A Toronto widow named Ford has been awarded \$600 damages for injuries sustained through falling over a defective sidewalk.

CRICKET MATCH.—A two-innings match will be played at the Park on Wednesday, July 1st. Further particulars to-morrow.

OUT of 1802 newspapers started in the United States last year, only 314 have survived the trials and tribulations of infancy.

AN American soldier named Hinkle has become insane through the excessive use of tobacco. He is said to have chewed over ten pounds a month.

HANLAN and Teemer are matched to row five races. No waters are named as yet, but it is thought the races will be divided up between New York, Buffalo, Boston and St. Louis.

NEW HOPE is the name of a pacer who recently made a mile in 2 1/4 at the Chicago Driving Park. He is now valued at \$4,000, but last spring he was bought off an Iowa farm for \$85.

A THREE-YEAR-OLD CHILD was found in a farmyard in Owen Township, Iowa, one day last week. It is supposed to have been dropped by a cyclone which recently passed over that neighborhood.

THE barns of Mr. William Fife, at New London, were destroyed by fire on Thursday morning last. The fire is supposed to have been set by some tramps, who were smoking in the stack yard. The barns were insured for \$500.

The attraction for this evening is the Roller Rink. A first-class programme has been prepared by the Band of the 52nd Battalion and a good time may be expected. After this evening the rink will be closed until further notice.

The cyclone season has opened successfully in the Western States. Whole villages have been devastated, schooners sunk while lying at anchor, and other damage of a more or less serious nature done. It is said that in some sections of the West the cyclone cellar has become a necessary adjunct in every well-regulated household.

J. C. FORBES, the celebrated Canadian artist, was attacked with hemorrhage of the nose two days since, and is rapidly bleeding to death. He had been suffering from catarrh and injected patent medicines, which has so eaten away the covering of the arteries of the nose that they burst and all efforts of his medical attendants to check the flow of blood have failed.

REPORTS from the north, says the North Sydney Herald, are to the effect that the cod fishery during the past few weeks has been excellent. At Ingonish and Cape North the boats average from six to eight quintals daily. The catch of herring and mackerel is also good, but salmon are scarce. The fishery this season in St. Peter's Bay is a failure. At Apschal and L'Escoisse fair catches have been made.

SALMON.—The present year is memorable for the great run of salmon in Maritime waters. While the catch has not been phenomenal in any particular section, it has been much larger than usual down the bay as well as at the North Shore. In all the rivers where salmon are wont to resort many have been taken with the fly. The Telegraph says: "This noble fish is now sold in St. John cheaper than for many years."

THE steamers Ulunda and Carroll, which left Halifax for Boston on Saturday last took full cargoes of fish, the last catches before the American duties are put on. A Halifax despatch says: "There is lively competition in passenger rates to Boston and a war of rates has been inaugurated. The new Halifax line advertises cut rates of three dollars for steerage passengers from Halifax to Boston, over 400 miles, and it is predicted that first-class fares will soon be down to four dollars, and steerage fares to one dollar."

A VALUABLE COW.—A grade Ayrshire cow, owned by E. Hiltz, Kentville, N. S., gave two following yields of milk during the first seven days of June, the milk being of an extra quality:

Table with 2 columns: Day, Yield. Monday, June 1st, gave 49 lbs. Tuesday, " 2nd, " 49 lbs. Wednesday, " 3rd, " 43 lbs. Thursday, " 4th, " 45 lbs. Friday, " 5th, " 46 lbs. Saturday, " 6th, " 47 lbs. Sunday, " 7th, " 48 lbs.

Total in seven days, 327 lbs., or an average of 46 2/3 lbs. per day.

CRICKET.—There was a very interesting game of cricket played at the Park on Saturday afternoon. There were full sides of eleven each, and the game lasted three hours. Of the 80 runs scored by the side which went first to the bat, V. Longworth contributed 27, W. A. Weeks 18, and D. Cameron 11. There were 9 extras. Of the 99 runs made by the other side, H. Hobkirk contributed 26, Dr. Warburton 12, Fritz Moore 11, and Hooper Robinson 10. There were 13 extras. It is evident that a good eleven can be chosen this year from the membership of the Club to meet the officers of the Northampton, should a match be arranged with them during the call of the flagship at this port.

SAD FORTUNES OF A COW.—One day last week the tide stranded the body of a cow on the Park shore. The keeper of the Park refused to have anything to do with the gitt and tried to induce the ebb-tide to carry it out again. The tide, however, also refused to claim the waf, and deposited it again this time, fortunately, for the Park Keeper, on the Government shore. Its position here aroused the ire of a correspondent of THE EXAMINER, and at once, if not sooner, several shovel-fuls of kindly earth hid the monster from sight. It was enough to have the old route to the Park closed, forcing pedestrians to take the shore. But any more incidents like the above will render a "subway" absolutely necessary.

HON JOHN B. FINCH.—Arrangements are being completed for securing the services of the above celebrated Temperance and Prohibition orator to deliver a course of lectures in this city, commencing on July 13th. It is not often that the people of Charlottetown have an opportunity of listening to a man who has, by his talents as an orator, obtained world-wide reputation. To the efforts of the Hon. J. B. Finch were largely due the overwhelming majority received in the State of Maine about a year ago on the Maine Liquor Law. During the recent Presidential campaign, the State of New York was assigned to Mr. Finch as his field of labor on behalf of Governor St. John, the Prohibition candidate. The large Prohibition vote given was due to his efforts, and conceded to be the most prominent factor in the defeat of the Republican candidate.

ALL tobaccos except the finest Virginia have a pungent effect upon the tongue and will smart if the smoking is long continued. Some of them even will blister it, or at least destroy its outer skin at the point where the smoke impinges upon it. The "Myrtle Navy" is entirely free from this defect, which, together with its fine full flavor makes it a great favorite with smokers.

We regret to learn that Mr. W. B. Harshman, of the New London Packing Co., met with a serious accident on Thursday last. While driving to Park Corner his horse ran away, the carriage upset, and Mr. Harshman was thrown violently to the ground. Medical aid was procured and he was carried to Mr. McLeod's factory where he still lies in a precarious condition.

It is not often such an opportunity will present itself to the public at so little cost, to see the country, administer to the wants of the inner man, and have generally such a day of unalloyed pleasure as will be afforded on Tuesday, the 7th July next. Well-stocked refreshment saloons, erected on a figurative scale, will be on the grounds, and the services of the best musicians in the Province have been secured for the dancing platform.

In reply to a manifesto by Cardinal Pitra supporting the intransigent press in various countries in stating that the church is going to wreck and ruin under the present Pope's direction as compared with that of the former, Pope Leo has written to Cardinal Guibert strongly asserting his right to enforce uncompromising obedience to the reigning Pontiff. The letter has created a sensation. Cardinal Pitra has written to the Pope a humble submission.

SPECIAL PRIZES FOR THE P. E. ISLAND EXHIBITION, 1885.—Gentleman who purpose contributing towards the success of this exhibition by awarding special prizes in the different classes, will please notify the Secretary to the effect at their earliest convenience. The prize list is now in the hands of the publisher, and will be ready for distribution in a few days. Those special prizes are an interesting feature in exhibitions. It is pleasing to note that the enterprising firm of Norton Bros. have already signified their intention to repeat their special prize of last year, \$50, for the encouragement of the carriage class.

PROF. ZERA AND THE ROYAL MARIONETTES.—This celebrated organization will appear at the Market Hall for four nights, beginning Wednesday, July 1st. Of Prof. Zera we can say no more than he had here before and gave all he promised. The Marionettes are said to be a wonderful show in themselves, giving minstrel, vaudeville and the comical Pantomime Humpty Dumpty. They carry a carload of scenery which is said to be something grand. Besides this wonderful entertainment, there will be given away one hundred elegant and valuable presents at each show. This being the first entertainment here this season, and the attractions offered, we doubt not but the hall will be crowded at each show. The admission has been placed from 25 to 35 cents.

CHILDREN'S SERVICE.—The "Children's Service" in St. James' Church on Sabbath morning was largely attended. The Sabbath School scholars, who were out in full force with their teachers, occupied the front and side gallery of the Church. They joined heartily in singing the hymns which were selected specially for the occasion, and also took part with the Pastor in reading the Scripture lessons. The sermon was from the Song of Solomon ii, 15: "Take us the foxes, the little foxes that spoil our vines; for our vines have tender grapes." In it the preacher pointed out to the children a number of little foxes, or little sins, which, if not taken now and destroyed, would spoil and ruin their prospects for this world and also the world to come. He also laid down a number of "little duties" which must be attended to in the morning of life. They must begin life well if they would end it well, and must remember their Creator in the days of their youth. The illustrations used were apt and telling, and the discourse could not fail to be productive of good. The whole service was impressive to young and old alike.

DEPART.

At Fortune, June 21st, after a lingering illness of eighteen months, which she bore with patient submission to the Divine Will, Lottie A. Needham, youngest daughter of James Needham, aged 16 years. The deceased leaves a father and mother, three brothers and two sisters to mourn her loss. Her end was peace.

Safe in the arms of Jesus, Safe on the golden shore, Never again to be weary, Never to sorrow more. Calmly she talked of going, Bade us a last good-bye, Sadly we gazed on our loved one, Knowing the "Keeper" was nigh. Never a sigh she needed, Never a falling tear, Weep for the hearts that are mourning, Lonely and desolate here. We know that beyond she is waiting, The portals are open wide, We'll live that at last we may meet her, Our darling that faded and died.
