency, in 3,000 shares of Ten pounds each, payable by instalments in three years.

PROVISIONAL MANAGING COMMITTEE.

C. Palmer, Chairman,	Hon. W. W. Lord, M.L.C.
Hon. G. Beer, M.L.C.	Hon. J. Pope, M. P. P.
Henry Haszard, Esq.,	Geo. F. C. Lowden, Esq.,
W. E. Dawson, Esq.,	William Heard, Esq.,
James D. Mason, Esq.,	Thomas Dodd, Esq.,
Alfred Phillips, Esq.,	Wm. R. Watson, Esq.,
J. A. Darcy, Esq.,	Owen Connelly, Esq.
George Davies, Esq.,	

THIS BANK is formed to supply an addition to the money circulation of this Island, the want of which has for some time been sensibly felt. It is the natural consequence of an increasing population, an expanding Commerce, and of the enlarged production of an industrious and energetic people. Incredible as it may seem, until the year 1855, there never was a Bank established in this Island; in that year, under the pressure of a similar necessity, the Bank of Prince Edward Island was called into existence; and while it has facilitated the trade and commercial business generally, it has largely contributed to the developement of the resources of the Country, and its results are supposed to have been satisfactory to the Shareholders, having for some years past paid them an annual dividend of ten per cent.

The increase in the population since the year 1855, the large addition to our trade and commerce, the increasing Revenue, the breadth of arable land cleared and cultivated, the growing increase of farming stock, the augmented export of grain and agricultural produce of all kinds, have rendered further Banking operations in this Island absolutely necessary.

It appears from the census of 1860, and from other authentic sources, that in the preceding five years the increase in the population of this Island was 9 361 persons; increase of breadth of land under cultivation 45,000 acres; increase in the quantity of roots and cereals exported 842,000 bush. That in the year 1861, the Imports amounted to £314,902, currency; the Exports, including shipping, to £343,421, currency, (showing a balance of trade in favour of the Island.) That in twenty years, from 1839 to 1859, the revenue more than doubled itself, the figures being, in 1839 £17,011; in 1859 £41,000.

Whilst to carry on this additional trade, the public Banking accommodation up to 1855 was nil, and since that time it has never exceeded £52,000 per annum, or about thirteen shillings per head for the population, a sum so small as to be almost incredible; while the Banking accommodation of the neighbouring Province of New Brunswick, it is believed, amounts to thirty shillings per head.

The effect of the large additions above referred to, has been an increasing annual demand for Discount, and for a larger amount of Circulation or Floating Capital; but as the Bank of Prince Edward Island did not provide this, the Public in their necessity were driven to the private discounter for accommodation, at very heavy rates, and it has been estimated that at these rates a sum nearly equal to the Capital of the proposed Bank is annually discounted.

Deeply impressed with the importance of this evil, and feeling that there is in this Island an ample field for the secure and profitable action of a second Bank, the promoters have set on foot the proposed Establishment; and in submitting this prospectus to the Foreign as well as Island Capitalists, as a safe and profitable investment, they beg to refer to the Act of Incorporation of the Union Bank, now before the Legislature, and to those parts of it especially intended for the security of Shareholders and the public generally, namely, Section 18th, whereby Stockholders are declared personally liable for redemption of all Bills issued by the Corporation, and all debts due thereby in proportion to the Stock they respectively hold; but no Stockholder shall be liable for any sum exceeding twice the amount of his Stock, in addition to the Stock held by him.

And also Section 20, wherein it is enacted that the total amount of debts (deposits excepted) which the Bank shall at any time owe, shall not exceed three times the amount of the Capital Stock paid in. The Directors being made liable in their private capacities for any excess.

Subscription lists for Stocktakers (already largely subscribed for) are in the hands of each of the provisional committee.

Charlottetown, April 20, 1863.
