B. C., Man. Give Partial Support To Agreed Charges

OTTAWA (CP) —British Columbia and Manitoba have given partial support to a proposed CPR-CNR forumla to give Canadian railways greater freedom to make agreed charge contracts with shippers.

The two provinces also urged the repeal of federal legislation enacted in 1951 to give Alberta points a share in low trans-continental freight rates.

The suggestions of the two provinces were placed before a royal commission investigating the agreed charge method of setting freight rates. Spokesmen were C W. Brazier, counsel for B. C., and C. D. Shepard, counsel for Manitoba. Agreed charges are special low contract rates given by the railways in return for a guaranteed percentage of a shipper's business.

The railways have asked the ccommission to recommend legislation to speed transport board approval of agreed charge contracts to enable them to meet increasing truck competition.

The CPR and CNR want contracts to become effective without a public hearing 15 days after they are filed with the board. At present contracts must be filed with the board 30 days before a public hearing takes place.

Dominion Rubber Textile Division Strike Settled

KITCHENER, Ont., (CP)—The eight-week strike at Dominion Rubber Company's textile division ended Thursday with the signing of an agreement between the division's general manager M. H. Hudspeth, and Harold Tischart, president of Local 296, United Rubber Cork, Linoleum and Plastic Workers CIO-CCL.

The agreement calls for an increase in the company payment to the welfare fund, formerly split equally between the company and employees. Under the new plan, the company will contribute $8.93 a month to the fund for each employee and each employee $1.95. The agreement represents an increase of 1 1/2 cents from the company.

The company also agreed to pay a bulk sum of $11.70 a month to each employee, either in cash or to the union as the members specify. A concession granted to the company is a drop of $1.000 in the life insurance coverage for employees. The new agreement calls for a $1,000 life insurance policy, which represents a half cent drop in wages.

The strike involved 110 workers. Basic wage rate was $1.52 to $1.55 an hour.

Sydney Steel Men To Vote Tuesday

SYDNEY (CP) — This Cape Breton city's 4,500 union steelworkers will vote next Tuesday on whether to accept the findings of a conciliation board which recommended a five-cent hourly wage increase.

The date for the referendum on the report of judge A. H. MacKinnon's board was fixed at a meeting Tuesday night of local 1064 of the United Steelworkers Union (CIO-CCL). The proposed increase would hike the hourly rate to $1.48½.

The conciliation board also suggested various fringe benefits and that a contract to replace the one that expired last March 31 be for a two-year period.

Workers at the Sydney steel plant where nearly one - quarter of Canada's finished steel products are made, will vote from 8 a.m. Tuesday to 8 a.m. Wednesday.

The union executive has recommended acceptance although it had sought a boost of 8 1-2 cents.
